

# The Davie Record.

"HERE SHALL THE PRESS, THE PEOPLE'S RIGHTS MAINTAIN; UNAWED BY INFLUENCE AND UNBRIBED BY GAIN."

VOLUME XV.

MOCKSVILLE, NORTH CAROLINA. WEDNESDAY, APRIL 22, 1914.

NUMBER 41

## Rebels Gain Another Victory.

Juarez, Mexico, April 14.—A nine days' battle, possibly more desperate than that at Gomez Palacio and Torreon; has resulted in a victory to the rebels under Gen. Francisco Villa, according to an official report made public here late today.

The combined rebel force came upon the reunited Federals, said in the last days of the battle to have numbered 15,000 at San Pedro de las Colonias, State of Coahuila, 40 miles east of Torreon. Killed and wounded on both sides, it is said, will number in the neighborhood of 3,000.

The rebels claimed to have taken 700 prisoners. The Federal Army is said to have included the Torreon garrison, led out of that city in retreat by General Velasco, those of General Maas, General Hidalgo, General De Moure and two others.

## Mexico Must Salute Us.

Washington, April 14.—President Wilson today ordered virtually the entire Atlantic fleet to Mexican waters to force a public salute to the Stars and Stripes from the Huerta Government as an apology for the arrest of American marines at Tampico last Thursday.

## Coming Back From Canada.

Washington Post.  
"If you ask the Canadians they will tell you that American farmers are emigrating into their territory in great numbers and that none who has gone into the Dominion is returning to the United States," remarked Henry A. Fairton, of Topeka, Kan., at the Willard. "The fact is, and it can be proved by the statistics of the immigration office of either country, I believe, that while the preponderance of immigration is on the side of Canada the difference in the number of those who have left the United States, and those who have come across the border into this country is less than 25,000. To be exact, the number of Americans who have left this country for Canada in the last six years is 618,000, whereas, 594,000 Canadians have moved to the United States.

"A few years ago the allurements held out by the Canadian immigration agents attracted many of our Western farmers. Dissatisfaction among Americans who have sold their farms and gone into the Dominion has accompanied many. "It is doubtless true that lands can be purchased in Canada much cheaper than in the United States, and the tremendous increase in farm values has undoubtedly caused many of our farmers to sell out and move to Canada, but so soon as they have found that the land values in their own country have increased more rapidly than in Canada they have come back home.

"To my mind it is far more important to consider the extraordinary sum of money that has been invested in Canadian industries. According to the figures there is no less than \$636,900,000 of American money invested in the Dominion."

## Poor Old Buzzard.

Progressive Farmer.  
Mississippi is the latest State to outlaw the disease-carrying buzzard. Heretofore this State has looked upon the buzzard as a beneficial scavenger, to be protected by law. But an enlightened public opinion has finally put the buzzard where it belongs, and as a result the Legislature has repealed the law that has protected a disease carrier that has borne the same relation to the transmission of hog cholera as has the house fly to the transmission of typhoid to human beings. Other States please take notice.

## That Little Word "Obey."

Yes, wives have been talking about it all these years—that little word "Obey" that is sometimes used when we promise "for better or for worse," and to use it or not to use it has no doubt puzzled many a good minister when called upon to perform the ceremony uniting men and women in holy wedlock. Many of us who long have crossed the border line, and long lost sight of the word with relation to our specific ceremony, are not interested in the form at all—at least in a direct, personal way—but for the sake of peace and harmony in the families of the land we are interested. Declaring that this simple little word has always been a stumbling block in the marriage service, and served to point many a joke, the editor of the Presbyterian Standard, himself a minister with first-hand information and experience, after giving the history of the rise and fall of the world, and by declaring in favor of its being discarded. He says in closing his brief discourse on this matter:

"A good woman is going to obey as far as she can do so and preserve her self respect, and one not good is not going to do so, however much she may have promised. For these and other reasons we would like to see the word omitted from the service."

This shows decided progress in a reform many are boldly standing for. Does it mark the beginning of the end?—Yadkin Valley Herald.

## Who Is To Feed The Convict's Family?

When a young husband and father commits an awful crime and is sent to the penitentiary for thirty years, the State may hire him out for \$1.00 a day and thus put more than nine thousand gold dollars into the State treasury.

What about his wife and children? If the wife has no home and no money to buy one, we may expect her soon to break down in trying to feed, clothe and shelter those children. They ought to have a part of the nine thousand dollars. Let the Legislature require county commissioners to look into such cases.—A. D. Betts in Christian Advocate.

