WEDNESDAY NOVEMBER 30, 1910

No, Pauline, the old rooster is not dead—he only sleeps.

Some men are so narrow-minded that it hurts them to hear a preacher deliver a sermon without he belongs to their own particular faith.

The Record will publish the obituary notices of the fellows who are trying so hard to bury it, but they will be charged for at our regular rates.

We want a good, live agent for The Record at every postoffice in Davie County. A good commission will be paid to the right man. Write us for particulars.

Every man who is interested in his home county of Davie should take The Record. Its mission is to help build up the county and advertise its advantages to the outside world.

We want the co-operation of our subscribers. Without their help no paper can be a success. We are striving to help you in every way possible, and would appreciate any help you give us in the way of subscriptions, news items and advice.

We trust that the few subscribers of ours who got mad and had their papers stopped will not worry their neighbors by borrowing their copy. Since our last issue we have lost one subscriber and put a half dozen new ones on our books. "Truth crushed to earth will rise again." It will take a bigger boycott on a larger scale than yet tried, to cause the publication of The Record to cease.

## The Hammer.

If you must use a hammer, use as small a one as you possible can and try the same on your own head. If there is ever room for complaint, and an apparent occasion to knock some one or something, don't do it. Leave it to the other fellow, and let him get the brunt of the mistake. A man who minds his own affairs and keeps his mouth closed is always held in higher esteem than the man who knocks, even though there were occasion for dissatisfaction.

If you can ever further your business or social interests by knocking, and execute that lowly trick with out tramping beneath our feet one of the most sacred assets that man has been endowed with a reputation—and, if you have on pride in the manner in which you conduct yourself, and care not for the respect of your friends, and if you are unable to observe the obnoxiousness of another man's knocking, then go right ahead and knock, but remember, that what you have gained, by giving vent to your feelings in that emotional state, is infinitely small when compared to the almost irreparable besmirchment of your character and reputation. Every time you knock you deal yourself a solar-plexus blow, that, sooner or later will cause you to take the court. And, to my mind, the most effectual antagonist of this inherent disease of knocking, is, that a thorough bred gentleman will seldom knock. Therefore, it is good advice for all of us to pretend to be true gentlemen, and play the role to the best of our ability, whether we are one in reality or not.—Orange & Blue.

## Advance News.

The people in this section are about through with their work.

There has been a great deal of hunting going on through Thanksgiving.

The birds have greased their joints and are getting ready for moving.

Mrs. Mary Thompson has been sick for a long time, and out of the school room, but is now back again.

Miss Lola Ellis who is going to school at Clemmons spent Thanksgiving at her home near Advance.

Miss Beatrice Thompson spent Thanksgiving with her father in Yadkin College.

There was a nice offering made up for the Children's home at Winston-Salem at the M. E. church at Advance.

