OUR MOTTO.

"We will speak out; we will be heard
Though all earth's systems crack;
We will not hate a single word
Nor take a letter back.

We speak the truth and what care we
For hissing and for scorn,
While some faint gleanings we can see
Of freedom's coming morn?

Let liars fear, let cowards shrink,
Let traitors turn away;
Whatever we have dared to think
That dared we also say."

Some of our exchanges are still
swearing by Cook. But not we,
Pauline. We have had enough.

The Record believes in and advocates
good roads, but up to this hour
its converts are but few, or are both
deaf and dumb.

Seems that the pellegra and hook-
worm business is dying down some-
what since Johnny gave that mil-
lion. By the way, what has become
of the hoodle?

The next census ought to give
Mocksville 1,500 population. We
could even double that if the fellows
who gave Greensboro 42,000 popu-
lation could be located.

We are thinking of running for
the legislature on the "pie brigade
ticket" this fall. If any one has any
objections to our making the race,
let him speak now or forever hold
his peace.

Boys, remember that this is the
year you have to hustle up your poll
tax money before the first of May
or there's nothing doing in Novem-
ber. We mention this just to fill
up space.

The Charlotte Observer said Fri-
day that Marion wanted a pants fac-
tory. It might have added that
Mocksville wants a cotton mill, a
table factory and a morning train
from Winston to Charlotte.

We don't know the meanest man
in the world, but we have found a
near relative in the man who takes
his local paper for two or three
years on credit and then marks
"refused" on it. We are sometimes
glad there is a devil, and this is one
of the occasions.

If there are as many cases of
smallpox around Farmington as re-
ported, it seems to us that Mock-
sville should quarantine against that
section, and do it quickly. All per-
sons are hereby warned not to send
us money that has been anywhere
near a smallpox patient without first
having it sterilized and vaccinated.

The Farmer's Union is a good or-
ganization, and in our opinion they
are striving for the betterment of
not only the farmer but the whole
country. The greatest detriment to
such an organization is that wolver
with sheep's clothing are always
slipping in. But we trust that this
organization will continue to pro-
per and never let politics enter its
portals.

Some people seem to think an edi-
tor has no heart or feelings to be
trampled on and hurt. Last week
we sent a gentleman, whom we had
always considered a friend, a sam-
ple copy of our paper, trusting that
he would read it and mayhap sub-
scribe. We knew that the gentle-
man belonged to a different party,
church and secret organization than
that of the editor, but knowing that
the paper contained nothing that
would offend even the rankest poli-
tician and the greatest sectarian, we
thought of course that he would at
least look it over with due consid-
eration. But not so. He refused to

even take the paper out of the post-
office, and it was returned to us with
"refused" written on it. Probably
the gentleman did not consider that
he was hurting the editor, but he
was, nevertheless. We seldom air
our troubles before the public, but
this case seems to demand it. We
have been in the newspaper business
for many years, and never, in our
recollection have we knowingly of-
fended through our paper any man
just because he didn't vote and think
as we did. We feel sorry for the
gentleman who refused to accept the
gift we tried to make him. We had
labored hard for six days to get out
a paper that would interest the peo-
ple—not the Republicans and Bap-
tists, but the people of all parties,
denominations and organizations.
Little did we dream as we inscribed
the gentleman's name on a copy of
our flag of freedom, that ere the
sitting of more than two suns, it
would return to us unhonored and
unsung. But such is life.

Treated Them Right.

Winston Sentinel.
News has reached the city of an
encounter in Davie county last
Sunday, in which two men were
wounded by Mr. W. A. Bailey. It
is alleged that two men who had
been fishing in the vicinity came
by and Mr. Bailey asked them to
stop with him, as the ice was so
heavy that they could not very
well cross the river. The men,
whose names could not be learned,
accepted the invitation and Mr.
Bailey sent them to a house near
by and sent a colored man along
with them to build a fire. Pres-
ently Mr. Bailey heard the negro
screaming and ran to the house
and found that the two men had
jumped on him. One of the men,
it is alleged, struck Mr. Bailey
with a pair of knucks and it is
said Mr. Bailey secured a stick of
wood and laid both of them out
and took a pistol away from one of
them.

Rowan Items.

