

THE DAVIE RECORD.

C. FRANK STROUD - - Editor.

OFFICE--Second Story Angel Building, Main St.

Entered at the Postoffice in Mocksville, N. C., as Second-class Mail matter, March 3, 1903.

TERMS OF SUBSCRIPTION:

One Year, in Advance50c
Six Months, in Advance.....25c

WEDNESDAY, MAY 25, 1910.

There are lots of people who think they are worth thousands that wouldn't bring 30 cents at public auction.

The season of peek-a-boo waisis, low shoes and drop-stitch hosiery is upon us, and the summer hats cap the whole stack.

That Raleigh muddle that was stirred by Josephus raised a mighty big stench, and Wake county may go Republican as a result.

The comet did not destroy the earth and the inhabitants thereof, neither did it refresh the memory of the delinquent subscribers.

The most despicable thing in this world is a dude and a young lady with the big head. Thank the Lord, we haven't but few in our midst.

We don't know it all, but we claim to know more than some of the smart Alecks who think they own the town and have the job of running it.

We hope that John M. Morehead will be the next Republican State Chairman. No Holton for us. He needs a rest, anyhow, after hanging on to the pie counter for twelve years.

The campaign season draweth nigh and we have decided not to run on any ticket whatever. Our time will be fully taken up in exposing the rascals in the old parties whenever and wherever we find them. What we want to see is a clean campaign with good, honest men on both tickets—a free ballot and a fair count.

THE NEWS FROM OUR COUNTRY CORRESPONDENTS

What the People all Over the County are Doing

SMITH GROVE

Mr. Lum Sheets and little son, of Winston, was in our burg recently, and while here spent the night with Mr. John Sheek. Mrs. George Williams has been very sick, we are sorry to note, but is improving some at this writing.

Saturday morning there were some little frost, but not enough to do any damage. We are glad to say that Mr. Charles Shackelford, of Redland, who has been sick for several weeks, is improving at this writing.

We are glad to see our friend Mr. J. H. Foster, who has been sick for the past few weeks, is able to be out again.

Mr. Robt. Williams has been on the sick list for a few days.

We were glad to see a little piece from Smith Grove the past week. Silly Bill was too lazy to write anything. Guess Blue Ribbon sent a little piece. That's all right, I like the looks of that Blue Ribbon.

Mr. J. F. Owen tells us that he had watermelon vines ready to run and the frost cut them down last Saturday night. We did not see them, just got his word for it.

We are glad to see the road being worked from our little town to New Cuba. I think it was badly needed.

Miss Sallie Weir, of Farmington, visited Miss Beuleah Sheek recently.

We are sorry to say there has been a great deal of sickness in our burg. It seems that most of the people are having chills.

We want one one and all to remember the second Sunday in June, our Sunday school conference will be held at Smith Grove. We hope all will come out and bring baskets, for there will be morning and evening services.

Mr. John C. Smith was driving along the road near Redland last Saturday morning when his horses became frightened at an automobile and sprang forth to get away from it, breaking out the wagon tongue and wounding one of his horses very badly. Sorry to say, but don't think the horse will ever get over it. Sorry for Mr. Smith and very sorry for the horse. I think the gentlemen in the automobile did very wrong when they saw the horses frightened and did not stop.

WILD BILL.

REEDY CREEK.

Yadkin College commencement will be May 31st.

Mr. Albert went to Winston last week with a load of tobacco and stopped for the night at Mr. Felix Delaps and lost a horse with colic.

Mr. John Hanes now owns the John Zimmerman fine grey horse.

Mr. Tom Wasler and boys have built a nice three room ell to the old Dan Zimmerman house and a lot of other improvements.

Frost bit things up in general May 15 at Reedy Creek.

Neal Myers, colored, had a dog to go mad a few days ago and he got his gun and put it where it did not see the comet pass the sub.

Mr. John N. Myers is still selling the J. I. Nissen Wagons. He sells them on easy terms, and one will last a life time.

Mr. R. Lee Penry spent Sunday up here on his nice farm.

Mr. John Potts and family and Miss Mattie Crofts attended the Advance commencement.

Mr. and Mrs. F. P. Crofts and daughter, Miss Mattie, spent last Friday in Lexington.

Mrs. Walter Delay and little daughter, Alice has had the measles.

Mrs. J. M. Crews is on the sick list, sorry to note.

Little Miss Mary Pickler is visiting her grandparents, Mr. and Mrs. E. Brewer.

