TURNMYRE & LAMM

Two Registered Druggists.

Notice Trustee's Sale of Land.
By virtue of authority vested in the undersigned trustee in a certain deed of trust executed the 17th day of January, 1926, by Dave Galloway and wife Ella Galloway for Harrison B. Ashburn to secure an indebtedness of \$75.00 and recorded in the Register of Deeds office of Surry county, N. C., in book 78, page 95, default having been made in the payment of the note therein secured, and at the request of the holder I will sell for cash to the highest bidder at public auction, in front of the Bank of Mount Airy, Mount Airy, N. C., on Saturday, Nov. 6th, 1926.

at 1 o'clock P. M., the following described real estate: Beginning on a stake set for Fisher Gordon's corner on the Wagoners line (formerly Marion) and running with his line N. 3 1/4 deg. W. 444 ft. to a stake set on edge of woods A. G. Bowman's line; thence with A. G. Bowman's line S. 57 deg. W. 98 ft. to a stake; thence S. 31 deg. E. 444 ft. to a stake and thence, N. 57 deg. E. 98 ft. to the beginning.
See deed from Alfred Banner and wife to Dave Galloway recorded in Book of Deeds No. 99, page 234. This the 5th day of October, 1926. Edw. M. Linville, Trustee.

STRUCK BY TRAIN AND NOT SERIOUSLY INJURED

Laurel Hill Boy Was Asleep On Track When Train Dashed By.

Lumberton, Oct. 29.—Sleeping the sleep of utter exhaustion on a railroad track, struck by a train and knocked about 30 feet in the tale that Guthrie Lucas, 17 years old, of Laurel Hill, not only lives to tell but he escaped without serious injury.

It happened near Raynham, on the Coast Line Railroad, about 1 P. M. Wednesday. The young man is now in Thompson Memorial hospital here where he was brought immediately, and the extent of his injuries seems to be a considerable cut on his head and bruise. No bones were broken.

Lucas had been with Gentry's show and was on his way to McDonald. He got off the train at Elrod and started walking toward Raynham. He says he had not slept any for three or four nights. He sat down on the track to rest, fell asleep and was lying across the track when a freight came along and struck him on the back of his head.

Dr. J. P. Brown, of Fairmont, Coast Line surgeon, came to Lumberton and found that the boy apparently had miraculously escaped without serious injuries. Report from the hospital today confirms the first estimate of the injuries.

SHOWER BATH KILLS PRIEST

Albany, Ga., Oct. 30.—The Rev. Father J. J. Bessemer, 32, of Troy, N. Y., assistant rector of St. Theresa's Roman Catholic Church here, was found dead in the bath room of the rectory Thursday afternoon and today a coroner's jury returned a verdict that his death was the result of an excessively hot shower bath. The verdict stated that the steam from the hot shower overcame the priest and that he then was scalded to death.

Father Bessemer was preparing to attend a high school football game and a friend who called for him a few minutes before game time receiving no response to knocks, entered and found the priest dead in the steam-filled bath room.

At the coroner's inquest today several friends and two physicians testified that Father Bessemer was accustomed to taking very hot baths. The physicians said he had been overcome by the excessive heat and the blood vessels of his body expanded until the blood rushed to the brain and caused unconsciousness. Death ensued then from scalding, they said.

Keep Eliminative System Active

Good Health Requires Good Elimination

ONE can't feel well when there is a retention of poisonous waste in the blood. This is called a toxic condition, and is apt to make one tired, dull and languid. Other symptoms are sometimes toxic backaches and headaches. That the kidneys are not functioning properly is often shown by scanty or burning passage of secretions. Many people have learned the value of Doan's Pills, a stimulant diuretic, when the kidneys seem functionally inactive. Everywhere one finds enthusiastic Doan's users. Ask your neighbor!

NAUSEA

This and Other Troubles Relieved By Black-Draught.

Mrs. Ada Blackmar, of Alexander City, Ala., writes: "From time to time, I would have spells of nausea . . . which would put me to bed. I would turn a dull, yellow color and, for days at a time, would have no appetite. Everything I ate sickened me. My mother had been a user of Black-Draught for years, so while I was at home, visiting, she asked me why I did not try Black-Draught for my troubles."

"I began taking a small dose, three times a day, before meals. I kept this up for several weeks, and it was just a little while before I began to notice an improvement in my condition."

"Black-Draught is certainly a fine medicine." You will say the same thing, once you have tried Theodor's Black-Draught. For sale everywhere. 25c.

OWN YOUR HOME

"A Roof Over a Good Woman" is one man's definition for home.

What is your definition?

A rented house or a close-fitting apartment—that ISN'T home and never will be.

Through our plan, people are coming into home ownership.

Our home loans are made at reasonable rates and on convenient re-payment terms. Once started, it is as easy as paying rent but there's a lot more to show for it.

Moreover our loans can't be "called" on short notice. In this respect no other plan offers equal protection FOR THE BORROWER.

Come in and inquire—without obligation.

34th Series Opens Nov. 1st

25c weekly pays for each \$100.00 stock subscribed.

21st Series amounting to \$73,800.00 paid off in October.

They ate up the proof

MILLIONS of fine cakes have been baked with Snow King. Mostly by Southern women, who are the finest cake-bakers in the whole world.

We wish we had those cakes here to show you. There couldn't be any better proof of Snow King quality than that.

But we can't do it. That sort of evidence disappears mighty fast. Snow King cakes don't stay around long.

But more Snow King is used in a day now than in a whole year when we first started making it.

When you try a can of Snow King you've got more than 50 years of baking history behind you. That's not "experimenting."

The Snow King Cook Book has 44 pages of real Southern recipes. You will want to try every one of them. Send for a Free Copy today. Enclose 10 cents to cover cost packing and mailing.

A new age in railroad building

The freight traffic on the Southern had only one about 75 per cent greater than in 1915. This amount greater than the 1915 traffic on the 200 freight cars?

NOT so many years ago railroad building meant the construction of new lines in sections of the country where rails had not been laid before.

A new age in railroad building has come. This is a time of intensive development of railroad capacity within the territories already served.

The Southern Railway System is handling today two and one half times as much freight traffic as it handled two decades ago. The increase in traffic in the next decade also will be great. Beyond a certain point no railroad can meet the increase in the demands made upon it without increasing its facilities.

This means double tracking its lines—and in some places adding third and fourth tracks. It must also build new and stronger bridges to support heavier train-loads; erect larger shops and terminals; and provide more and larger engines and cars.

The Southern is developing intensively its present facilities, and it plans many more improvements in the coming years. Continued good earnings will maintain its credit and make it possible to carry out these plans.

SOUTHERN RAILWAY SYSTEM

The Southern serves the South
