Mr. J. C. Yow, an employe of the C. F. & Y. V. Railroad, received a present on his 20th birthday—a fine girl weighing 12 pounds.

Miss Naomi Montgomery, who joined the Baptist church recently, was baptized by the pastor, Rev. J. H. Lambreth, Sunday afternoon, at 3 o'clock.

Rev. J. H. Lambreth will preach at White Plains, three miles from town, next Sunday at 11 o'clock A. M., and at the Baptist church here at 7:30 P. M.

Miss Mollie Harris, who has been organist at the Baptist church for quite a while, was sick last Sunday morning and greatly missed, but at the evening service she was at her post.

It is "Mountairy" and not Mount Airy any longer. We protest now and forever against the change. A petition will go into the Postoffice department asking that the change be not made.

Mr. E. G. Gilmer, the secretary, requests every member of the Royal Arcanum to attend the meeting at Mr. T. B. McCargo's office to-night (Thursday). Business of importance demands the presence of every brother.

Mr. C. T. Pinkston, postal clerk on the Cape Fear & Yadkin Valley Railroad, will remove his family this week from the Southern part of town to the dwelling between the residences of Messrs. R. R. and R. J. Galloway, on Main street.

This paper is in receipt of a very interesting letter from W. O. T. Banner, (Chuck, as we always called him) of Ennis, Texas. Mr. Banner says he is pleasantly situated, Tollie and Macon attending the city graded school, and Roland and Johnnie clerking in two of Ennis' best stores. This is good news and everybody will be glad to read this item.

Breaks on the Mount Airy tobacco market for the past week have been light, owing to the unfavorable weather for handling tobacco, but all grades offered obtain fair prices, and the demand is very good for all grades. The manufacturers are all making good shipments, some stocks are so low they will have to begin work very soon to supply their trade.

Miss Nance Taylor, daughter of Mr. John L. Taylor, who has relatives in Mount Airy, and Mr. Claude M. McLaughlin, a druggist of Charlotte, N. C., and a highly esteemed gentleman, were married in Neapolis last Saturday, Rev. W. T. Green officiating. Miss Taylor has many friends in Mt. Airy, and Mr. McLaughlin was the popular proprietor of the Renfro Inn when that magnificent hotel was destroyed by fire.

Mr. R. L. Haymore, to succeed J. C. Olive, who has recently gone into business in Greensboro, was on last Thursday night, by the church in conference, elected superintendent of the Baptist Sunday School for the ensuing year; Mr. H. H. Bever, assistant superintendent, and Mr. A. W. Council, recording secretary and treasurer. The Sunday School is well organized, with good officers, teachers and attendance.

Saturday night, while Rev. J. H. Lambreth was at Mr. John A. Martin's where quite a number of friends had been invited to a birthday supper, a phone message came from Hotel Reynolds calling him to come and marry a couple. On arriving at the hotel Mr. Lambreth found Mr. Monroe Cox and Miss Martina King waiting to have the ceremony performed which was to make them husband and wife. This was almost quietly done—there being a few (not) invited guests present. After spending the night at Hotel Reynolds, the couple left on Sunday morning's train for their home near Ararat station.

There are two crimes which stand side by side at the head of the list—to speak evil of your neighbor and to listen to it. The listening ear and the slanderous tongue, are the two organs of the human body upon which the devil chiefly depends for the accomplishment of his purposes. If you will give him your ear and let him find the tongue to fill it, heaven will grow and the pit will rejoice. One of the highest virtues the heart can cherish is the virtue of a dull ear when slander croaks. Slander is never backed by a good motive. It is only a base heart that can say base things. The homes are countless that have been wrecked by loose talk which had no more foundation than "the baseless fabric of this vision," and he who deals in it does what not enriches him, but makes someone else poor indeed. Be on your guard, reader, and stay tight.

Joe Prather's Big Clothing Store. We dropped in a few days ago at Mr. J. W. Prather's clothing store, and must acknowledge that we were well treated at the immense size of the sales-room and the large stock of goods he has on hand. Indeed that store would look all right in Baltimore. Joe Prather is a leader and knows what he is about—sells goods cheap and always endeavors to please his customers. He now has one of the biggest clothing stores in North Carolina.

Dr. W. S. Taylor Cuts the Bull Out. Dr. W. S. Taylor, of this place, cut a minnie ball out of the leg of Mr. John H. Hollyfield, of Rockford, N. C., which had been troubling him ever since it was fired into him on the battlefield at Petersburg, Va., thirty-one years ago. Mr. Hollyfield was at Dobson last Thursday complaining with his leg and Dr. Taylor told him he could soon stop all that. He performed the operation successfully and Mr. Hollyfield is doing well. He kept the ball, and, placing it in his pocket, remarked that he intended to give it to his wife. This old Confederate veteran has some pluck yet, as it is not every man that will sit down and allow the surgeon to apply the knife after carrying a bullet in his person thirty-one years.

Deafness Cannot be Cured by Local Applications, as they cannot reach the diseased portion of the ear. There is only one way to cure Deafness, and that is by constitutional remedies. Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube is inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed Deafness is the result, and unless the inflammation can be taken out and this tube restored to its normal condition, hearing will be destroyed forever; this case can be cured by the method used by Dr. J. C. Cheney & Co., Toledo, O. Sold by Druggists, etc.

Nothing like those Chattanooga Chilled Plovers; and the Subsoiler is out of sight. Every farmer should have one, and a Hillside Plow that beats the world. Be sure to see Joyce.

Pain-Killer is a very remarkable remedy, both for 1896 and 1897. It is a very remarkable remedy, both for 1896 and 1897. It is a very remarkable remedy, both for 1896 and 1897.

Any doubt that may have hitherto existed as to the veracity of the Biblical account of the passage of the Jews dryland across the Red sea have been set at rest by the report of Major General Tulloch, published in London, describing an incident which took place during his recent survey for the British government of that part of Egypt through which the route of the exodus is said to have lain.

Did you ever stop to think what indigestion really means? It means simply that your stomach is tired. If our legs are tired, we ride. The horse and the steam engine do the work. Why not give your stomach a ride, too? Let something else do its work. Foods can be digested outside the body. All plants contain digestive principles which will do this. The Shaker Digestive Food contains digestive principles and is a preparation designed to rest the stomach. The Shakers themselves have such unbounded confidence in it that they have placed 10 cent sample bottles on the market, and it is said that even so small a quantity proves beneficial in a vast majority of cases. All druggists keep it.

Look at Your Label. We use a mailing machine, and with each name will be found the date to which the subscription has been paid. So there can be no mistake hereafter and you can see for yourself just what amount you are due us. Examine your label and if it is not correct let us know it. And now, what we want you to do, is to pay up in full. Some names show up twice and three years behind and others six to twelve months.

Pointdexter & Company are preparing to place a new ferry boat in the river at this place in lieu of the old one which they now have in use. Mr. Ollie Fowler, one of our young farmers, accompanied by his brother Walter, returned from Ireland last Wednesday where he had carried a load of his property, as he is going to move over there. Many of our citizens are having their wood sawed by steam power. Good plan, for they will not have to expose themselves in the cold chopping wood. A great deal of trading and moving has been carried on in this neighborhood of late. I know of twenty-two families who have or will soon move from or into this section. Did you ever hear of so many marriages? Cupid surely wanted to break the record in match-making during the past few weeks. Several couples have been married in this community of late. Mr. Wm. Martin, of Yadkin, who is about seventy-five years old, was united in the holy bonds of wedlock on last Tuesday to Miss C. Jane Stone, of Surry county, who is only twenty-three years old.
