LOCAL AND PERSONAL.

Prof. B. R. Payne returned to Durham on Monday.

Misses Sarah and Rozalia Hill are visiting in Hickory.

Dead near the Hospital, the six-months-old child of Mr. and Mrs. Will Beach.

Rev. J. N. Payne and daughter Mrs. Albright took a trip to Alexander, returning Tuesday.

Mrs. Emanuel, of Bennettsville, S. C., is visiting her sister Mrs. F. P. Gillam, in Morganton.

Mr. R. P. Kincaid, now railroading in Texas, is in Burke on a visit to relatives and old friends.

The infant child of Mr. and Mrs. Fred Odell died Thursday of last week and was buried on Friday.

Miss Annie Skahan, of Salisbury, has been visiting relatives and friends in Morganton and vicinity the past week.

Mrs. E. E. Gound, of Graham, Va., is visiting her sisters Mrs. J. P. May and Mrs. T. G. Cobb, in Morganton.

Messrs. L. B. Bristol and John McDowell, old Morganton boys, now successful knights of the grip, have been here this week.

Miss Hope McAlpine, the popular telephone operator at central, returned the first of the week from a very pleasant visit to Hickory.

Mr. Will W. White, a professional sign painter of Madison and an artist in his line, has been doing some work in Morganton this week.

Mr. Robert L. Ward, who is employed with a bridge building force, and who has been at work in Alabama for several months, is at home here a few days.

Mr. Thomas Gibbs, of Bridgewater, was here on Wednesday. Mr. Gibbs is a successful railroad contractor. He has contracted for about

10 months grading on a Southern Railway extension in Alabama.

Mr. I. T. Avery is feeling good over having beaten Bro. Pearson, of The Herald, raising wheat this year. Mr. Avery's crop measured 39 bushels and Col. Pearson's 26. Fine crops these for lawyers or editors either.

Miss Kathrine Laney, representing the H. Parmelee Library Company of Chicago, is in our city interviewing our citizens in regard to making our town a station of this great institution. We earnestly hope that all those who can appreciate the privileges and benefits of a fresh, up-to-date library brought to their doors every three months, will not let this opportunity pass. If secured, it will be one of the best investments our people have ever made.

Watauga Votes the R. R. Subscription.

The election in Watauga on the question of a subscription of \$60,000 towards the extension of the Carolina & North-Western R. R. through the county resulted in a large majority for the subscription. There were 2,606 registered voters and 1,503 voted for it. The election came off on the same day of the regular State and county election—August 2nd.

To Equador.

Mr. S. D. Dunavant left the first of the week for New York. Messrs. Z. T. and L. H. Corpening and Frank McDowell will leave for that city next Sunday. From there these gentlemen will sail for Equador, South America, where they will engage in railroad work with the Jas. P. McDonald Co., of New York, who have been awarded a five million dollar railroad contract in Equador by an English syndicate. The labor used on the work will be composed of Chinese, Spaniards, Jamaica negroes and native Indians. The most of the work will be in the mountains, in what is said to be a fine climate.

During the civil war, as well as in our late war with Spain, diarrhoea was one of the most troublesome diseases the army had to contend with. In many instances it became chronic and the old soldiers still suffer from it. Mr. David Taylor of Wind Ridge, Greene Co., Pa., is one of these. He uses Chamberlain's Colic, Cholera and Diarrhoea Remedy and says he never found anything that would give him such quick relief. It is for sale by W. A. Leslie, Druggist.

Grand Opening!

Among the many bills received in our grand opening is a bill of TINWARE, consisting of useful everyday articles, and if you don't believe they are the cheapest ever offered in this market, just call and see for yourself.

Fresh Groceries and Confections are also among the late arrivals, and they are of the best articles.

Boys, I am coming slowly but surely.

President Garfield started as a cart driver on a canal; President Lincoln started by splitting three thousand rails per day; Senator Pritchard, a few years ago, went to Bakersville, N. C., a homeless boy, with only ten cents in his pocket; Cobb started at the bottom of the ladder a short time ago, competing with the merchant princes of our town, but a few more lifts from his friends will place him on a level if not in the lead.

Call at the same old stand—Hogan corner.

R. A. Cobb.