## Check Your April Cough.

Thawing frost and April rains chafe you to the very marrow, you catch cold—Head and lungs stuffed—you are feverish—Cough continually and feel miserable—You need Dr. King's New Discovery. It soothes inflamed and irritated throat and lungs, stops cough, and head clears up, fever leaves, and you feel fine. Mr. J. T. Davis, of Stickney Corner, Me., "was cured of a dreadful cough after doctor's treatment and all other remedies failed. Relief or money back. Pleasant—Children like it. Get a bottle today. 50c. and \$1.00 at your Druggist. Ad

Bucklen's Arnica Salve for all Sores.  
We learned yesterday that the Triangle Orchards near Poors Knob yielded about 1,600 bushels of apples last season which are, or much of them at least, now being put upon the market. Mr. Earnest Sloop of Moravian Falls constructed the concrete apple house which is 30 by 40 feet by 6 feet high and has so well succeeded in keeping the fruit to this late time in the season that five persons sorting one whole day found less than or only about a bushel of rotted fruit.—Wilkes Hustler.

## Nothing So Good For A Cough Or Cold.

When you have a cold you want the best medicine obtainable so as to get rid of it with the least possible delay. There are many who consider Chamberlain's Cough Remedy unsurpassed. Mrs. J. Boroff, Elida, Ohio, says, "Ever since my daughter Ruth was cured of a severe cold and cough by Chamberlain's Cough Remedy two years ago, I have felt kindly disposed toward the manufacturers of that preparation. I know of nothing so quick to relieve a cough or cure a cold." For sale by all dealers.

## The "Rump Party."

Shakespeare said there is nothing much in a name, but he was not a politician and didn't know everything. Anyhow, a new party is obliged to have a name—Bull Moose, Populist, etc.—and so it is necessary to provide one for the party of Josiah William Bailey, Poe and Alexander.

To forecast the future, we must study history, and turning to the most famous civil revolution in history as the logical lesson, we find the name of "The Rump Parliament" applied to the Oliver Cromwell crowd in 1648 after they had excused the old gang from further attendance.

Hence the new organization in North Carolina is to be known as "The Rump Party." Hats off to it, gentlemen, and its ticket composed of Bailey for Boss, Poe for Governor and Alexander for Commissioner of Agriculture.

There are only three certain things about the Rump party at this time, and they are that they will succeed in murdering the Progressive movement and the Farmers' Union and will furnish the Republicans with all the campaign thunder they want. The Rump Convention can not be considered anything else but an admission on the part of all who are responsible for it, that the Democratic party in this State is incompetent. It is the rottenest egg that has been thrown in North Carolina politics in a long time.—Madison Herald, (Democratic.)

## Rather Late.

Greensboro News.  
It is too late to worry about smirching our national honor, if freedom from tolls will have that effect. Three parties took that sort of stand about two years ago, and we fail to see how it is going to reflect any great degree of credit upon us, if we only recede from our position under foreign pressure. Assuming that we have done something dishonorable, is this lost honor to be restored by reversing an act of Congress, to the end that the President may be assured of aid from some foreign government in dealing with matters of greater delicacy and of nearer consequence? And the question of our national honor apart, even Mr. Lodge says the United States has a perfect legal right to exempt our coastwise merchant marine from the payment of tolls.

## Strengthens Weak and Tired Women.

"I was under a great strain nursing a relative through three months' sickness," writes Mrs. J. C. Van De Sande, of Kirkland, Ill., and "Electric Bitters kept me from breaking down. I will never be without it." Do you feel tired and worn out? No appetite and food won't digest? It isn't the spring weather. You need Electric Bitters. Start a month's treatment today; nothing better for stomach, liver and kidneys. The great spring tonic. Relief or money back. 50c. and \$1.00 at your Druggist. Ad

## Frost Proof Beans.

Herman Beam, the son of Mr. D. C. Beam, of Fallston, is growing a frost proof bean which the people of that section are watching with interest. Mr. Beam brought the seed from Arkansas and planted some of them about three weeks ago. The report is that the beans are up and have stood several killing frosts. They are green and flourishing and promise to yield early.—Shelby Star.

## Clears Complexion—Removes Skin Blemishes.

Why go through life embarrassed and disgraced by pimples, eruptions, blackheads, red rough skin, or suffering the tortures of Eczema, itch, tetter, salt rheum. Just ask your Druggist for Dr. Hobson's Eczema Ointment. Follow the simple suggestions and your skin worries are over. Mild, soothing, effective. Excellent for babies and delicate, tender skin. Stops chapping. Always helps. Relief or money back. 50c. at your Druggist. Ad

## Letter From North Iredell.

Dear Editor:—As you have been asking for more news, I send you just a few items from dear old Iredell.

Mrs. Sallie Sharpe died at her home near Sandy Springs April 10th. She underwent an operation at Dr. Long's sanatorium about six weeks ago. She leaves three daughters and two sons to mourn her loss. She was buried at Sandy Springs.

Mrs. H. C. Hunter has been suffering excruciating pains the past week. It was thought she would have to undergo an operation, but she is improving and we truly hope she will escape the hospital.

The Rocky Spring school will close April 25th with an entertainment in the afternoon and in the evening. The program will consist of four plays, a pantomime and many songs and recitations. A May pole drill will make up a part of the afternoon program.

