blood remedies cannot reach that 8.8.8. has made some of the most wonderful cures. Rheumatism is one of the most obstinate diseases of the blood, and there are few remedies which have any effect whatever upon it.

Mr. Asa Smith, who resides at Greencastle, Indiana, where he is well known,

writes:
"For many years I have suffered from that terrible disease known as Sciation Rheumatism, which the treatment of the relieve. many physicians failed to relieve. I have also used nearly every known blood remedy, but they did me no good, as they did not seem to reach my case at all. Possibly my condition and the extent of my sufferings

MR. ASA SMITH. can be better appreciated when I state that the disease reached a point where it was a matter of utter impossibility for sme to take my food, or handle myself in any way, and for several months the nurses were compelled to turn me in bed

medicine benefitting me. I was soon encouraged, however, when after taking three bottles I was able to move my right arm. I continued to take the med-icine and before long was able to walk across the room, and when I had finished one dozen bottles was able to get about as of old.

"I have been hale and hearty now for two years, without any sign of a return of the disease. I will never cease to praise S.S.S., which I regard as the most wonderful blood remedy on earth; it brought me out of a condition of utter dessness to one of robust health, with a weight of 170 pounds."
S. S. S. cures Scrofula, Cancer, Re-

zema, and any form of blood troubles. It is guaranteed purely vegetable and forces out the poison permanently. If you have a blood disease, take a blood medicine—S. S. S. is exclusively for the blood and is recommended for nothing else. It has made some truly wonderful cures of Cancer, where death seemed the only relief, and we will take pleasure in sending to anyone full particulars of these cures, and also our valuable books.
