Carpet-Baggers to Invade Cuba. It is intimated that the advisability of selecting civil officers for the management of affairs in Cuba is under discussion in Administration circles, the civil officers, of course, to be shipped to the island from the United States. The reason assigned tor this suggestion is that the civil officials, as substitutes for the military authorities, would be brought But, With all that Has Been Written into intimate relations with the Cuban people, and would thus familiarize them with our methods of government. Even if the upshot of this business is to be the annexation strangers to manage the civil affairs of the inhabitants of the island would cause needless friction and resentment. The Cubans have bethe temporary military occupation of their island, which sternly suppresses disorders and protects their lives and property, and would doubt-

archy it might have added; that have so bravely fought for liberty worst enemy when it invests in a country forever prating of equality, trust; it tells the man of wealth independence, liberty and constituthat the modern trust is the chief | tional restraints.-Messenger.

Hood's Pills are the best family editorial tells capital that it is its and independence against a boastful been at Santiago, went through enemy of his hopes. And the edi-

that "what we need more than laws which restrict and prevent the formation of trusts are laws and The proclamation of the United formation of trusts are laws and courts that will hold them to a high standard of honor, that will prevent misuse of their power, and that will especially prevent their oppression of individual competitors." That is sound, but hard to bring to pass. Promptly Reaches the Seat In every test made S. S. S. easily demonstrates its superiority over other blood remedies. It matters not how obstinate the case, nor what other treatment or remedies have failed, S. S. S. always promptly reaches and cures any disease where the blood is in any way involved.

Everyone who has had experience with And so surely as our Government is so constructed that ultimately the people rule, the modern trust, grasping and greedy, oppressive and Cures the Worst Cases.

disease where the blood is in any way involved.

Everyone who has had experience with blood diseases knows that there are no allments or troubles so obstinate and difficult to cure. Very few remedies claim to cure such real, deep scated blood diseases as S. S. cures, and none can offer such lipcontrovertible evidence of merit. S. S. S. cures, and none can offer such lipcontrovertible evidence of merit. S. S. S. cures, and none can offer such lipcontrovertible evidence of merit. S. S. S. suces, and not can foundation of the very worst cases, and routs the poison from the system. It does not like other remedies, dry up the poison and hide it from view temporarily, only to break forth again more violently than ever; S. S. S. forces out every trace of taint, and rids the system of it forever.

Mrs. T. W. Lee, Montgomery, Ala., writes: "Some years ago I was inoculated with poison by a nurse who infected my labe with blood taint. I was covered with sores and ulsers from head to foot, and hi my great extremity I prayed to die. Several prominent physicians treated me, but all to me purpose. The increary and potash which they gave me seemed to sed fuel to the awful flame which was devouring me. I was advised by friends who had seen wonderful cores made by it, to try Swift's Specific. I improved from the start, as the medicine seemed to go direct to the cause of the trouble and force the poison out. Twenty bottles cured me completely." Swift's Specific. ing legislation, will come to a hard end; whether in a tornado of social-
