Nash and Ajax Automobile Distributors Have Opened in H & B Service Building

Please accept this as an invitation to carefully inspect the only two NASH cars available at present. The literal truth of the matter is that the buying pressure has continued to rise at such a rapid rate that our plants have been constantly oversold.

WHY? Pen, brush or pencil cannot portray the charm of NASH cars. Of course its low, of course its different, of course distinction, because its a NASH.

The smooth sustained speed of the NASH is strangely deceiving, 60 like 40, 70 like 60, but don't drive the NASH as fast as it will go, its against the law, besides its dangerous, its not the speed sensible people want, its the feeling of great reserve that everybody loves.

Dependability—Yes, Ask Nash Owners. Come, drive the Nash, convince yourself
