"My husband bought a bottle of Ziron, and I began taking it and began to pick up. I think it is a very good tonic for run-down people. My little boy was thin, and looked very pale and delicate. I gave him Ziron, and he was up and is looking fine." Sold by druggists on a Money-Back Guarantee.

**Harding Gains Twenty-Eight Pounds and Works Every Day Since Taking Tanlac.**

"I have gained twenty-eight pounds and all my old-time strength and energy have returned since I began taking Tanlac," said George L. Harding, a well-known longshoreman of 914 1-2 James-street, Seattle, Wash.

"For two years," said Mr. Harding, "I had indigestion so bad everything I ate seemed to act like poison to me. My stomach would cramp so I would double up like a jack-knife and I suffered constantly with headaches, constipation and dizziness. I had the rheumatism in my hips and legs so I could hardly lift anything-although I have been used to hard work all my life. Finally my troubles got so bad I could not work more than two or three days a week and I knew I couldn't keep going at all much longer.

"One night as I was sitting in the Union Hall, all doubled over with cramps in my stomach, one of the boys advised me to try Tanlac and sure enough it began to relieve my troubles right away. Now I eat anything I want and lots of it; the rheumatism has left me entirely and I work with the best of them every day. I hardly ever felt better in my whole life and Tanlac has set me so firmly on my feet it is a pleasure to give my endorsement."

Tanlac is sold in Mt. Airy by I. W. West Drug Co., in Pilot Mountain by Pilot Drug Co., in Elkin by Elkin Drug Co., and in Dobson by Mrs. J. E. Norman.

**HOW DOCTORS TREAT COLDS AND THE FLU**

First Step in Treatment is a Brisk Purgative With Calotaba, the Purified and Refined Calomel Tablets that are Mauseless, Safe and Sure.

Doctors have found by experience that no medicine for colds and influenza can be depended upon for full effectiveness until the liver is made thoroughly active. That is why the first step in the treatment is the use of mauseless calomel tablets called Calotaba, which are free from the sickening and weakening effects of the old style calomel. Doctors also point out the fact that an active liver is a long way towards preventing influenza and is one of the most important factors in enabling the patient to successfully withstand an attack and ward off pneumonia.

Gas Calotab on the tongue at bed time with a swallow of water—that's all. No salts, no nausea nor the slightest interference with your eating, pleasure or work. Next morning your cold has vanished, your liver is active, your system is purified, and you are feeling fine, with a hearty appetite for breakfast. Druggists sell Calotaba only in original sealed packages, price thirty-five cents. Your money will be cheerfully refunded if you do not find the result you expect. (Adv.)