J. M. Crews is feasting on new Irish potatoes. Wonder how a new Irish potato would look in an editors mouth.

Our old widowers now when they want to remarry get them a harp and start out. One in this neighborhood 75 years old got one that way, now more are trying it. Old maids if you want a man sing Yankee Doodle and pat your foot.

HIKI

FROM ROWAN.

While Observer has been on a vacation he has not ceased to observe; and while he has been on a visit of several weeks to Faith and in the vicinity of St. Pauls, he has not failed to find many good things in The Record. While we enjoyed our trip nicely, we are at home again enjoying life with usual health.

On the 30th of April we enjoyed a surprise birthday dinner for both of us. Did not get the least whimper of it until company began to come in by crowds

and continued to do so until there were more than one hundred on the ground, including four preachers in the number. Many valuable gifts were presented with some \$10.00 in cash money. We have had several birthday dinners, but never have been taken so much by surprise.

L. D. H. Brown had a child that has been critically ill; took blood poison from a sore on the foot, then gathered under the knee, and was given up by the doctor to be a hopeless case. She is now doing fairly well considering the nature of the case, and unless it breaks out somewhere else, there is a chance for her to get well, but it has drawn her leg crooked. They used poltice made of flax seed meal after hearing of it; it is said that this will kill blood poison in a few days.

Part of the cotton seed have failed to come up, and part of what is up is dying; a bad stand is expected.

The prospects for wheat is still reasonably good.

We have fruit in abundance, and look for a bumper crop if not destroyed.

Mrs. Brown has been eating fresh cabbage from her garden since the last of March.

The Rowan rock quarry has shut down for a time shipments. Some of the quarry hands thought the world was going to an end this week, but they kept on swearing. We imagine some people would swear if they had to be hung.

The air is getting full of political odor in this section, and the Resublicans are going to shake up a vote in the fall that will frighten the old Democratic stand in this county.

OBSERVER.

Do farmers eat the proper sort of food?

The farmer of today buys a much larger proportion of the food that goes on the table than he did ten years ago. It's a good thing that this is so because he has a great variety to select from. He should, however, use great care in selecting for the best results in health and strength.

The widespread tendency in the city to increase the amount of Quaker Oats eaten is due very largely to the recent demonstrations by scientific men that the Quaker Oats fed man is the man with greatest physical endurance and greatest mental vigor.

Farmers should give this subject careful thought and should increase the quantity of Quaker Oats eaten by themselves, their children and the farm hands.

Packed in regular size packages, and in hermetically sealed tins for hot climates.

Patriotism

The stomach is a larger factor in "life, liberty and the pursuit of happiness" than most people are aware. Patriotism can withstand hunger but not dyspepsia. The confirmed dyspeptic "is fit for treason, stratagems and spoils." The man who goes to the front for his country with a weak stomach will be a weak soldier and a fault finder.

A sound stomach makes for good citizenship as well as for health and happiness.

Diseases of the stomach and other organs of digestion and nutrition are promptly and permanently cured by the use of

DR. PIERCE'S GOLDEN MEDICAL DISCOVERY.
It builds up the body with sound flesh and solid muscle.

The dealer who offers a substitute for the "Discovery" is only seeking to make the little more profit realized on the sale of less meritorious preparations.

Dr. Pierce's Common Sense Medical Adviser is sent free on receipt of stamps to pay expense of mailing only. Send 21 one-cent stamps for the paper covered book, or 31 stamps for the cloth bound. Address World's Dispensary Medical Association, R. V. Pierce, M. D., President, Buffalo, N. Y.

The Davie Record, The Toledo Blade and The Yellow Jacket all three papers one year for only one dollar.

Breakfast Cereals

Such as You Will See Listed Below

Shredded Whole Wheat Biscuits served with hot milk, adding a little cream and sugar to taste.

Kellogg's Toasted Corn Flakes are delicious in any and every way.

Post Toasties—the wonder of the age—made of Indian corn, sugar and salt, and is a fine dish; can be served in various ways. We also have some of the Quaker goods, such as Rolled White Oats, Fancy Grits and Pearl Hominy.

Without a doubt our Hecker's Buckwheat Flour for all kinds of pancakes, etc., served with KARO Corn Syrup is the climax.

It is impossible to print all of our line, as space will not permit. Seeing is believing—Then come and see.

Hunt's Cash Grocery

"Quality Goods"

GRAND AUCTION SALE OF CHOICE LOTS
