Am I My Brothers Keeper?

Manufacturers Record.
Above all else this country needs a nation wide revival of the old-fashioned prayer meeting religion—

A religion that makes men realize that if there is a heaven, there must also of necessity be a Hell.—

A religion that makes a man realize that every act is recorded on his own conscience, and that though that may slumber, it can never die—

A religion that makes the employer understand that it he is unfair to his employes and pays them less than fair wages, measured by his ability and their efficiency and zeal he is a robber—

A religion that makes an employe know that if he does not give full and efficient service, he too is a robber—

A religion that makes the farmer, who packs bad fruit at the bottom and deceives the buyer by the good fruit on the top, realize that he is a thief just as much as the one who robs a hen roost at night—

A religion that makes a man who robs a railroad of its fare, or freight bill, know that he robs himself of all right to feel that he is an honest man—

A religion that makes a man realize that by driving too hard a bargain with his servant, his employe, or his merchant, he can be just as much a profiteer as the seller or producer who swindles by false weight, false packing or false charges—

A religion that will teach church members who fail to contribute to the extent of their ability to the support of religion, and that compels them to recognize that if they are paying pastors less than a living salary, they are robbing God and man alike—

A religion that will make the laboring man, who by threats or by actual violence against the non-union man, strives to keep out of employment, realize that he is at heart a murderer and is murdering the individuality, and the liberty of his fellow man, and is displaying hatred which, if it has the proper opportunity, will commit physical murder.—

A religion that will make the politician who yields principle for the sake of party, who worships at the feet of any class and sells his soul for political preferment know that he is not only a coward and a poltroon, and unworthy of the respect of any decent man, but which will also make him see that he is helping to murder human liberty, as great a crime as murdering the individual man—

In short, we need a revival which will make every man and woman strive in every act of life to do that which, on the great Judgment Day, they will wish they had done, as with soul uncovered they stand before the Judgment Seat of the Eternal.

Until the people of this nation accept and live this religion there will be strife where there should be peace, there will be lockouts and murder where there should be co-operation and harmony; there will be hatred where there should be friendship and love.

In the Golden Rule, followed in the fullness of the spirit of this kind of religion, there would be found a solution for every business trouble, there would be created friendship between employer and employe; capital and labor work in harmony and with efficiency, efficiency for the capital and efficiency for the labor, with profit to both.

Religion of this kind is not measured by the hope of a Heaven hereafter, but by the full fruition now of "Peace on earth to men good will."

It is not merely the chanting of hymns here or in the world to come, but it is in the recognition

and full application by rich and poor, by learned and unlearned, that each one is indeed his brother's keeper, and that we can bring this country and the world back to safety.

A nation-wide acceptance of this, the only true religion in action would bring business peace and world peace where there is now turmoil, and men would then cease to seek to gain their aims by lawless acts of immorality, but would in spirit and in deed follow the Divine command, "All things whatsoever ye would that men do to you, do ye even so to them."

Just What She Needed.

"I used a bottle of Chamberlain's Tablets some time ago and they proved to be just what I needed," writes Mrs. Volta Bankson, Chillicothe, Mo. "They not only relieved me of indigestion but tided up my liver and rid me of backache and dizziness that I had been subject to for some time. They did me a world of good and I will always speak a good word for them."

Then And Now.

An old citizen, speaking of the changes time has brought about, said that in his younger days pure corn liquor sold for ten dollars a barrel and now this miserable pop-skuhl concoction known as liquor sells for away over ten dollars a quart. And then he said, "The difference between pure corn juice and the liquor of today is as wide as is the difference between Greenland's icy mountains and hell."—Monroe Enquirer.

Practically no man wishes his son to follow the business in which the father is engaged and a good many sons are willing to let it go at that if the father can make enough money for both.

The success this administration has had in keeping order in the immediately neighboring country of Mexico, encourages it to favor the taking on of a "mandate" in Turkey.

