

SOME THINGS OF INTEREST.

It will no doubt interest you to know that owing to some changes to be made in the business of our store, it has been decided to reduce stock within the next 30 days as much as possible. To do this and with a view to facilitate matters to this end, we have decided to give everybody an opportunity to save money on all purchases within this date.

EVERYTHING AT ACTUAL COST.

To show you that we mean every word said above, for the space of thirty days, we will offer you the opportunity to select your own purchases, at a price which is actual first cost to us, less the freight.

This is not a sale with some specials low and everything else high--but everything a bargain.

YOUR OWN JUDGMENT

Of value will convince you upon examination that this is no humbug, but an actual fact—an offer made in good faith, and your investigation will convince you of its money-saving proportions.
