CHRISTMAS SEAL CAMPAIGN TO BEGIN THANKSGIVING DAY

Miss Elizabeth Merritt and Mrs. Sam Combs Directors of Local Campaign to Sell Our Part of Ten Million Seals

The North Carolina Tuberculosis Association will place on sale this year ten million Tuberculosis Christmas Seals, which will sell for one cent each, the receipts to be used in providing funds for the care and prevention of tuberculosis. The Seals will be on sale from Thanksgiving Day until Christmas.

In securing the services of Miss Merritt and Mrs. Combs Mount Airy has able directors for the local sale and funds are assured for the care of a number of needy cases of tuberculosis who would otherwise die.

Ten million is a large number of seals. Places end to end they would reach from Asheville to Raleigh and the receipts from each half mile sold would provide four months treatment in the best sanatorium in the State. This number is an allotment of five for each person in North Carolina, but we can best judge our interest in humanity by the number of yards we buy.

A case has just been called to the attention of the Association where the Seals gave relief to a family in Beaufort county in a rather unique way.

The Superintendent of Public Welfare, who is also Chairman for the sale of Seals, was called in to see a boy who was undernourished and weakly and had been unable to keep up with his classes. An allotment was made from the Seal fund of \$5.00 for the purchase of milk but this amount was insufficient. The Superintendent then made the suggestion that the father purchase a cow on the installment plan and he would continue the \$5.00 allowance to apply on the purchase price. The cow was paid for in this way in six months and the family given an adequate supply of milk. The boy is now properly nourished and making good progress in school. In this community the cow is known as the "Christmas Seal Cow."

State Wide Spelling Contest Will be Held November 29th

Raleigh, Nov. 5.—The statewide spelling contest to be held on Wednesday afternoon, November 29, which is the first day of the 1922 session of the Teachers' assembly, will determine what boy or girl in North Carolina is the champion speller of the state. This contest was inaugurated last year and proved such a success and was so popular, the executive committee have determined to make it one of the annual yearly features of the assembly meeting. Last year there were about a hundred contestants. This year upwards of 200 are expected.

The contestants must come from any of the first seven grades of the schools, or from the first eight grades of the grammar schools run through the eighth instead of the seventh grade. The majority of the spellers, however, will come from the first seven grades. Superintendent R. H. Latham, of the city schools of Winston-Salem, is very anxious that every county and every city school in the state be presented in the final contest, which will be held in the study hall of the city high school building in Raleigh. One representative from the rural schools and one from the town or city schools of every county should be sent to Raleigh.

The teachers assembly will award the successful spellers banners for their school, and a gold medal for themselves. There will be three of these banners and three of the medals each denoting the three best spellers in North Carolina for the year 1922. The final contest will be written and the words will be taken from the New World Speller, book 2, grade 7. The children coming to Raleigh, will be furnished pencils and paper as well as all other necessary equipment for entering the contest.

Fraud Order Issued To Stop Flood of Wet Advertising

Washington, Oct. 30.—The Post Office Department is on the trail of foreign companies that have been flooding the United States with circulars offering a product for the home manufacture of Madeira, port, Rhine, and other wines in exchange for American dollars. A fraud order was issued today against the European Distributing Company, Ltd., of Berlin and London.

A recent analysis of the ingredients of these alleged products of rare vintage sent out by this and other European firms of a similar character showed that they were "fakes," the Post Office Department declared.

Fleets Combine For Winter Operations

Washington, Nov. 6.—The Atlantic and Pacific fleets will combine for joint battle maneuvers in the Pacific next February. Admiral R. E. Coontz, chief of naval operations announced today.

Plans for the maneuvers now being worked out by Admiral Hilary P. Jones, commander-in-chief of the Atlantic fleet who will command the joint fleets in their operations, contemplate basing on Panama. The battleships Iowa, which will be controlled by radio, will be towed to Panama bay and will be used as a target for the 14-inch guns of the dreadnaughts. Whether the canal fortifications will participate in the maneuvers has not yet been determined.

Orders have been issued to Admiral Jones to proceed with the Atlantic fleet on January 3 for Guantanamo for torpedo and ship drills, and on February 19 the fleet will leave for Panama to effect a rendezvous with the Pacific fleet under the command of Admiral E. W. Eberle. The maneuvers and tactical exercises will continue until March 30 when the Pacific fleet will proceed to California ports and the Atlantic fleet to Guantanamo for target practice. The vessels of the Atlantic fleet will arrive at their home ports April 26.