Weddings have been on a boom
in this section. Rev. R. L. Brown
married four couples in December.
The college and seminary girls
and boys have come home to en-
joy Christmas, and have returned
to their respective schools.
On the 5th inst., the clothes of
the 3 year-old son of John Lyerly
caught fire from the stove. He
died in a few hours.

house of Mr. Palmer, of Rockwell,
was consumed by fire with nearly
all the contents. The insurance
expired just a few days before.
If our Kappa brother will read
Gen. 7:23, he will find what the
Bible says about the beasts that
went into the ark. As to the cre-
ation of Adam on the 6th day,
would say yes. In Gen. 2:21, etc.,
we read that God took a rib from
Adam and made a woman. Was
Eve made on the 6th day?
OBSERVER.

Reedy Creek News.

Only got mail three days last week on
account of ice in the Yadkin river. Some
of the ferrymen are more afraid of the
river than they are of the devil.
Miss Cora Zimmerman and Mr. Marshall
Sain were married during the holidays.
Miss Cora subscribed for The Record last
July. I told her she would be married in
twelve months. Five others subscribed,
the same day and all are now married
except Elias Hill, who is 52 years old and
never saw a Christmas tree until this
Christmas, when he saw one at Elbaville.
I have a rabbit foot for one of my old
maids to put in her rat for him, and by
this time next year she will be going with
him to his fish trap, singing, "Bye my lov-
er, good-bye."
Joe Waiser, one of Mr. Crotts' bachel-
ors, fell in the river at Ellis' ferry Christ-
mas day. He fell out of the boat, but no
damage done gave a good soaking.

have been sick, but are better, glad to note.
One of J. G. Hege's sons, of near Arca-
dia, has smallpox. He is at Boss Hege's.
Misses Lelia, Ida, Vick and Mr. E. C.
Eyerly, all school teachers, spent the hol-
idays with their industrious parents, Mr.
and Mrs. Wesley Byerly.
John Bailey, carrier on Route 2, from
Walnut Cove, was picked up by June Bur-
ton and others, on his round Dec. 28. He
had fell out of his buggy almost frozen to
death. In the same neighborhood Mr.
Walker Neal says his well was frozen over
so a bucket would not sink. That must

Not Sisters

Now and again you see two women pass-
ing down the street who look like sisters.
You are astonished to learn that they are
mother and daughter, and you realize that
a woman at forty or forty-five ought to be
at her finest and fairest. Why isn't it so?
The general health of woman is so in-
timately associated with the local health
of the essentially feminine organs that
there can be no red cheeks and round
form where there is female weakness.

Women who have suffered from
this trouble have found prompt
relief and cure in the use of Dr.
Pierce's Favorite Prescription. It gives vigor and vitality to the
organs of womanhood. It clears the complexion, brightens the
eyes and reddens the cheeks.
No alcohol, or habit-forming drugs is contained in "Favorite Prescription."
Any sick woman may consult Dr. Pierce by letter, free. Every letter is
held as sacredly confidential, and answered in a plain envelope. Address:

HIKI.

Sure Cure For Smallpox and Scar- let Fever.

The following smallpox remedy
was given to the public by a cor-
respondent of the Stockton (Cal.)
Herald, who says: "I hereby ap-
pend a recipe which has been used
to my knowledge, in hundreds of
cases. It will prevent or cure
smallpox, though the pittings are
filling. It will also cure scarlet
fever. Here is the recipe as I have
used it to cure smallpox. When
learned physicians said the patient
must die, it cured: Sulphate of
zinc, one grain; foxglove (digitalis)
one grain; half a teaspoonful of sug-
ar. Mix with two tablespoon-
fuls of water. When thoroughly
mixed, add four ounces of water.
Take a teaspoonful every hour.
Either disease will disappear in
twelve hours. For a child, small-
er doses according to its age. If
countries would compel physicians
to use this, there would be no need
of pest-houses. If you value ad-
vice, use this for that terrible dis-
ease." The correct dose is: Six
months old 5 drops; 3 years old 15
drops; 6 years old 20 drops; 12
years old 30 drops; 13 years old
40 drops. 60 drops is a teaspoon-
ful. Try this remedy.

Cotton May Go to 20 Cents.

Charlotte Observer.
Just now there is little telling
where cotton will go before another
large crop is grown. Twenty
cents appears almost a certainty if
speculation is active. A few of
the extremists are predicting 25
cent cotton but such ideas are
slightly entertained by the more
conservative leaders. The lofty
levels of the spot market will have
the effect of enforcing curtailment
the like of which has never been
known before.
