WEDNESDAY NOVEMBER 16, 1910

Have you heard the news from Nebraska?

We want some permanent sidewalks in Mocksville.

We are giving our readers eight pages today instead of four.

The latest returns indicate that Wilkes county went Republican.

Only two or three of the boys got mad about it, and they will likely recover.

We don't know how it happened, and we won't waste two or three columns trying to explain.

W. C. Hammer has been re-elected Solicitor in this district. Republicans are responsible for it.

Of course Davie elected every Republican on the ticket by majorities ranging from 63 to nearly 300.

The Democratic brethren captured nearly everything in sight that wasn't nailed down, and scratched like everything for even that.

Our Republican rooster is not so well as he was last week, but we are doctoring him up, and hope he will fully recover by 1912.

The State-Dispatch, at Burlington is taking the late unpleasantness too much to heart. Cheer up, brother, we will smite them in 1912.

The Lincoln Times is groaning because it has no cut of a sick rooster. We have one, brother, but he is too ill to be sent away from our office.

We want a good correspondent at every village, town and postoffice in the county. We would be glad to hear from all our old correspondents.

The Republicans have the United States Senate and the President, while the Democrats have captured Congress. Keep your eyes open and watch the fun.

Forsyth and Davidson counties are somewhat mixed up, and the boys don't seem to know which way to yell. The Republicans got nearly everything in Forsyth, while it was divided up more evenly in Davidson.

The Record proposes to devote its time and space for the next twenty months to building up the town and county. No political articles of any character are wanted. There is a time for everything, and the time for talking politics is over for nearly two years.

Since the smoke of battle has cleared away, we find that there are something like twenty counties which have gone Republican. In a number of Democratic counties the Republicans have made big gains, while in other counties they have lost very heavily. Page defeated Parker in this district for Congress by about 3,000 majority. Things are bad enough, but, by gings, they could be worse.

## Hickory Gets The Shops.

The Chester lantern has let the cat out of the bag. General Manager Nichols has recommended to President Barber that the new shops of the Carolina & North Western Railroad be located at Hickory. Mr. Nichols' recommendation will be no doubt approved. In this action, Mr. Nichols was guided solely by business reasons. He found that the advantages of Hickory as a shop location were geographically and commercially of more advantage than any other location suggested and the big wood working shops that will prove of invaluable aid in the rapid construction of the shops. Mr. Nichols told The Chronicle that the Hickory shops will be completed and ready for business next spring. To do that will require energetic work, but all plans to that end have been made. The acquisition of these shops will be a big boost to Hickory and congratulations for that town are in order.—Charlotte Chronicle.

## MANY PEOPLE CONTRIBUTING.

The New Sidewalk Seems to be a Certainty.—If You Have Not Contributed, Do So At Once.

The fund which The Record is trying to raise to build a concrete sidewalk from the Wasonic Temple to Baity's corner, is growing. A number of the citizens of the town have contributed to this fund, and we expect many more to do so within the next few days. It is thought that if the citizens of the town and county will raise enough money to put down this sidewalk, that the town will put a concrete walk on the east side of the old court house. We know that one improvement will go a long way toward getting others. We want every man who is interested in the town of Mocksville, to contribute to this fund, it makes no difference where you live. Give something, if it is only ten cents. This sidewalk is needed, and needed badly. In winter the streets are so bad across the square that a lady can hardly get from one part of the town to the other, and many men break the ten commandments while trying to get across. The editor of this paper doesn't own a foot of ground in the town or county, but he wants to see this improvement made. It is every one's duty, as well as his privilege, to contribute to this fund. We want the ladies of the town to assist us in this great work. Tell your husband, father, brother or sweetheart to get his name on the list of contributors. Please call at our office, or drop us a card, stating how much you will give. Up to yesterday morning the following amounts had been subscribed. Is your name written here:

## Child Burned to Death.

Mr. Avery Yount lost his dwelling and entire contents, at Granite Falls last week, by fire, and his baby, 8 or 10 months old, was burned to death. It seems that the family were at a distance in the field gathering corn, having left three children in the house, the eldest one searching the closet with a pine torch for trinkets to interest the baby, and set fire to the clothing. He ran to inform the parents and the next in age left the baby in the house. It was so far consumed before the parents got on the scene that rescue was impossible.—Lenoir Topic.

## Democrat Votes Republican Ticket.

Buffalo Dispatch, 8th.  
Norman E. Mack, chairman of the Democratic national committee, today voted the straight Republican ticket. It was an error, but it could not be rectified. "I wanted to see how fast I could vote my ticket on the voting machine," he said. "It was somewhat dark in the booth and in my haste I pulled the wrong lever and voted the Republican ticket. Immediately I announced to the election inspectors my error and asked permission to correct the mistake, but of course the inspectors would not permit it."

## Some Republican Consolation.

Greensboro News.  
Cheer up, it couldn't have been any worse.

Peebles, Dem.	872
Stonestreet's majority, 174.	

The election passed off very quietly in the town and county. Many voters did not come to the polls. Much scratching was done, as can be seen from the above vote. The Democrats centered their fight on Sprinkle, Republican sheriff, cutting his majority down to 69. Register Moore ran ahead of his ticket, coming within 3 votes of a 300 majority. The Republicans are well pleased with the result in Davie county. Hon. J. C. Pinnix, Republican nominee for State Senator from this, the 29th Senatorial district, is elected by over 2,000 majority.

No more politics for two years. The voters and the editors can now take a much needed rest.

## Reedy Creek News.

Mr. Editor, don't forget that H. P. Byerly paid 25c. on his subscription. He is a mighty good man with a family consisting of a pretty little black-eyed wife that will weigh about 90 pounds, and she is worth her weight in gold.  
H. J. Zimmerman was elected one of the Justices of the Peace in Reedy Creek township this election.  
Court this week at Lexington for civil cases only.  
Mrs. Boat Miller seems to get no better.  
Mr. T. J. Ellis was over on our creek election day, jolly as a bird.  
The wedding bells will soon ring in our section.  
David Hoover's corn shucking wound up last Wednesday night with a big family row, but no one hurt.  
Z. Z. Crews, Thurston Hanes and Dempsey Walser were in Waughtown last Friday on business.  
J. M. Crews and John Hanes were in Lexington next day after the election, but brought no good news.  
No news much this week. HiKi.

## Tennyson Items.

With success to The Record and its many readers.

## Bixby News.

Our school at Baltimore started last Monday with Miss Mary E. Hudson of Cooleemee as teacher. Miss Hudson is an accomplished lady, and one of the best teachers in the county.  
Bixby seems to be on a boom at this time. The box factory is running on full time. Grover Hendricks has built a new house and moved into it.  
D. H. Hendricks and G. S. Robertson have improved their houses, and W. T. Myers is building him a new one, and the Walker Bros. are building one of the largest store houses in this section.  
The farmers of this neighborhood are about through sowing wheat, and there has been one of the largest crops sown we ever saw.

Well, the smoke of the political battle has about cleared away, the result known and we can see our way more clearly. If we have made mistakes, it is hoped that we will profit by experience. We had a right lively contest over the township constable, though it was a friendly one. Messrs. T. P. Massey and J. F. Williams were the contestants, both Republicans. Mr. Williams says he has the honor of being the youngest candidates in the field and receiving the votes of two of the oldest men in the county, that of our old friends Abington Phelps, 94 years old, and Uncle James Myers, who is 85 or 90 years old. The time has come when we will have to recognize the young men of ability of our party, as they are the Republican party of the near future.
