

**SAYS LEMON JUICE
WILL REMOVE FRECKLES**

Girls! Make this cheap beauty lotion to clear and whiten your skin.

Squeeze the juice of two lemons into a bottle containing three ounces of orchard white, shake well, and you have a quarter pint of the best freckle and tan lotion, and complexion beautifier, at very, very small cost.

Your grocer has the lemons and any drug store or toilet counter will supply three ounces of orchard white for a few cents. Massage this sweetly fragrant lotion into the face, neck, arms and hands each day and see how freckles and blemishes disappear and how clear, soft and white the skin becomes. Yes! It is harmless.

**British Armies Rejoice Over
Pershing's Arrival**

British Headquarters in France, June 14.—Via London. (By Associated Press).—The news of the arrival of Major General Pershing the American commander, in France, spread through the British armies today and was received with the utmost satisfaction. While Field Marshal Sir Douglas Haig was represented in the welcoming of the American army vanguard at the port of landing, more elaborate British honors await their visit to this section of the western front.

General Pershing will be a valued member of the allied war councils in the future and will have the opportunity to study and witness the various offensive actions before his division arrives.

On his journey to France, General Pershing had the opportunity to see the efficiency of the British transport machinery in operation and was much impressed by it. Later he expects to go more thoroughly into the British system of handling supplies and men at the various bases, for the problems of the American forces with the overseas expedition will be largely similar to those which the British have so successfully solved.

Life Was a Misery

Mrs. F. M. Jones, of Palmer, Okla., writes: "From the time I entered into womanhood . . . I looked with dread from one month to the next. I suffered with my back and bearing-down pain, until life to me was a misery. I would think I could not endure the pain any longer, and I gradually got worse. . . . Nothing seemed to help me until, one day, . . . I decided to

TAKE

CARDUI

The Woman's Tonic

"I took four bottles," Mrs. Jones goes on to say, "and was not only greatly relieved, but can truthfully say that I have not a pain. . . ."

"It has now been two years since I took Cardui, and I am still in good health. . . . I would advise any woman or girl to use Cardui who is a sufferer from any female trouble."

If you suffer pain caused from womanly trouble, or if you feel the need of a good strengthening tonic to build up your run-down system, take the advice of Mrs. Jones. Try Cardui. It helped her. We believe it will help you.

WHEATLESS MEALS

Corn Meal as a Wheat Substitute—High Nutritive Value Justifies More General Use.

"Begin to-day to eat more corn meal and hominy grits in place of wheat flour and wheat breakfast foods" is the message the United States Department of Agriculture is sending out broadcast to housewives. "Try a wheatless breakfast to-morrow, and then extend the wheatless idea to other days or meals," the dietary specialists suggest.

To help the public use corn meal as a wheat substitute, the department has ordered large editions of Farmers' Bulletin 565, "Corn Meal As a Food and Ways of Using It," which will be sent on request to all who apply for it. This bulletin shows that corn-meal dishes can be made to take the place of those made of wheat, and supplies more than 50 tested recipes for its use for breakfast, luncheon, and dinner.

Corn, a great natural breadstuff of this country, the department's specialists point out, has not been used for human food nearly as much as its valuable nutritive qualities warrant. This is due largely to the fact that many persons with a wheat-using habit never have taken the pains to learn to use corn. There is no important dietetic difference between corn and wheat as sources of body fuel. Bread is convenient as a source of starch and protein, but in the ordinary mixed diet it makes little difference whether one gets the required cereal ration in the form of raised or light bread, mixed bread or biscuits, or as mush, hominy grits, or desserts.

To those who wish to try wheatless meals, the department suggests the following:

For a Wheatless Breakfast or Dinner As a substitute for wheat breakfast foods, try white or yellow corn meal or hominy grits, served with cream and sugar, butter, sirup, or fresh or dried fruit.

As a substitute for wheat biscuits, rolls, or toast, the housewife can employ a dozen different forms of corn bread, such as hoe cake, dodgers, soft or spoon corn bread, hominy bread, corn meal and rye Boston brown bread, Zuni Indian bread, etc.

Fried corn-meal mush, fried hominy, or corn-meal pancakes, made with very little wheat flour, will be found a pleasing variation from wheat cakes.

Corn-meal codfish cakes, corn-meal scrapple, corn-meal croquettes, corn meal or hominy cooked with meat, fish, cheese, eggs, or milk, will supply nourishing dishes for the hearty courses.

Hominy grits and coarse hominy ((sometimes called samp) may be boiled and used like macaroni or other wheat pastes to serve as side dishes with meat.

For dessert, Indian pudding, corn-meal and fig or apple pudding, apple dumplings, corn-meal doughnuts, gingerbread, cake, fruit gems, etc., will contribute variety as well as nourishment to the bill of fare.

