That old sore or ulcer, which has been a source of pain, worry and anxiety to you for five or ten years—maybe longer—doesn't heal because you are not using the proper treatment, but are trying to cure it with salves and washes. While these are soothing and relieve pain to some extent, no real, permanent good can come from their use, because the disease is in the blood and far beyond the reach of external applications.

A sore heals promptly when the blood is in good condition, but mover if it is diseased. The tendency of these old sores and ulcers is to grow worse, spreading and cating deeper into the flesh. A person's capacity for work or pleasure is soon lost in the great desire and search for something to cure.

S. S. S. makes a rapid and permanent cure of old sores and ulcers, and is the only medicine that does, because no other can reach deep-seated blood troubles. Ordinary Suraparilla and potash mixtures are too weak and watery to overcome a deadly poison that has taken possession of the blood. Do not waste valuable time experimenting with them.

CONDITIONS IN PEKIN, CHINA.

At a meeting of the North Carona Division United Confederate Veterans, held at Raleigh on the 22d of last August, the following resolution was unanimously adopted :

United Confederate Veterans.

"Resolved, By the North Caroina Division, United Confederate eterans, in convention assembled that the Major General commanding be requested to appoint one or after ascertaining the amount necpropriation sufficient for the main tion before said Legislature or the proper committee thereof."

In compliance with the above recited resolution, it is ordered that Hon. Willis Brewer, Representative each Camp in this division be requested to send one or more delegates to meet at Raleigh at 8 p. m., on Wednesday, the 30th day of diested in the said resolution, and said delegates are requested to atpracticable.

es of vegetable growth. Question Answered.

Yes, August Flower still has the largest sale of any medicine in the civilized world. Your mothers' and grand-mothers' never thought of using anything else for Indigestion or Billousness. Doctors were scarce, and they seidom heard of Appendicitis, Nervous Frostration or Heart failure, etc. They used August Frostration or Heart failure, etc. used August Flower to clean out the system and stop fermentation of undisted food, regulate the action of the rer, stimulate the nerrons and organic action of the system, and that is all they took when feeling dull and bad with beadsches and other aches. You only need a few doses of tirren's August Flower, in liquid form, to make you satisfied there is nothing serious the matter with you. For sale by I. W. West, Druggist, Mount Airy, N. C.