No Worms in a Healthy Child

All children troubled with worms have an unhealthy color, which indicates poor blood, and as a rule, there is more or less stomach disturbance. GROVE'S TASTELESS CHILL TONIC regularly for two or three weeks will enrich the blood, increase the appetite, and act as a General Strength-giving Tonic to the whole system. Nature will then throw off or dispel the worms, and the child will be in perfect health. Pleasant to take. 60c per bottle.

The Czar of The Mails.

By this time the Democratic faithful have completely resigned themselves to Albert Sidney Burleson—and their fate. Albert Sidney has weathered all the storms waged against him by leaders in his own party, and is still holding the fort. All attempts to have the official can attached to the postmaster general's tail have proved unavailing. Albert has been sustained by the President through all the blasts that have been concentrated against him. The President has stood pat with Mr. Burleson—figuring doubtless that to remove him would be to concede the great weakness that had maintained Albert in office so long.

And so the country must tret along until the administration and the cabinet change, before it will be afforded relief from Albert Sidney and his present alleged postal system. The experience will be the more trying, now that there is no war to blame things on, but the time will pass quickly and so soon there will be no more Burleson than the reputed jack rabbit.

Burleson did well during the seven months that his chief was away, in demonstrating that he is somewhat of a little ruler in his own kingdom. Numerous leading Democrats saw the handwriting upon the wall and sought the overthrow of the mighty Burleson, but no such luck. While the executive was in Europe saving the world, Albert Sidney became well entrenched in his own mundane sphere.

But the man responsible for Burleson was moved not a whit during all the attacks against the postal chief. The President, being the little light of hope, never concedes a mistake, and hence he could never have been wrong about Albert.

With ideas of a third term in a section of his mind, he has nothing to say in response to those who would see a capable man at the head of the postal system. Being infallible, the President cannot move Albert but will let him stick it out, sinking with the old ship.

For the sake of those who believed that government ownership of the utilities could be practicable it is unfortunate that the system should have been tried out under Mr. Burleson, for there remains but little doubt now, as to whether these utilities should revert to private control.—Hickory Mercury.

THIN PEOPLE SHOULD TAKE PHOSPHATE

Says nothing like Argo-Phosphate to put on firm, solid, stay there flesh and muscle and increase strength, vim, vigor and nerve force.

Physicians claim there is nothing that will increase weight, strength and endurance like organic phosphate commonly known by druggists as argo-phosphate; it is inexpensive, and is sold by all leading druggists everywhere under a guarantee to give satisfaction or money refunded. Weakness and thinness are usually due to starved nervous conditions.

Our bodies need more phosphates than are contained in the foods we eat.

If you wish a more rounded figure and plump, well-developed arms, neck and bust in place of hollows you should simply take plain argo-phosphate as it builds up and restores run-down nervous conditions by phosphatizing the system. It transforms the appearance and an increase in weight is often times quickly produced.

The increase in weight also aids in improving the general health. Sleeplessness, nervousness, lack of energy and ambition quickly disappear.

Pale cheeks are changed to rosy ones and dull eyes become bright.

Miss Lena Brown of Atlanta, Ga., who only weighed 90 pounds reports that she gained 10 pounds in two weeks time and says argo-phosphate has made a different person of her and she has never felt better in her life.

SPECIAL NOTICE.—Owing to the fact that so many physicians and druggists are recommending argo-phosphate for relieving all nervous, worn-out debilitated conditions and the unusually large sale for argo phosphate there will be found in the market numerous substitutes for the genuine article. All imitations are inferior preparations and owing to its unusual flesh producing qualities it should not be used by any one unless they desire to put on flesh and increase in weight. For Sale by Crawford's Drug Store.

RAILROAD MAN IS OUT WITH FACTS

So Badly Rundown He Had To Quit Work—Gains Twenty Pounds on Tanlac.

