OUR MOTTO.

"We will speak out; we will be heard
Though all earth's systems crack;
We will not bate a single word
Nor take a letter back.
We speak the truth and what care we
For hissing and for scorn,
While some faint gleamings we can see
Of freedom's coming morn?
Let liars fear, let cowards shrink,
Let traitors turn away;
Whatever we have dared to think
That dare I we also say."

Stopping an Advertisement to save money is like stopping a clock to save time.—The Highlander.

Do the people rule, or is it only a few of the select?

Resignation is sometimes better than impeachment.

Politics and religion should not be drug into our public school system.

The new graded school building will likely fade out of existence.

Is it true that a wire puller was concealed on the outside and manipulated the strings?

Only a short while until the blackberry crop will be ready for the hungry editor to pluck.

Theodore Roosevelt will be the next president of the United States, so say many of the wiseacres.

If Governor Kitchin runs his pardon mill for the next three years at the same speed he has been running it for the last year the old pen will be for rent.

The editor of The Record consults no man as to how he shall run his paper, and the school board is not consulted as to what we must or must not say. We own this flag of freedom and propose to stand with the masses instead of the classes.

The Republicans of the 8th Congressional district did the right thing in nominating Congressman Cowles to succeed himself in the next Congress. Mr. Cowles is one of the brightest young men in Congress and has a rosy tinted future. We predict his election by an increased majority in the election this fall.—State Dispatch.

A petition has been handed to the school board, asking that they rescind their action of June 2, and reappoint Prof. R. D. Jenkins as superintendent of the graded school. A big majority of the voters signed this petition. We understand that the board was to meet last night. Do not know what they did, but it is hoped that the voice of the people will be heard this time. If not, seems to us that more strenuous measures should be taken.

There are seventeen candidates for fourteen counties in North Carolina who aspire to the position of a member of the North Carolina corporation commission to fill the vacancy caused by the death of Hon. B. F. Aycock. One of the managers sent us a ten inch announcement and ask that we publish it. We returned it and asked that a little dough accompany the request, as our printers were short on dough, and we never heard anything more from the announcement.—Cornelius News.

Death of Mrs. P. E. Parker.

Monday's Winston Journal says: Mrs. Parker, wife of Rev. P. E. Parker, pastor of Davie circuit, died in Mocksville Saturday after five days illness. The funeral services were held at High Point Sunday afternoon and were conducted by Dr. T. F. Marr, of this city. Referring to her death the High Point Enterprise says: The news of the death of Mrs. Parker will be received with sincere regret by the people of this community, where she was well known. She was the eldest daughter of Mr. and Mrs. H. C. Kearns, of this city, and has numerous relatives in this and adjoining counties. She was a consecrated Christian woman, a loving wife and mother, and much sympathy will go out to the stricken family.

Follow this advice.

Quaker Oats is the best of all foods; it is also the cheapest. When such men as Prof. Fisher of Yale University and Sir James Crichton Browne, LL.D.-F.R.S. of London spend the best parts of their lives in studying the great question of the nourishing and strengthening qualities of different foods, it is certain that their advice is absolutely safe to follow.

Professor Fisher found in his experiments for testing the strength and endurance of athletes that the meat eaters were exhausted long before the men who were fed on such food as Quaker Oats. The powers of endurance of the non-meat eaters were about eight times those of the meat eaters.

Sir James Crichton Browne says—eat more oatmeal, eat plenty of it and eat it frequently.

No Man is Stronger Than His Stomach

A strong man is strong all over. No man can be strong who is suffering from weak stomach with its consequent indigestion, or from some other disease of the stomach and its associated organs, which impairs digestion and nutrition. For when the stomach is weak or diseased there is a loss of the nutrition contained in food, which is the source of all physical strength. When a man "doesn't feel just right," when he doesn't sleep well, has an uncomfortable feeling in the stomach after eating, is languid, nervous, irritable and despondent, he is losing the nutrition needed to make strength.

Such a man should use Dr. Pierce's Golden Medical Discovery. It cures diseases of the stomach and other organs of digestion and nutrition. It enriches the blood, invigorates the liver, strengthens the kidneys, nourishes the nerves, and so GIVES HEALTH AND STRENGTH TO THE WHOLE BODY.

You can't afford to accept a secret nostrum as a substitute for this non-alcoholic medicine of known composition, not even though the urgent dealer may thereby make a little bigger profit. Ingredients printed on wrapper.
