Railway Trainmen Ask For Higher Pay

Chicago, Feb. 1.—Application for wage increases which spokesmen of the railway managements said would exceed, in some cases, the 1920 peak rates, was filed with the railroads today by the train service brotherhoods. Officials of the Chicago and Northwestern said their employees, in filing the application, had announced the same demands were being made today upon all roads of the country.

Meanwhile, the United States railroad labor board had before it approximately seventy applications for changes in rates or rules. Although the train service brotherhoods and the firemen were involved in a few of these, most came from smaller organizations.

The train and engine brotherhoods conducted the conferences with railroad executives which resulted in proposals for supplanting the board, which are said to be supported by most of the roads and by 20 employees' organizations. Among the standard organizations who have filed wage cases with the board are those of the clerks, telegraphers, dispatchers, and maintenance of way employees. Numerous less known organizations, such as organizations of ship's cooks employed by railway companies, also were represented.

You get that rich mellow flavor only in PEPSI-COLA.

Enjoys The News in North Dakota

Editor Mount Airy News:—Dear Sir—Please send me the "Mount Airy News" for the space of time covered by the inclosed check. Some one sent me a copy of your paper last week and I might say that I was made to see that while I am a long way from my home town I have the same privilege in getting the news as does one of the citizens of Surry County or Mount Airy. I certainly enjoyed the copy sent me and I will appreciate if you will send me copies of your paper for the month of January.

I sure feel sorry for you all down there in all that snow—five inches. We had one snow here last year about the last of March. The older people say that this has been the mildest winter they have ever seen in North Dakota. Of course the wind is rather bracing at times but it is dry and the days are bright and clear. With kind personal regards, Sincerely, J. N. Snow. Turtle Lake, No. Dak. Jan. 27, 1926.

JUDGE ASKS REPEAL OF AUTO SPEED LAW

"About Most Absurd Thing" On the Books, Declares W. F. Harding. Charlotte, Feb. 1.—If the civic clubs want to do something useful, let them see about having this nefarious speed law repealed, Judge W. F. Harding, of Charlotte, honorary member of the Charlotte Lions Club declared before that body at its luncheon Monday. "That law is about the most absurd thing on our statute books," Judge Harding said. "In fact it is so absurd that I do not know anybody who observes it. I have crossed the bridge over the Catawba between here and Gastonia 32 times this year and I don't think I have yet lived within the law in doing so. "Who observes the stop law at the railway crossings? No one. If you want to be of service, help repeal or amend this law into something like common sense, it would be better to repeal the speed limit and let carefulness instead of observing the rate of speed be the criterion of safe driving."