The Harmony High School will close May 15th. No program has been arranged for the occasion yet.

There will be an old folks singing at Harmony the fifth Sunday in May. Iredell invites the good singers of Davie to participate in mingling their voices in the old time songs they sang of long ago.

Mr. W. C. Hinshaw is preparing to build a new residence and barn. Miss Daisy Blackwelder spent last week with her sister, Mrs. Cheshire.

Quite a number of girls and boys claim they went a fishing along Hunting Creek on Saturday night before Easter. Miss Nannie Powell was along. They did not bring any fish back, but one of the largest Eels you ever saw.

Easter passed off very quietly without any weddings, but we hear the wedding bells ringing each day for two more weeks to hasten by.

Mr. Clayton Wright has a fine team of mules just from the stables. Mr. J. W. Foster requests of all who know him, even of his own children, that he be called Mr. Foster since he purchased the brag team of horses. Mrs. Foster declares she will never honor him to "Mr. Foster."

Mr. Ben Tutterow visited friends in Iredell Sunday.

M. J. N. C.

[The Record would be glad to receive a letter each week from these lively young correspondents. They know what to say.—Ed.]

## May Be War.

Washington, April 15.—With a majority of the ships of the American navy today ordered to proceed immediately to the Atlantic and Pacific coasts of Mexico, the United States gave Provisional President Huerta final warning that unless he fired a salute to the flag in a reasonable time to atone for "repeated offenses against the rights and dignity of the United States, serious eventualities would result.

It was learned tonight that Huerta, when apprised of the proposed fleet demonstration, told Charge O'Shaunnessy that the episode growing from the arrest of the blue jackets at Tampico is a fit subject for arbitration at the Hague and that he would appoint a commission to investigate.

President Wilson, through O'Shaunnessy, emphatically replied that the time for delay and evasion had passed and that the United States would temporize no longer. The administration officials hold that flag insults and national honor questions are not arbitration subjects.

The information here tends to show that Huerta believes the United States is bluffing. Some anti-American demonstration at Vera Cruz and other points are reported.

## To The Newspaper Man.

The sweetest words  
Of tongue or pen,  
Are, please find dollar  
Inclosed within.

## Seven Persons Killed.

Boston, April 14.—Seven persons were killed, 16 seriously injured, and 21 families, totalling 75 individuals, were endangered in a fire that wrecked the Melvin, a five story brick apartment house at Commonwealth and Long avenues in the Allston district early today.

## Thaw Wins Fight.

Concord, N. H., April 14.—United States Judge Edgar Alldrich today granted Harry K. Thaw's petition for a writ of habeas corpus. The court said, however, that no order would be issued for the prisoner's discharge from custody until arrangements are completed for taking the case to the United States Supreme Court on appeal. Thaw's petition for admission to bail was left undetermined, pending the appeal to the Supreme Court.

## New Passenger Rates.

Washington, April 14.—The Interstate Commerce Commission today denied the application of the Southeastern railroads on behalf of themselves and their connections for an extension of time until January 1, 1915, in order to file revised through passenger rates to all points from the Southeastern States, including the Carolinas and Virginia, and ordered them to put into effect by May 11, 1914, through rates, which will not be in excess of combinations of the present intermediate passenger rates on other roads.

## CALOMEL A GREAT

## DANGER TO MANY.

Has Bad Effect on Some—Dodson's Liver Tone Takes Its Place and Is Perfectly Harmless.

If you will inquire at Crawford's Drug Store you will find that Dodson's Liver Tone is guaranteed to be a safe, reliable remedy to take the place of calomel and a harmless liver stimulant having no bad after effects. Indeed, any of these firms will refund purchase price (50c.) without question if you are in any way dissatisfied with this vegetable liquid.

It is very unwise to take calomel, even dangerous, as many people suffer from the poison afterwards, even though they may appear at first to be temporarily relieved. On the other hand, Dodson's Liver Tone works easily and naturally (really assisting nature) with no pain nor gripe and correcting all bilious conditions and ills of constipation, clearing away the sick headache and the coated tongue, brightening up the dulled brain and strengthening the weakened body at the same time that it removes collected waste from the overburdened system.

Those who have tried Dodson's Liver Tone have found that it made them healthier and happier. A test may prove of great benefit to you right now.

## The Mail Order House.

Everything.  
The Raleigh papers carried the news item that mail order houses in order to get a low rate of parcel post postage on their catalogue are shipping them by the car loads into Raleigh and will send them all over the state. This means much more money to go out of North Carolina.

Every farmer, every citizen should be alert. Keep away from the mail order man. Not but what his goods may be all right. They may be a few cents cheaper—but why not patronize the merchant who in turn pays city taxes; who pays rents; who builds buildings, and who makes it possible to have a city. The city makes the taxes. Let us all be loyal. Let us help one another, and let the mail order man have his own territory. Patronize the home merchant.

And just because a girl has her face covered with stuff that looks like baking powder is no sign that she is absolutely pure.
