Only a few more days until the fun is over.

The Democrats of Davie county have no love for a "red-shirt."

The Record will appear again before the election. We are crowded with ads this week, but watch for the next issue.

The "Red-Shirt" slop bucket was turned over last week, and the editor of that sheet came near being drowned in his own slop.

Hon. A. E. Holton will speak in the court house Saturday at 11 a. m. and at Cooleemee Friday night. Every voter in the county is urged to be present.

Mr. John P. Green is not canvassing Davie county with the other Democratic candidates. We suppose he knows it would be time thrown away.

It didn't matter in the four awful Democratic years from '93 to '97 how cheap food was. Millions of our people then couldn't get money to buy even the necessities of life.

Hon. I. M. Meekins, of Elizabeth City, spoke to a small audience in the court house last Tuesday. The speech was the best we have heard this year. There was no mud-slinging nor abuse of the Democratic party, and all who were present were loud in their praise of Mr. Meekins. He spoke at Cooleemee Tuesday night to a packed house. T. L. Spencer, of fortune-telling fame, asked for a division of time, which was granted him, but he will not do so again. Mr. Meekins gave the fortune teller more than he bargained for.

It is said that the Democratic candidates did not have a man to address at Farmington last Tuesday. Farmers are not going to spend much time listening to calamity howlers this fall.

Editor Sell, of The Cooleemee Journal, has our sympathy in the death of his wife, which occurred at her home in Cooleemee on Tuesday night, Oct. 25th. The body was carried to Salisbury Thursday and laid to rest.

Is it possible that one of the Democratic registrars in Davie county closed the registration book one week before the time expired? Such is the common talk over the county. Pity that such methods have to be resorted to by any party.

In 1896 the Democratic party appealed to the working men of the United States to place it in power so that it could raise prices. Now it is appealing to the working men to put it in power so that it can reduce prices. It does not explain that the first reduction would be in the price of labor.

We are informed that the prospects for Democratic success in Davie county are very bright.—Winston Journal.

Which reminds us that Davie's "red-shirt" editor was in Winston the same day that article was written. He has predicted the same sad news on our streets, but his predictions have been vaccinated and won't take where he is known. The Democratic prospects for defeat are very bright in Davie.

The article going the rounds of the Democratic press signed by three laborers in the Cooleemee cotton mills, denouncing the Republican party, and vowing their allegiance to the party of free soup houses, paupers and low farm produce, was written by one T. L. Spencer, recent Democratic nominee for Clerk of the Court of Davie county, and for many years an inmate of the Tyrrell county poor house and later a teller of fortunes, since the county of Tyrrell bought and gave him a set of wheels to roll around on. The three supposed voters have always been Democrats, so we learn, and one of them has not been in the county long enough to vote.
