LIVER TROUBLE
Louisiana Man Tells How He Keeps "Up and Going."

"It doesn't matter how strong and healthy we think we are," says Mr. W. S. Reynolds, of Arcadia, La., "every once in a while, in order to keep up and going, we have to cleanse the system and take a little something for the liver."
"My old standby is Black-Draught. I have used it off and on for 20 years."
"I get bilious and have a bad taste in my mouth. My head feels dull. I just don't feel like getting around and doing my work. I know it isn't laziness, but biliousness, so I take a few doses of Black-Draught and, when it acts, I get up feeling like new, full of pep and ready for any kind of work. I can certainly recommend it."
Black-Draught liver medicine is made from pure, medicinal roots and herbs and contains no harmful, habit-forming mineral drugs. In an easy, natural way it helps cleanse the system of poisonous impurities and tends to leave the organs in a normal, healthy condition.

Republicans in West Fending
Washington, Feb. 13.—A political revolution against the Republican party portends in the central west as a result of the condition of agricultural interests, Representative Shallenberger, Democrat, Nebraska, declared tonight in an address over the radio.
"It will not be disputed," he said, "that the greatest problem, both economic and political, that confronts this administration and the Congress which it controls is the desperate condition of the American farmer as compared to the prosperity of railroads, manufacturers, middlemen and all industries protected by special legislation."
The Nebraska representative bases his assertion as to a political revolt on what he termed a "grand chorus" of protests against high tariffs, taxes and freight rates.

Stop Night Cough This New Way

Quick Relief Through Simple Treatment
Thousands who have been unable to sleep nights due to irritating night coughing can now obtain practically instant relief and sleep soundly the very first night—through a simple but wonderfully effective treatment.

This treatment is based on the prescription known as Dr. King's New Discovery for Coughs. You take just one teaspoonful at bed-time and hold it in your throat for 15 or 20 seconds before swallowing it. The prescription has a double action. It not only soothes and heals soreness and irritation, but it quickly removes the phlegm and congestion which are the real cause of night coughing. So with the throat soothed and cleared, coughing stops quickly, you sleep undisturbed, and the entire cough condition soon disappears.

Dr. King's New Discovery is for coughs, chest colds, sore throat, hoarseness, bronchitis, spasmodic croup, etc. Fine for children as well as grown-ups—no harmful drugs. Economical, too, as the dose is only one teaspoonful. At all good druggists. Ask for

Don't Be a Weak Woman!

Raleigh, N. Car.—"I was suffering with inward weakness, thru which I had become all run-down, weak and nervous. I had backaches, a tired, dull feeling, no energy. I was greatly in need of a tonic to build me up when I saw Dr. Pierce's Favorite Prescription advertised and decided it was just what I needed. It gave me more help than any other medicine I have ever taken. It relieved me of my weakness, I gained in weight and strength and was greatly benefited in a general way."—Mrs. Martha Honeycutt, 220 S. East St. All dealers. Tablets or liquid. Prisoner's Conduct Wins Him a Pardon

Raleigh, Feb. 13.—Because of his conduct at the Christmas season last year, James Elder, serving 12 months on the roads of Cleveland county for violation of the prohibition laws, was paroled today by Governor McLean on recommendation of Pardon Commissioner Sink, for the remainder of his term.

"A white prisoner on the county roads," it is related in the parole order, "with the prisoner, James Elder, cut his shackles, and when the guard opened the door of his cage, assaulted him, took his gun from him and was about to do the guard great bodily harm when this prisoner, on his own volition, ran up and struck the prisoner assaulting the officer with a stick, and thus freed the guard."

The facts in the case are vouched for, says the parole, by the trial solicitor, the guard in question, the sheriff of the county and other officials.

Elder was convicted and sentenced in Cleveland Superior court in July 1925.

"The Lost World" Coming

Probably the most unusual love drama ever put on the screen is "The Lost World," which comes to the Broadway Theatre for two days starting Feb. 22nd.

This picture is an adaptation of Sir Arthur Conan Doyle's novel of the same title. Doyle admits now that when he wrote he hadn't the slightest conception of its film possibilities. He painted a vivid word picture of a lost world in the vast, unexplored regions of the upper Amazon river which Time had forgot.

There Doyle's band of adventurers found prehistoric monsters that roamed the earth 10,000,000 years ago and battled each other to the death as in the days of old.

