It is a great mistake to rely upon the mercurial and potash remedies with which doctors usually treat blood dis-eases. It is also useless to take a remewhich is only a tonic, and cannot sibly touch a real blood trouble. Scrofule is a stubborn and deep-scated isease of the blood, and all of the minrel mixtures in the world cannot cure
it. S. S. S., a purely vegetable compound, gets at the root of the disease
and permanently rids the system of it.
It is a real blood remedy, for real blood

deeses, and has no equal.

Here is an interesting case where the foctors were absolutely at sea.

Mrs. Y. T. duck is the highly esteemed wife of a well-known and prosperous carmer residing near Delaney, Arkansas. For twenty-five years she has been trou-bled with a deep-seated blood disease that baffied the skill of the doctors. She "Some doctors called my trouble crems, some Salt Rheum, and others crofuls, and though their treatment entinued for years, they could not cure me. I then began taking various medi-cines, and took nearly every advertised

blood remedy. One especially which
makes each large claims for curing discases of the blood, I drank by the wholesale, but it did not seem to reach my
rouble. A celebrated specialist said
he could cure me and I paid him in adsance, but he filled me full of arsenic
and I became bloated and my digestion
so bad that life was a misery. I then
applied to Dr. W. C. Dabney, an old
practitioner and medicine manufacturer,
who advised me to take S. S. S., saying
that one dozen bottles would cure me. I
took four bottles and my body broke out
in boils and cruptions, but the doctor in bolls and cruptions, but the doctor told me that these symptoms were very favorable, as this is the way the medicine gets rid of the poison matter perma-pently. After I had used six bottles the ruptions began to disappear, my appear to improved, my digestion became all ght, and having finished the twelve ottles, I am perfectly healthy, my skin clear, the capillary circulation is ed, and I would not be in my former oudition for two thousand dollars."

8. S. B. never fails to cure a blood rouble. Scrofula, eczema, rheumatism, outagious blood poison, and in fact any isorder of the blood is promptly wiped

out and cured by it. Do not rely upon a simple tonic to cure a deep scated blood disease, but take a real blood remedy.

£. S. B. has made some wonderful to send full accounts of same to any ad-We will also mail our books on dress. We will also mail our books on blood and skin diseases upon application. Swift Specific Co., Atlanta, Ga.
