Salisbury And Rowan Both Employ Whole-Time Nurses

Salisbury, March 6.—Miss Mamie Lynch, a professional nurse who has been on duty at the emergency hospital, has now become whole time city nurse. Her services have been secured through the joint co-operation of the city, the Red Cross and the Metropolitan Life Insurance company.
Mrs. Bassett, who is designated by the state board of health as all time nurse for Rowan county has arrived and taken up her work. Her support is made possible by the joint co-operation of the local Red Cross and county commissioners. She will devote most of her time to work in the county and will give special attention to infant hygiene.

Both Mrs. Bassett and Miss Lynch will have offices in Dr. Armstrong's suite of rooms in the courthouse.
It is planned to soon put on whole time dentists in the county.

Durham Raises Howl Over Increase in Ice

Durham, March 5.—The boost in the price of ice from 60 cents per hundred pounds to 80 cents by the local manufacturers, effective March 1, has caused an ice howl in Durham by those who use large quantities, and is getting the ice question hot. Housewives, who have been paying 30 cents for 50-pound blocks of ice, have been notified that hereafter they must pay 40 cents—a 10-cent raise to households, and a 20-cent raise to commercial concerns.
The ice cream manufacturers are hard hit, and they are making a vigorous protest. A co-operative ice plant, independent of the ice manufacturers already here, is being discussed with some prospect of becoming an actuality with those who use large quantities of ice.

Uncover Coffin And Bones In Salisbury Excavations

Salisbury, March 6.—Contractor Bradshaw's men excavating for Rouser garage, corner Main and Liberty streets, exhumed portions of coffin and some human skeleton bones.

The coffin was near the corner of an old brick building that had stood there for more than a century and that was 100 years ago the county jail. The oldest inhabitants cannot account for a grave at this point and it is probable that it held the remains of some one who was executed at the jail and buried in the jail lot.

One negro workman found the knee cap and put it in his pocket saying he was going to carry it for good luck.

Brakeman Hurt Going Through Tunnel

Asheville, March 5.—Harry Hunter, a brakeman on the Southern railway, is in the McDowell hospital at Marion, believed to be suffering from a fractured skull as a result of being struck by a boulder as he passed through a tunnel in the mountains between Asheville and Marion. He was found on top of a freight car of the train unconscious after passing through the tunnel, and was removed at Marion and taken to the hospital there.

This is the first accident of the kind that local railway officials say has ever been reported to them.

England And France Will Pay Loan

London, March 5.—J. Austen Chamberlain, chancellor of the exchequer, announced tonight that England and France had agreed not to review the Anglo-French loan issued in the United States in 1915 and were taking steps for its repayment.

The Best Laxative
"My sedentary habits have necessitated the use of an occasional laxative. I have tried many but found nothing better than Chamberlain's Tablets," writes George F. Daniels, Hardwick, Vt. Mr. Daniels is proprietor of the Hardwick Inn, one of the noted hotels of New England.

Conditions In Lenoir For Bee Culture Excellent

Kinston, March 5.—Conditions for bee culture are ideal in this part of North Carolina. C. L. Sams, state expert, told beekeepers of Lenoir county here yesterday. He is an encyclopedia on the subject and declared the industry one of great promise. There are probably less than 2,000,000 hives in the state, he said, and the number should be much larger. A completely stocked and equipped hive should cost only \$10 or \$12, Sams said in an interview, while in a single favorable season the product of a hive should be worth several times that much.

A BIT OF ADVICE

First—Don't Delay Second—Don't Experiment

If you suffer from backache; headaches or dizzy spells; if you rest poorly and are languid in the morning; if the kidney secretions are irregular and unnatural in appearance, do not delay. In such cases the kidneys often need help.

Doan's Kidney Pills are especially prepared for kidney trouble. They are recommended by thousands. Can Mount Airy residents desire more convincing proof of their effectiveness than the statement of a Mount Airy citizen who has used them and willingly testifies to their worth?

Hugh Tilley, farmer, 208 Orchard St., says: "I used Doan's Kidney Pills some time ago and found them to be just as represented. I had a great deal of trouble with my back and kidneys, but Doan's brought me great relief. I recommend Doan's at every opportunity."

Price 60c, at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mr. Tilley had. Foster-Milburn Co., Mfrs., Buffalo, N. Y.

What 1920 Will Bring.

The business man, farmer or merchant of today in order to be successful must read a reliable, progressive and independent daily newspaper and keep up with the times.

The year 1920 will bring the Presidential election in which everyone is interested, and the discriminating reader wants both sides to every question. The Greensboro Daily News is "Now Leading Them All in North Carolina," for the reason that it supplies this demand.

The Greensboro Daily News

is well equipped to handle the news properly and quickly. This paper is served not only by the full Associated Press Service, but maintains and operates an extra private leased wire from Washington to Greensboro.

Among the special features of the Daily News service are the David Lawrence articles, the C. W. Gilbert articles (exclusive rights for the state for both), the Washington service of Theodore Tiller, special Raleigh service and a state news service unequalled, as well as many Sunday features including a colored comic section.

INEXPENSIVE, DELICIOUS AND WHOLESOME

Everyone enjoys good bread. Nothing could be more delicious or wholesome than bread or biscuits made with Dan Valley, White Satin or Dan River Self Rising Flour.

These brands have been the standard for the last 25 years in thousands of homes that appreciate the necessity of using high-quality flour in the making of good bread. Get the bread habit. There is nothing more healthful or more nutritious. Best of all, bread is inexpensive. 10c worth of any one of these famous old brands of flour contains more calories than 90c worth of beef or mutton, or \$1.25 worth of eggs. Use plenty of bread and less of the more expensive foods. It will bring down the high cost of living.

Dan Valley Flours are milled by a special process, by which all the nutritive value of the wheat is retained. Now obtainable in pre-war quality.