Into the heart of this monster-infested district went this party of explorers—three men and a girl. Their mission was to rescue her father, if he still lived, and prove to the world the existence of the prehistoric beasts—the brontosaurus, bigger than ten elephants; the tyrannosaurus, most fearsome creature that ever stalked this earth; the stegosaurus, triceratops, the pterodactyl, or great flying dragon, and other gigantic species.

As the modern humans watched, awe-inspired, the monsters gave deadly battle to one another—such battles as never before have been witnessed on a motion picture screen.

Numerous motion picture producers have tried in vain to film Doyle's story, but the reincarnation of the monsters was deemed impossible.

Finally, however, an embryo sculptor named Willis H. O'Brien "discovered" the monsters. He submitted his strange idea to Watterson R. Rothacker, owner of film laboratories in Chicago and Los Angeles. Rothacker saw its possibilities, and, joining hands with First National Pictures, launched work on the project.

That was seven years ago. Since then work has proceeded steadily, and now the picture is complete. It establishes probably the record for time production in the film industry as well as a record for uniqueness.

There is health, happiness and good fellowship in PEPSI-COLA.

Better Baby Chicks

"Bred for Winter Layers" From the Best Single Comb White Leghorn Blood in America

Highest Production Tanned males mated with 200-eggers and better. Highest Production Ferris males mated with 200-eggers and better. Ferris Highest Type Show males mated with 200-eggers and better. And a few good matings headed by unpedigreed sires for less money.

Come and see our flock and the matings and look our hatchery over, then come out after Jan. 1st and see the chicks, such chicks as you never saw before—chicks that live and grow from our own egg producing, winter laying, money making leghorns, and then too, we have pure-bred R. I. Reds, Rocks, Orpingtons and Wyandottes from other flocks that we sell for broilers.

50,000 Better Baby Chicks
This season we will hatch only 50,000 chicks, keep 10,000 and sell you 40,000. This is not many chicks but when you get in position to furnish us some hatching eggs worth while we will increase our hatching capacity and turn out lots of them, then we will all be in better standing with our banker if the rest of the world does go a little shy on "chewing and smoking."

Prices on Baby Chicks
Chicks from our best Leghorn matings in less than 1,000 lots 20c each, in over 1,000 lots 18c each. Chicks from our good Leghorn matings in less than 1,000 lots 17c each in more than 1,000 lots 15c each. Heavies for broilers in less than 1,000 lots 18c each, in more than 1,000 lots 16c each. Mixed for broilers in less than 1,000 lots 17c each, in more than 1,000 lots 15c each.

These chicks that we are offering for broilers are pure-bred and will make you fine stock to keep at home.

We want eggs from pure-bred heavy varieties and will pay a nice price for same, but will not accept small or rough shell eggs.

Remember that we will have only 40,000 chicks to sell this season and as we are advertising in all the southern poultry and agricultural papers they will soon be sold, therefore, if you want to get the best and at the same time give us a chance to make a lasting customer out of you mail your order now, enclosing 20 per cent of total amount and we will make delivery any time you wish up until June 1st, 1926.

Thank you for reading this ad, and we trust you will stick it away for further reference as you will want to do business with us sooner or later. Write for Mating List and poultry equipment catalog.

Yours for better poultry,

Too Great a Risk!

The farmer, depending on the results of his crops, must plan in such a way that they will be as large as possible. He risks his all every season when he plants his crops—his means of living during the year, his ability to plant again next year, everything he owns and the happiness and welfare of his family.

He chooses his seed with care before planting, making sure that if other conditions are agreeable his crop will be sure to make a profit. But, often, he overlooks the most important essential in the success of his crops—FERTILIZER. In an effort to save a few dollars on the season's purchase of fertilizers, he often overlooks quality—the very thing that produces bigger crops earlier. He overlooks one of the most important things. HE MUST USE THE BEST FERTILIZERS. He must use fertilizers that will produce a big crop at the earliest date.

FOR INCREASED YIELDS USE JOSEY'S OPEN-FORMULA FERTILIZERS

has every ingredient—all of superior quality—to produce the largest of crops at the earliest date. JOSEY'S may be a few dollars higher in the season's purchases than inferior fertilizers but it will produce larger crops with the use of less per pound which is really cheaper.
