Gentlemen --- "Although my school does not believe in patent medicines, have found it to be a fact that Peruna is a grand and valuable medicine. I are using Peruna with beneficial results, have known it to cure Mrs. Sampson, suffering with an inflamed womb, aggravated by malaria, after the doctors had failed to help her. Another of my former patients suffered with a complication of female diseases; she was so thin, nothing but skin and bones, but Peruna cured her and she is to-day in good health and good flesh. Facts prove that Peruna revives lost strength and restores to the sick that most wonderful blessing of life. - health."