In the search for the Iowa, whose movements will be controlled entirely by radio with no one board, the destroyer and air squadrons will aid the dreadnaughts. The maneuvers will be conducted as nearly as possible under actual battle conditions.

To Erect Church In Heart Of Busy Loop

Chicago, Nov. 5.—Dedicated as a symbol of the permeating influence of religion in home, business and public life and in all national and international relations, the cornerstone of the First Methodist Episcopal church—the world's first skyscraper-cathedral—was laid today.

Located in the heart of the busy "loop" the building when completed early next year, will be more than 21 stories high. While technically under Methodist auspices, it was designed to be representative of the Protestant Christianity of the world, a center of moral uplift or missionary enterprise, regardless of denominational control.

The first three or four stories will be largely devoted to religious purposes, above will be offices devoted to the activities of the Christian churches, and of business enterprises.

"The building is both a parable and lesson," declared Bishop Thomas Nicholas, in his address.

"It is a symbol of how religion should vitalize and permeate all of our relations."

Declaring that he would "as never before be looking to the pulpit and church for a solution of its problems," Dr. John Thompson, the pastor, said "the nly agency that can save the world from ultimate chaos is the church."

G. W. Dixon, president of the board of trustees, gave the history of the church, tracing it back to a log cabin built in 1828, long before the city was granted a charter. The first building cost \$580.

Over One Thousand Seeking Election

London, Nov. 2.—The lists of parliamentary candidates in the approaching elections, representing all the parties, were issued tonight for publication tomorrow. Altogether 1,370 candidates have been nominated distributed as follows: Conservatives generally called unionists, 465; Asquithian, or independent liberals, 325; national, or Georgean, liberals, 170; and laborites, 410.

There may still be a few more nominations before the lists are made official tomorrow, but they are considered to be practically complete and although there have been conflicting reports on the subject today, apparently Mr. Lloyd George has no intention of carrying out his threat to nominate a host of "carpet bagger" candidates to oppose the conservatives. One such candidate was nominated today to oppose Sir William Joynson-Hicks, the new secretary for overseas trade, but no others are known and the former premier's opponents do not hesitate to declare openly that he has been outwitted by Sir George Younger, who they say, "again has shown his superiority in electioneering tactics."

That Bad Back

Do you have a dull, steady ache in the small of the back—sharp, stabbing twinges when stooping or lifting—distressing urinary disorders? For bad back and weakened kidneys Mount Airy residents recommend Doan's Kidney Pills. Read this Mount Airy statement.

Mrs. P. C. Brannock, S. Main St., says: "A few years ago I certainly was down with my back. I had catches in the small of my back all the time. I couldn't rest properly nights; my kidneys didn't act right and my head ached at times. I also had dizzy spells. Hearing a lot of Doan's Kidney Pills, I got a supply and they certainly made me feel a whole lot better from the first. When I had finished one box, I was entirely cured."

A FRIEND IN NEED A FRIEND INDEED

Writes Mrs. Hardee Regarding Lydia E. Pinkham's Vegetable Compound

Los Angeles, Calif. — "I must tell you that I am a true friend to Lydia E. Pinkham's Vegetable Compound. I have taken it off and on for twenty years and it has helped me change from a delicate girl to a stout, healthy woman. When I was married I was sick all the time until I took Lydia E. Pinkham's Vegetable Compound. I was in bed much of my time with pains and had to have the doctor every month. One day I found a little book in my yard in Guthrie, Oklahoma, and I read it through and got the medicine—Lydia E. Pinkham's Vegetable Compound—and took eight bottles and used the Sensitive Wash. I at once began to get stronger. I have got many women to take it just by telling them what it has done for me. I have a young sister whom it has helped in the same way it helped me. I want you to know that I am a friend indeed, for you were a friend in need."

—Mrs. GRONCH HANSEN, 1042 Spruce St., Los Angeles, California.

Let Lydia E. Pinkham's Vegetable Compound be a "friend indeed" to you.

Roofing Economy

You buy automobile tires for mileage—and roofing for its lasting qualities. When you buy a tire you are not governed by the look or "feel" of it, nor by its price. You are interested in the service that it will give you. Your first thought is, "What has it done?" Apply a little "Tire Philosophy" to the roofing that you expect to make a permanent part of your building.

RU-BER-OID ROOFING-SHINGLES

are made of materials that have passed exhaustive tests. The felt base from which Ru-Ber-Oid Roofing and Shingles are made and the saturant and coating compounds were the subjects of long experiment and many tests, before they were finally adopted for use. Since then they have stood the test of 30 years of service.