The housewife who wishes to substitute corn for some but not all of the wheat flour can make excellent raised or light bread, pancakes, waffles, muffins, rolls, graham-flour Indian bread, etc.

That wheat, rice, rye, oats, corn, and potatoes are largely interchangeable as sources of starch in the diet, is made clear in Farmers' Bulletin 808, "How to Select Foods: What the Baby Needs."

**They Ask That Their Husbands
Be Conscripted.**

Washington, June 13.—Among the thousands of letters reaching the Provost Marshal General's office these days from wives, mothers and sweethearts, asking exemption for their men, officials were amazed to find several from wives asking that their husbands be conscripted. One wife said her husband did not want to go, but there was no good reason for him not going, and "tipped" the War Department, that it would be well to make a soldier of him.

**WHAT RED CROSS
PROPOSES TO DO.**

Davison States Specific Purposes of the \$100,000,000 Fund Requested.

Washington, June 11.—The specific purposes to which the Red Cross expects to donate the \$100,000,000, it has asked the American people to contribute are enumerated in a statement made public today by Henry P. Davison, chairman of the War Council of the Red Cross. President Wilson has set aside the week of June 18 to 25 as Red Cross Week and Mr. Davison hopes to obtain the full \$100,000,000 war service fund during that period.

"Our first obligation is to render such service as comes within the province of the Red Cross to our soldiers and sailors at home and abroad," the statement says:

"After making every provision necessary for this purpose our endeavor will be to supplement the efforts of our allies by caring for the sick and wounded.

"We shall help provide the bare necessities of life to the homeless in devastated France; to aid them to rehabilitate themselves and thus strengthen the manpower of the French army.

"We shall strive to hearten Russia, by providing additional ambulances and other relief for the sick and wounded along the battle front. We shall try to succor the homeless and wandering peoples of Poland, Lithuania and western Russia.

"We hope to extend aid to those who are fighting the battles of liberty in Rumania, Serbia and Italy,—indeed to relieve human misery among our allies.

"We have set \$100,000,000 as the minimum of our need. It is evident that we could use many times that amount. To administer these funds economically and efficiently we are developing an organization headed by some of the most competent and experienced business men in the country. They serve without pay.

"In due course we shall make a report to Congress so that the public may know the total amounts expended.

"The American people can rely, therefore, upon the fact that the Red Cross fund of \$100,000,000, or however much more than that, the emergency of the situation and the generosity of the public will enable us to administer it as efficiently and economically and as large-heartedly as we know how to do it.

"We believe firmly that the efforts of our Red Cross can be a vital and possibly decisive agency in helping to win this war. To us of the war council that is a humanitarian service in its highest sense and to render it effectively will be our paramount purpose."

Has Seen Service Enough.

Judging by the number who claimed exemptions, it is now considered a great honor to have about a dozen dependents on one. Anyhow, we hope the man who would have been 31 June 11 in addition to having a dependent father and mother, a wife, and six children under 12 years of age will be exempted. He's already seen enough war service.—Monroe Journal.

**American Ship Believes She
Sunk A German Submarine.**

Washington, June 6.—A German submarine is believed to have been sunk by an armed American steamer in a running fight lasting an hour and a half in which 35 shots were fired by the submarine and 25 by the steamer. An official announcement by the state department today says the steamer's final shot "apparently struck the submarine which raised clear out of the water and stood stern end up for a few seconds. Then she disappeared.

"We must exert all our power and employ all our resources to bring the Government of the German Empire to terms and end the war."—Woodrow Wilson, President of the United States.

LEGAL LAND ADVERTISEMENTS

**CERTIFICATE OF DISSOLUTION.
State of North Carolina, Department
Of State.**

To all to whom these presents may come—Greeting:

Whereas, It appears to my satisfaction, by duly authenticated record of the proceedings of the voluntary dissolution thereof by the unanimous consent of all the stockholders, deposited in my office, that the Farmers Produce and Supply Company, a corporation of this State, whose principal office is situated at Franklin street, in the town of Mt. Airy, county of Surry, State of North Carolina (H. G. Jarrell being the agent therein and in charge thereof, upon whom process may be served), has complied with the requirements of Chapter 21, Revision of 1905, entitled "Corporations," preliminary to the issuing of this Certificate of Dissolution:

Now, therefore, I, J. Bryan Grimes, Secretary of State of the State of North Carolina, do hereby certify that the said corporation did, on the 19 day of May, 1917, file in my office a duly executed and attested consent in writing to the dissolution of said corporation, executed by all the stockholders thereof, which said consent and the record of the proceedings aforesaid are now on file in my office as provided by law.

In testimony whereof, I have hereto set my hand and affixed my official seal at Raleigh, this 19 day of May, A. D. 1917.

J. Bryan Grimes,
Secretary of State.

TRUSTEE'S SALE.

