

**The most natural thing in the world**

is for a child to ask for candy. And the most sensible thing for a parent to do is to give the child a reasonable amount of candy and make sure that it is of the very best quality.

Huyler's candies are pure, clean and wholesome, and the child that is given Huyler's in the home and taught to ask for Huyler's in the store will be able to satisfy a perfectly natural craving for sweets in a real healthful way.

**Arrest Ends A World-Wide Search For Bag Of Jewels**

New York, April 10.—A world-wide search for a fortune in jewels, the property of Mrs. Clarence Millhiser, of Richmond, Va., has ended here with the arrest of James E. Foye, who had in his possession a check for \$20,000 paid by a pawnbroker for nine pearls believed by the police to be part of a necklace valued at \$275,000 lost by Mrs. Millhiser here last May.

When she missed the pearls Mrs. Millhiser notified the police she had given two bags of jewels valued at \$500,000 to Foye, then an employe of the Biltmore hotel, to be placed in the hotel vault and found only one package when she asked for the jewelry.

**MUSIC TEACHER IS ENTHUSIASTIC**

**Miss Cantril Declares Tanlac Is Best Medicine She Ever Heard Of**

"I am simply delighted over my wonderful improvement since I began taking Tanlac," was the enthusiastic statement made by Miss Louise Cantril, popular music teacher of 8405 Elm street, Los Angeles, Cali.

"For as long as I can remember my kidneys troubled me and I rarely ever got a good night's rest," she continued. "I lost my appetite completely and what I managed to swallow by sheer force of will would ferment and cause so much gas that my heart would palpitate terribly and at times I came near fainting. I fell off from one hundred and twenty pounds to ninety-eight and was so nervous and weak I had to give up my work."

"Medicines and treatments did not do me a bit of good and I lost faith in them. A friend of mine kept insisting that I try Tanlac and to please her I did. Now I can't thank her enough, for the way Tanlac helped me is nothing short of remarkable. My appetite came right back and I eat anything I want without the slightest trouble. My kidneys seem to be in perfect shape and I sleep all night long like a child. I have gained so much in weight and strength and am so happy I don't hesitate to say Tanlac is the best medicine I ever heard of."

Tanlac is sold in Mount Airy by J. W. West Drug Co., in Pilot Mountain by Pilot Drug Co., in Elkin by Elkin Drug Co.

**How is Your Complexion?**

A woman should grow more beautiful as she grows older and she will with due regard to bath, diet and exercise, and by keeping her liver and bowels in good working order. If you are haggard and yellow, your eyes losing their lustre and whites becoming yellowish, your flesh flabby, it may be due to indigestion or to sluggish liver. Chamberlain's Tablets correct these disorders.

Dear Mr. Norvell:

Please book me for five thousand (5000) bags of Zell's Bright Tobacco Grower 8-3-3 and Zell's Special Compound 8-2-2. I will give you shipping dates and points to be shipped just as soon as I can see my tenants.

I had excellent results from Zell's last year, and wish to make sure that I will get it again this spring. We had the worst season last year that we have had for many years, due to excessive rain fall. My crop did not suffer from burning where Zell's was used, and sold for nearly a quarter of a million dollars.

Please confirm this order by letter, and oblige,

Yours very truly,  
(Signed) J. M. GALLAWAY.

Gentlemen:

The best way I can tell you what I think of your Zell's Fertilizer for Tobacco is to enclose a copy of account sales made at Edmondson's Warehouse, South Boston, Virginia, November 21, 1919. Two curings, 1,599 pounds, brought \$1,973.54. This is about \$123.40 average per hundred pounds. I have tried nearly all standard fertilizers, but Zell's always gives tobacco better color and weight than anything else. I think you will find that this is about the best sale made in this section of Virginia.

Yours truly,