## Bonds, Court House, Jail and County Commissioners.

EDITOR RECORD:—During the campaign I wrote an article which was published in the News and was published in The Record on Monday, Nov. 7th, prior to the election. In that article I spoke of the county debt the Republicans had paid off since Dec. 1st, 1896, and alluded to it as a Democratic debt. I also spoke of the manufacturing plants in Davie county which had been established, but I did not say that the county Republican administration was even indirectly responsible for their erection, but I did say that a Democratic debt of about thirty thousand dollars had been paid off by them. It matters not that Republicans voted for these bonds—for it was a debt made while the Democrats were in charge of the county, and it is well known by all men that all debts made and contracted by the party in power in county, state and nation, are chargeable to the party in control. Had I been of voting age when these bonds were voted upon, I should have voted for them, believing that I was discharging a public duty in so doing. The Herald of November 18th, ten days after the election, devotes a column in its paper to a criticism of my article, and says that the writer of the article and nobody else believes that Republican rule was responsible for the advent of these industries in Davie. Now I am not going to try to say what a Democrat believes, but most of us are aware that most of the manufacturing developments in the South has come since the election of William McKinley, Republican, and we have as much right to claim credit for the prosperity which has come to this entire country under National Republican rule, as the Democrats have for claiming all the good things in North Carolina from sunshine to showers, good crops and high prices for a State Democratic administration, for everybody knows that all these blessings have come to our people in spite of a Democratic administration in our State. The Herald's amanuensis also criticizes what I had to say about local self-government, in connection with the issue of bonds for good roads, etc. Now this question of building macadam roads is a very different proposition to building a court house and jail, and I am of the opinion that the commissioners have no right to issue bonds for good roads unless the question be first voted upon by the people, but I wish to inform the unknown writer that the Supreme Court has decided that county commissioners can build court houses and jails without a vote of the people. Now since our Davie county Democratic friends have for the past ten weeks been dreaming dreams, seeing visions and having nightmares over the new court house and jail, and the election returns have not dispelled their fears and relieved their pains, I will give them some unprinted history. If the unknown writer in the Herald will go to the Clerk's office and examine the records he will find that at the fall term of court in 1902, Judge Walter Neal, a Democratic judge, had the board of county commissioners presented by the grand jury for not building a court house and jail. Now, what does the unknown writer think of that? Now, I will tell him a little more unpublished history. Some of the leading Democrats in the county have for years been advocating these buildings, and the Republicans hesitated to saddle another debt on the people and increase the tax burdens until the old debt was paid. The court house and jail here been built, and every citizen of the county is proud of them. Then why not let the subject rest until 1912? The people of Davie county have endorsed what the Republicans have done. Let's do some more building in Davie and Mocksville and quit finding fault with officers for doing their duty. Now if the unknown writer wants to have a joint discussion in the court house, he can get it. I shall defend my county as long as it deserves defending and no longer. There was enough misrepresentation of Republicans coming from the same unseen writer during the campaign for him to either quit, or throw off his mask, and let the people see what kind of an animal he is. Republicans are too busy preparing their stomachs for soup and other cheap diets to bother about things that cannot help the country. The great fight against the high cost of living made by our Democratic friends, means, if they carry out their policy and promises, lower prices for the farmers, producers, and a corresponding reduction in wages paid to the laboring men of this country. Possibly the unknown and unseen writer will deny this. In a later article, I will discuss the railroad bonds, etc.

E. H. MORRIS.

## An Editor Sentenced to Jail.

F. D. Warren, of Girard, Kan., editor of "Appeal to Reason," a Socialist publication, must serve a term of six months in the Federal prison at Leavenworth, Kan., and pay a fine of \$1,000 imposed by a jury in the United States Court in Kansas. The sentence of that court has been affirmed by an order of the United States Circuit Court of Appeals. Warren was accused of sending through the mails envelopes on the outside of which was printed: "One thousand dollars will be paid to any person who kidnaps ex Governor Taylor and returns him to the Kentucky authorities."

## DR. M. D. KIMBROUGH DEAD.

It is with profound sorrow that we are called upon to chronicle the death of Dr. M. D. Kimbrough, which occurred in this city Saturday afternoon at 2 o'clock, at the home of his daughter, Mrs. J. L. Sheek, where he had been living since his illness. Several years ago Dr. Kimbrough suffered a slight stroke of paralysis, and although able to attend to his large practice up until about three months ago, he had not been well. Since that time he had been gradually growing worse until the end came Saturday. Dr. Kimbrough was 74 years of age, and leaves a wife and five sons, Messrs. J. W. and Chal Kimbrough, of Smith Grove, A. M. Kimbrough, of Advance, J. A. Kimbrough, of this city, and P. R. Kimbrough. Four daughters survive, they being Mrs. Kimbrough Furches, of Farmington, Mesdames George and J. L. Sheek, of this city, and Mrs. Reid Smith, of Dallas, Tex. One brother, Mr. W. N. Kimbrough, of East Bend, survives. The body was carried to Smith Grove Sunday, and the funeral services conducted in the Methodist church by Rev. B. Margeson, of this city. The body was laid to rest in the Smith Grove cemetery with Masonic honors, Dr. Kimbrough having been an honored member of that order for many years. A large concourse of relatives and friends attended the funeral and burial services. No man in the county will be missed more than Dr. Kimbrough, and no man did more for the county and people than he. His place will be hard to fill. He was a friend to those in need and never failed to respond when called on for assistance, in sunshine or in rain. For more than fifty years Dr. Kimbrough practiced medicine, having spent most of that time in Davie county. He was a native of Yadkin county, and for a short while lived in Forsyth. We can but poorly express with cold type the love and esteem in which Dr. Kimbrough was held by the citizens of the town and county, who so deeply mourn his death. The Record joins with his many friends throughout the county and State in extending sympathy to the bereaved relatives who are left behind to mourn their loss. Dr. Kimbrough had been county physician for several years, and for a long time was Republican County Chairman. Not only will he be missed as a physician, but as a generous, whole souled man who always had a kind word for every one. An abler pen than ours should portray his noble traits of life. Peace to his ashes.