"Tanlac has not only relieved me of a case of stomach that made me miserable for three or four years, but I have actually gained twenty pounds in weight besides," said Charles O. Schwendel, of 3115 Vliet street, Milwaukee, Wis., recently. Mr. Schwendel is night watchman in the yards of the Chicago, Milwaukee & St. Paul Railroad, and has lived in Milwaukee all his life.

"Nothing I would eat agreed with me," he continued, and the sight or smell of food would "nauseate me. Right after eating I would have terrible pains in my stomach. I would bloat up with gas and suffer with pains around my heart. At times this gas would almost cut off my breath and would make me so weak I could hardly stand and when I would bend over to throw a switch I would pitch forward on my hands and knees. I couldn't sleep more than two hours a day and just had to force myself to work.

"I tried everything I heard of, but got no better. Then I laid off from work for some time trying to rest up. One of my neighbors persuaded me to try Tanlac and it has made me feel like a new man. I am eating any and everything I want without the least trouble from it and I sleep like a log. I haven't had a pain or an ache of any kind and will always have a good word to say for Tanlac."

"Tanlac is sold by leading druggists everywhere."

Chamberlain's Colic and Diarrhoea Remedy in Michigan.

Mrs. A. H. Hall, Caseville, Mich., says, "I wish to thank you for your grand good medicine, Chamberlain's Colic and Diarrhoea Remedy. We are never without it in the house, and I am sure it saved our baby's life this summer."

Mrs. Mary Carrington, Caseville, Mich., says, "I have used Chamberlain's Colic and Diarrhoea Remedy for years and it has always given prompt relief."

Why be worried about small matters when if you'll only wait a little while a big one will come along for you to worry over?

The Quinine That Does Not Affect the Head Because of its tonic and laxative effect, LAXATIVE BROMO QUININE is better than ordinary Quinine and does not cause nervousness nor ringing in head. Remember the full name and look for the signature of E. W. GROVE, 30c.

Modern men believe that both the women and children have rights and some "modern" women admit that children have rights.

Despondency.

Sufferers from indigestion are apt to become discouraged and feel that complete recovery is not to be hoped for. No one could make a greater mistake. Hundreds have been permanently cured by taking Chamberlain's Tablets and can now eat a ything that they crave. These tablets strengthen the stomach and enable it to perform its functions naturally. If you have not tried them do so at once.

You Do More Work.

You are more ambitious and you get more enjoyment out of everything when your blood is in good condition. Impurities in the blood have a very depressing effect on the system, causing weakness, laziness, nervousness and sickness. GROVE'S TASTELESS CHILL TONIC restores Energy and Vitality by Purifying and Enriching the Blood. When you feel its strengthening, invigorating effect, see how it brings color to the cheeks and how it improves the appetite, you will then appreciate its true tonic value.

GROVE'S TASTELESS CHILL TONIC is not a patent medicine, it is simply IRON and QUININE suspended in Syrup. So pleasant even children like it. The blood needs Quinine to Purify it and IRON to Enrich it. These reliable tonic properties never fail to drive out impurities in the blood.

The Strength-Creating Power of GROVE'S TASTELESS CHILL TONIC has made it the favorite tonic in thousands of homes. More than thirty-five years ago, folks would ride a long distance to get GROVE'S TASTELESS CHILL TONIC when a member of their family had Malaria or needed a body-building, strength-giving tonic. The formula is just the same today, and you can get it from any drug store. 60c per bottle.

WHY BEAT AROUND THE BUSH?

This is not the only good men's store in the city--and we are not any more entitled to your business than the other fellow--if he's got the goods.

We of course, think that our fall models are just a little more up-to-date--and that our values are just a little more out of date than any other place in Winston-Salem--just like the proud Daddy of a 14-pound bouncer thinks his son is the brightest in America.

But when all has been said and done--you've got to use your own judgment --and compare style for style--fabric for fabric and dollars worth for dollar's worth--for it's your money and you are going to wear the clothes--and that's what we would do if we were in your place--and that's what we wish you'd do HERE.
