# Moore County Goes Visiting

During the week beginning October 24th a score or more of cars bringing representatives of the

## Chamber of Commerce of Aberdeen

Moore County

will make a tour of Forsyth, Yadkin, Stokes and Surry county to get acquainted with the people of the Piedmont.

Many families from the Piedmont counties are settling in Moore, where they are thriving and well-liked by their neighbors, and more are wanted of the same type.

Moore county is a fine tobacco section, its leaf ranking with the best. At the present prices on the Moore county markets are among the highest in the state,, and it is chiefly because of the quality of the leaf. The soil is light and easy to cultivate. It makes many money crops. Peaches, dewberries and tobacco yield generously, and each crop has been known to make enough in a single year to more than pay for the farm it was raised on.

Moore has fine roads everywhere, good schools, churches, three tobacco markets in three towns, three railroad systems, and the finest winter resort in the South with unsurpassed climate and health conditions.

The Aberdeen delegation will stay two or three days in the Piedmont, and desires to meet as many people as possible.. . As a couple of dozen cars are expected to be in the groupe a number of persons who might like to look at Moore county now would find room to go back along, and they would be welcomed to join the party on

You have heard about Moore from your friends and neighbors who have gone down that way. This will be a good time to see and talk with reliable men from the heart of Moore county, so it will be wise to fall in with the Aberdeen delegation and get acquainted and learn about that excellent section. The Aberdeen men want to extend their welcome to everybody to see the Sandhill country.

If you don't see the visitors on their trip write for information about Moore county to the Chamber of Commerce, Aberdeen, N. C.