Pursuant to authority vested in me as Trustee under a certain Deed of Trust, executed by J. E. Smith and Roxie Smith on April 11, 1916 duly recorded at Dobson, N. C. in Book No. 54 of Deeds of Trust in page 452, and being so requested by the beneficiary mentioned therein, I will sell at public auction on the premises at 2 o'clock

Saturday, June 30, 1917,
the remaining unsold part of land mentioned in said Deed of Trust. Said land consisting of a large frontage on the road opposite the Granite Church, near the quarries, Mt. Airy, N. C., and several acres of land in the rear with the improvements thereon. Terms of Sale: Cash.

R. M. Simmons, Trustee.

EXECUTORS NOTICE

Having qualified as executor of the last will and testament of Adelaide Bunker, dec'd., I hereby notify all persons holding claims against this estate to present the same to me for payment within twelve months from the date of this notice or this notice will be pleaded in bar of recovery thereon; all persons indebted to the estate will please make immediate payment to me.

This May 28th, 1917.

C. H. Hayns, Executor.

NOTICE.

Having qualified as executor of the last will and testament of Sarah E. Gardner, I hereby notify all persons holding claims against the estate to present the same to me within twelve months from the date of this notice or this notice will be pleaded in bar of the recovery; all persons indebted to the estate are requested to make immediate payment to me.

This April 18, 1917.

W. T. McKnight, Executor.

NOTICE.

Having qualified as administrator of the estate of Robert W. Bray, deceased, this is to notify all persons indebted to said estate to make payment of said indebtedness to the undersigned at once. All persons having claims against said estate are notified to present same on or before the 24th day of May 1918 or this notice will be pleaded in bar of recovery.

This the 24th day of May 1917.

T. W. Bray, Administrator.

Trustee's Sale.

By virtue of the power contained in a deed of trust executed by J. R. Wilson to me as trustee, on January 1, 1915, and recorded in book 55, page 77 of the record of mortgages of Surry County, I will sell to the highest bidder for cash in front of First National Bank of Mount Airy, N. C.,

on Monday, the 18th day of June 1917 at one o'clock P. M., the following described real estate:

A certain tract of land lying in Surry County, Mount Airy Township, and bounded as follows: Beginning on North side of Brower Street and on stake set on corner of lots No. 1 and No. 11 and runs with Brower street North 63 degrees East, three hundred feet (300) to stake set on corner of lots No. 16 and 17; thence with line between 16 and 17 North 27 degrees West, about one hundred fifty feet (150) to line of lot No. 35; thence with line of lot No. 35 South, 63 degrees West three hundred feet (300) to stake set on corner of lots No. 10 and 11; thence with line between these lots South 27 degrees thirty minutes East one hundred fifty feet (150) to the beginning.

To satisfy debt of \$125 with interest and cost to be added.

Dated this May 18, 1917.

W. F. Carter, Trustee.

Sour Stomach.

This is a mild form of indigestion. It is usually brought on by eating too rapidly or too much, or of food not suited to your digestive organs. If you will eat slowly, masticate your food thoroughly, eat but little meat and none at all for supper, you will more than likely avoid the sour stomach without taking any medicine what ever. When you have sour stomach take one of Chamberlain's Tablets to aid digestion.

**CLIP THIS AND PIN
ON WIFE'S DRESSER**

Cincinnati man tells how to shrivel up corns or calluses so they lift off with fingers.

Ouch ! ! ! ! ! This kind of rough talk will be heard less here in town if people troubled with corns will follow the simple advice of this Cincinnati authority, who claims that a few drops of a drug called freezeone when applied to a tender, aching corn or hardened callus stops soreness at once, and soon the corn or callus dries up and lifts right off without pain.

He says freezeone dries immediately and never inflames or even irritates the surrounding skin. A small bottle of freezeone will cost very little at any drug store, but will positively remove every hard or soft corn or callus from one's feet. Millions of American women will welcome this announcement since the inauguration of the high heels. If your druggist doesn't have freezeone tell him to order a small bottle for you.

Fall Tomatoes From Cuttings.

Tomatoes grow readily from cutting, and an early fall crop may be had by making cuttings from the spring crop. Seedlings are hard to raise during summer unless given special care. But plants from cuttings are comparatively easy to obtain. Then when roots have formed the plants are two to three weeks ahead of plants from a seed bed made at the same time.

Probably the easiest way to obtain plants, according to G. K. McQuarris, State Agent for the University of Florida Extension Division, is to bend the old vine over and cover a portion of it with earth so that the top protrudes. In a few days roots will have formed and the top may be cut off, with the roots, and set. A more difficult way is to make cuttings several inches long and to set them in sand until they are rooted. They should be watered frequently and protected from the hot sun.

Where the old plants are not diseased they may be pruned back to eight or ten inches and allowed to grow from new tops. This will perhaps give the earliest tomatoes. In the home garden this pruning may be extended over several weeks so that a succession of tomatoes may be had. The cuttings may be made with the same view.

