MOUNT AIRY, N. C.

## ATTENTION FARMERS!!

Those who contemplate installing an Electric Light system or Electric Light and Water system will do well to see the Fairbanks-Morse outfit in operation in my place of business in Postoffice Building, Mount Airy, N. C. It will cost you nothing to investigate and we may save you money on the job.

O. B. WEBB, Mount Airy, N. C.

### Health News.

Studies of the incidence of typhoid fever in our largest hospitals show that typhoid fever is at least twice as frequent among those who come in close and frequent association with the person sick with the disease as among the population at large. Further, the disease contracted under such conditions seems to run a course of more than ordinary severity, with a greater number of complications and with a high mortality.

Typhoid fever, in view of all the facts, must now be regarded as a "contagious" disease. We will never have an end of it until it is so regarded and treated accordingly. The three sources for the spread of typhoid fever are: Water, flies and contact with a person sick with the disease.

"Contact" is a convenient term to indicate the spread of the infection directly or indirectly as a result of close association between the sick and the sound. Typhoid fever infections then may be passed from one to another through kissing, soiled hands, remnants of food, infected thermometer, or tongue depressors, contaminated towels or other fabrics, cups, spoons, glasses, etc. The infection may also be spread in the household by flies, fingers and various other means, usually difficult to trace, and which are, therefore all included under this group. Regarded in this light, contacts play a large role in the spread of disease.

In a household where there happens to be a case of typhoid fever there should be all precautions used in order to keep other members of the family from coming down from the disease. Be vaccinated and stay away from the person sick with the disease. The sick should be placed in a room as far from your kitchen and dining room as possible, all windows well screened; remember the danger of the fly in spreading typhoid fever. Only the nurse or person waiting on the sick should handle those things which the sick has come in contact with. In handling anything which the sick has been in contact with you should at once wash your hands in an antiseptic wash, Lysol or Carbolic Acid makes a good antiseptic for washing purposes. All discharges from the sick should be handled with care and buried.

Remember that you are in danger at all times in being associated with a person sick with typhoid fever. Keep your distance and protect yourself against this disease by being vaccinated—Free at the County Health Office.

L. L. Williams, M. D.  
County Health Officer.

### New Laundry Agency

W. M. Jordan has accepted the agency for the Winston-Steam Laundry and will collect all laundry here and ship to Winston-Salem on Friday and Saturday of each week and get the goods back on the following Tuesday. He will go over the town in a systematic way and collect all laundry and deliver the goods back when finished. If the business develops as Mr. Jordan thinks it may he will establish a new laundry here. This depends upon the amount of work he is able to secure.

### Has Never Seen Their Equal...

"I have used Chamberlain's Tablets for stomach trouble, biliousness and constipation, off and on for the past ten years. I have never seen their equal yet. They strengthened my digestion, relieved me of headaches and had a mild, pleasant action on my bowels. I take pleasure in recommending them" writes H. D. F. Parmenter, Criderville, Ohio.

## West Drug Co. Soft

## INVENTIVE GENIUS ROBS CALOMEL OF NAUSEA AND DANGER

Doctors' Favorite Medicine Now Purified and Refined from All Objectionable Effects. "Calomel" — the "New Name."

What will human ingenuity do next? Smokeless powder, wireless telegraphy, senseless carriages, colorless iodine, tasteless quinine—now comes nausealess calomel. The new improvement called "Calomel" is now on sale at drugstores. For biliousness, constipation and indigestion the new calomel tablet is a practically perfect remedy, as evidenced by the fact that the manufacturers have authorized all druggists to refund the price if the customer is not "perfectly delighted" with Calomel. One tablet at bedtime with a swallow of water—that's all. No taste, no nausea, no griping, no salts. By morning your liver is thoroughly cleansed and you are feeling fine, with a hearty appetite. Eat what you please—no danger—go about your business. Calomel is not sold in bulk. Get an original package, sealed. Price, thirty-five cents.—(adv.)

### Notice To County Teachers

As most of the Surry county teachers know, the Summer school for teachers begins at Dobson, Monday morning July 5, at 8:45, and I am writing this final notice to remind those who expect to attend to be there at that time. We hope that, as nearly as possible, every one expecting to attend will be there on time the first morning. To be coming in all along through the day will keep us from progressing in our work, and will start you off with a bad record.

We shall have to insist on prompt and regular attendance. I believe the law states that if you start later than the third day, you will not be given full credit for your attendance.

I trust that you have seen my previous notices, and have planned to do hard work from the beginning. Teachers will be paid this year according to experience and certification and it behooves every one to hold the highest possible certificate.

I should like to further suggest that the teachers secure from Mr. J. H. Allen, County Supt. a summer school bulletin and study it, concerning your own certificates. This would relieve the directors of many unnecessary questions. Besides, this little bulletin can answer the questions you want better than we can.

Trusting to see a large number of teachers present Monday, I am,

Yours truly,

L. M. Epps,

Director of Summer School.

### McAdoo Declares He Has

#### Gone The Limit

New York, June 23.—Wm. G. McAdoo declared today that in telegraphing Burrus A. Jenkins yesterday he had done everything in his power to persuade the Kansas City publisher not to present his name to the San Francisco convention for the Democratic presidential nomination.

"What more can I do," he asked after reading Mr. Jenkins' reiterated declaration that he would nominate Mr. McAdoo either with or without his consent.

In a written statement today Mr. McAdoo branded as false the report of a New York newspaper which declared he would not make the presidential race because of ill health. The statement says:

"My attention has just been called to the statement that I have tuberculosis. It is amazing that any reputable newspaper or individual would be guilty of such a falsehood. There is not a shadow of foundation for such a statement. It would be impossible for me to publicly characterize such despicable methods."

## Helps Sick Women

Cardui, the woman's tonic, helped Mrs. Wilbur Swartz, of Hunt Field, Ky. Read what she writes: "I had a general breaking-down of my health. I was in bed for weeks, unable to get up. I had such a weakness and dizziness, ... and the pain was very severe. A friend told me I had tried everything else, why not Cardui? ... I did, and now—now I was laughing at me ... After 12 bottles, I am strong and well."

TAKE

# CARDUI

The Woman's Tonic

Do you feel weak, dizzy, "run-down"? Is your best-organized health coming from any of the complaints so common to women? Then why not give Cardui a trial? It should surely do for you what it has done for so many thousands of other women who suffered—it should help you back to health.

Ask some lady friend who has taken Cardui. She will tell you how it helped her. Try Cardui!
