In the year 1000 A. D., the people of Europe ceased all labor lothed themselves in snow white garments, and waited, with baed breath, to be caught up in the douds with Christ. The appointed day dawned as usual, the hours lengthened into the accustomed span without incident, and the people returned to take up their life in the world, wiser errestrials if not glorified celes ials. And so ever and anon, in the course of the centuries since that day, has some selt constituted prophet arisen out of the bewilderment of his brain-fog to proclaim this great Event near at hand. When the due process of time has recorded their failures, they have feigned some mistake in computation, and, with this excuse, have begun over and over again on equally foolish and fruitless task of try ing to learn the secrets which Almighty God has locked within the security of His own bosom till "the fulness of time."

Ouestion Answered. Yes, August Flower still has the largest sale of any medicine in the civil-ized world. Your mothers' and grandmothers' never thought of using any-thing else for Indigestion or Billous-ness. Doctors were scarce, and they seldom heard of Appendicitis, Nervous Prostration or Heart failure, etc. They used August Flower to clean out the system and stop fermentation of undi-gested food, regulate the action of the liver, stimulate the nervous and organic action of the system, and that is all they took when feeling dull and bad with headaches and other aches. You only need a few doses of Green's August Flower, in liquid form, to make you satisfied there is nothing serious the matter with you. For sale by I. W. West, Druggist, Mount Airy, N. O.
