Charlotte, Jan. 1.—A wedding of much prominence in religious and social circles was that of Miss Connie E. Lomax, of Charlotte, and Rev. John E. Quick Way to Stop Night Coughing

New Method is Remarkably Effective

No need to put up with that distressing, weakening, sleep-robbing night cough another night. For there is a simple but very effective treatment which, usually with a single dose, stops all irritation and lets you sleep soundly the whole night through.

This treatment is based on the prescription known as Dr. King's New Discovery for Coughs. You take just one teaspoonful at night before retiring and hold it in your throat for 15 or 20 seconds before swallowing it. The prescription has a double action. It not only soothes and heals soreness and irritation, but it quickly removes the phlegm and congestion which are the direct cause of night coughing. So the coughing stops quickly and you sleep all night undisturbed.

Dr. King's New Discovery is for coughs, chest colds, sore throat, hoarseness, bronchitis, spasmodic croup, etc. Fine for children as well as grown-ups—no harmful drugs. Economical, too, as the dose is only one teaspoonful. At all good druggists. Ask for

Stop Using Liniments that Only Burn and Irritate

Mexican Mustang Liniment Penetrates to the Bone but Never Smarts or Blisters

When a liniment burns and smarts and almost blisters the skin, it usually means that it contains some strong irritating substance. It isn't necessary for the right kind of liniment to be so strong and drastic. A liniment is supposed to penetrate direct to the nerve root—to blister the skin surface does not help that deep-seated rheumatic ache or a lame back.

You should use Mexican Mustang Liniment—just try it once and you will never be without it. You will marvel at its strange power to relieve pain without burning and blistering. Every home should have this magical pain reliever—it heals cuts, burns, wounds, etc. Druggists and wholesalers sell Mustang Liniment or can get it for you.