**TRY IT! SUBSTITUTE
FOR NASTY CALOMEL**

**Starts your liver without making
you sick and can not
salivate.**

Every druggist in town—your druggist and everybody's druggist has noticed a great falling-off in the sale of calomel. They all give the same reason. Dodson's Liver Tone is taking its place.

"Calomel is dangerous and people know it, while Dodson's Liver Tone is perfectly safe and gives better results," said a prominent local druggist. Dodson's Liver Tone is personally guaranteed by every druggist who sells it. A large bottle costs 50 cents, and if it fails to give easy relief in every case of liver sluggishness and constipation, you have only to ask for your money back.

Dodson's Liver Tone is a pleasant-tasting, purely vegetable remedy, harmless to both children and adults. Take a spoonful at night and wake up feeling fine; no biliousness, sick headache, acid stomach or constipated bowels. It doesn't gripe or cause inconvenience all the next day like violent calomel. Take a dose of calomel today and tomorrow you will feel weak, sick and nauseated. Don't lose a day's work! Take Dodson's Liver Tone instead and feel fine, full of vigor and ambition.

The Beauty Secret.

Ladies desire that irresistible charm—a good complexion. Of course they do not wish others to know a beautifier has been used so they buy a bottle of

Magnolia Balm

LIQUID FACE POWDER
and use according to simple directions. Improvement is noticed at once. Soothing, cooling and refreshing. Heals Sunburn, stings, etc.
Put in White, Rose-Red
25c. at Druggists or by mail direct.
Sample (either color) for 2c. Stamp.
Lyon Mfg. Co., 40 South Fifth St., Brooklyn, N.Y.

**Poultry Club Members to Aid
Food Supply**

West Raleigh, N. C., June.—The two thousand or more members of the Poultry Clubs will be called upon by the Animal Industry Division of the Experiment Station to aid in the food supply of the State by preserving eggs, if the present plans are carried out. It has been found, and has been advocated among the women of the State, that the preservation of eggs by water glass, or sodium silicate, offers the solution of cheap eggs during the winter months.

At the present time eggs are plentiful and cheap. This winter they will be high and scarce. To preserve them now means that they may be consumed in the winter and the nice, fresh, high-priced eggs be sold to aid in the income of the farm. The preserved eggs are good for use in every way as the freshly laid ones, with the exception that they will not pouch, and when they are boiled it is well to prick a small hole in the big end of the shell to prevent cracking.

Mr. Oliver calls attention to the following precautions and directions governing the contest:

"Selecting Eggs.—Those eggs to be used must be clean, fresh, not over three days old, and absolutely sound in shell. No cracked eggs are fit. They can be put in each day, just as we wish and can spare them. This is a great advantage.

"Container.—Any suitable sized earthenware jar, galvanized tubs, wooden tubs or buckets. These must be thoroughly boiled and cleaned before putting the liquid in.

"Size of Container.—Any size can be used. This depends on the number of eggs to be preserved. The following table will help:

1 gallon.....	40 eggs
2 gallons.....	80 eggs
3 gallons.....	120 eggs
4 gallons.....	160 eggs
5 gallons.....	200 eggs
10 gallons.....	400 eggs

"Water-glass, or sodium silicate, can be had at any drug store at a cost of about 35 cents a quart. If the stores do not have it have them order it for you.

"Mixture.—Use 1 quart of water-glass to 9 quarts of boiled water, or 1 part to 9 parts.

"Boiling water.—Water must be boiled at least 15 minutes and allowed to cool.

"Mixing Solution.—Mix the water-glass and water together thoroughly, as per above proportion. Then put the eggs in the bottom of the container and pour the water-glass mixture in until the eggs are covered to a depth of about two inches. As you add more eggs put in more water-glass solution. If the mixture becomes jelly-like simply add a little more boiled water. Keep the surplus mixture in a sealed jar, as a fruit jar, to prevent evaporation.

"Testing Eggs.—Use great care by testing every egg before placing in container as one bad egg will, of course, spoil all in that container.

"Where to Place Containers.—Containers should be kept in a cool place and the top must be covered with heavy paper to prevent evaporation. Dirt and dust must be kept out.

"To the boy or girl who preserves the largest number of eggs by above process:

First Prize, \$7.00; second prize, \$5.00; third prize, \$3.00.

"Above prizes to be awarded by the County Agent, the Canning Club Agent, and one other authentic witness not related to competition."

**New York's Subscription
To go Over Billion Mark.**

New York, June 14.—The New York federal reserve district had subscribed for \$950,000,000 worth of liberty bonds at the close of business tonight, it was estimated by the liberty loan committee. Confidence was expressed that when the books close tomorrow the total will be well beyond the \$1,000,000,000 mark.
