It may cost 50c more per bag to feed Tuxedo Eggmash and Scratch than it does to feed Straight grains or home-mixed rations, or thirty-five cents extra per hen per year.

But—the average farm hen lays seventy-two eggs a year. Fed Tuxedo the year round she will lay around 150 eggs. Many lay 175 to 200 eggs. With eggs selling at 3 cents each average yearly, the hen has to lay only one extra egg a month to pay the extra feed cost. The remaining sixty-six eggs are clear profit.

According to the advance information it is going to be one of the best meetings in a long time for the new officers will be installed and we will get rid of the old ones who have been such a pest.

There will be some real Kiwanian music. Chat Bivens says that he has a couple of attractive young ladies who may not be ashamed to attend the meeting with him, who will play and sing for the club.

There are several new members who have not been initiated, so look out for several interesting and unique features. Watch your noses. Whatever that means.

A LETTER--
That Set Him Thinking

"I appreciate deeply, John, your compliment in asking me to be your executor. I'd like to do it, but I'm as likely to die as you. My knowledge of estate matters, many legal points and tax technicalities, is not specialized. My business takes a great deal of my time and, as you know, I'm a part of the time. I really don't think I could do justice to the thing. Mary and the children will deserve more expert and reliable attention than I am in a position to give.

"As for myself, I've appointed the Bank of Mount Airy as my executor and trustee. They are ideally qualified; it's their business and they know it thoroughly."
