

HOW J. F. GRAYDEN QUICKLY STOPPED KIDNEY TROUBLE.

Another South Carolinian Testifies to Remarkable Efficacy of New Herb-and-root Medicine, Gives Signed Interview.

When the kidneys hurt and the back feels sore, don't get scared and proceed to load the stomach with a lot of drugs that excite the kidneys and irritate the entire urinary tract.

J. F. Grayden of Simpsonville, S. C. seems to have found a good natural way for keeping the kidneys and entire system in good healthful condition.

Draco, referred to in the above statement is purely a combination of natural ingredients. It contains no mineral acids or dangerous metallic salts.

Draco is now dispensed by best druggists everywhere and is particularly recommended in Mount Airy by Hawks-Rothrock Drug Co.

EXCITING SCENES OCCUR IN GERMAN REICHSTAG.

Deputies Speak out openly and one Declared That Kaiser Must Abdicate.

Amsterdam, Oct. 25.—Exciting scenes occurred in the German reichstag during the proceedings of the house on Friday and Saturday.

In the course of the discussion, the Polish deputy, Korfantz, hotly attacked the Polish policy of the government.

"We are not blaming the German people for these persecutions, but German militarism. We extend the hand of reconciliation to the German people for the common weal."

The independent socialist, Dr. Cohn, who declared that the war was just after the first battle of the Marne, said that General Ludendorff at the end of September proposed the formation of a government empowered to negotiate an armistice with President Wilson.

"The question cannot longer be evaded," said Dr. Cohn, "war with the Hohenzollerns or peace without the Hohenzollerns. World revolution will follow or world imperialism and world militarism, and we will overcome them."

The speech was received with such commotion, cries of "shame!" and applause, that the President threatened to have the chamber cleared.

The house debated the bill amending the constitution, which was passed Saturday. Several speakers displayed anxiety to show that the reforms were not dictated by the enemy but had been advocated since the spring of 1917.

The conservative, Herr von Graefe complained that the proposed reforms would destroy all the crown influence and declared that the proposed reforms would refuse to co-operate in such a break with the past.

State Secretary Groeber and War Minister Major General Scheuch, both declared that there was nothing in the reforms which could endanger the firm structure of the army or the personal relationship between the Prussian king and the officers.

Mrs. A. E. Sidenberder, Rockfield, Ind., states: "For an attack of bronchial trouble which usually assails me in the Spring I find Chamberlain's Cough Remedy the only thing that gives me relief."

PRESENTS AN INSPIRING VISION ON WORLD WAR

Return of Y. M. C. A. Worker Tells Greensboro Committee of Scenes at Battle Front.

Greensboro News.

One of the most inspiring visions of the world war, as viewed by a Y. M. C. A. worker, was presented to the district group of the united war work council last evening at a banquet given in the Guilford hotel.

The theoretical side of the war was entirely forgotten by Mr. Thomas and his entire address was focused on the human nature phase of the struggle.

Asked what the American soldiers wanted and needed more than any other thing, Mr. Thomas replied, "Companionship."

The city people are responding admirably, but the country people have not yet realized the supreme importance of this matter.

All nuts and seeds are acceptable so long as the hard shells have not begun to decay.

As a whole, he said, the American soldiers in France are leading clean lives, and the constant companionship with death has transformed many of them.

The entire work of the war relief in fact, only an equal portion of it is devoted to worship. Clean amusement is afforded constantly and every thing possible is being done to provide for the comfort of the troops.

The worker is constantly inspired by the immediate results observed among the men and almost daily he is enabled to see where he has saved a soul.

At the conclusion of Mr. Thomas' address, brief plans were discussed for the organizing of leaders and workers in the approaching campaign for funds.

TO MAKE GAS MASKS OF CARBON IN SHELLS

All Citizen Can Save Walnut and Hickory Nut Hulls—Save Them and Help Win the War.

An urgent appeal is being made for nuts and the seeds of stone fruits for making charcoal for gas masks for our soldiers. Much material of this kind has been collected in the town and cities, but very little as yet has been done in country districts.

"The Boy Scouts of America, the Camp Fire Girls, the Y. M. C. A., the Food Administration, the National War Savings Committee, the Red Cross and various other agencies are taking part in a wide campaign begun in August for the collection of such material.

The city people are responding admirably, but the country people have not yet realized the supreme importance of this matter.

This material is being assembled at the two Carbonization Plants of the Gas Defense Division of the Chemical Warfare Service, U. S. A. where they are rapidly made use of.

Seven pounds of nut shells, 200 peach pits or the equivalent are enough for one gas mask.

Because of the fact that the rural sections are not yet responding proportionately in contributing their part toward the assembling of such material, the Gas Defense Division represented by 1st Lieutenant W. M. Jackson, who has charge of the campaign has appealed for aid to the County Agents.

Hearing of Doan's Kidney Pills, I bought some and took them according to directions. They soon regulated my kidneys and I praise them very highly."

Socialists Want Ample Military Guarantees. New York, Oct. 26.—Resolutions opposing any armistice with Germany except such as provide ample military guarantees for the carrying out of the peace terms laid down by President Wilson in his "fourteen principles" and substitute addresses, with those laid down by the London memorandum of the entente socialists on February 22, were adopted here today by delegates to a conference called by the administrative committee of the social democratic league.

The delegates, who described themselves as "socialists who still adhere to the original socialist principles with the exception that they approve the war and support President Wilson and the government in their war aims," also passed resolutions calling on all socialists to withhold their votes at the coming election from congressional candidates who are not unconditionally pledged to these terms.
