A Word With the Old Folks

Elderly People Are Learning Importance of Good Elimination.

IN the later years of life there is apt to be a slowing up of the bodily functions. Good elimination, however, is just as essential to the old as to the young. Many old folks have learned the value of Doan's Pills when a stimulant diuretic to the kidneys is required. Scanty or burning passages of kidney secretions are often signs of improper kidney function. In most every community are scores of users and endorsers who acclaim the merit of Doan's. Ask your neighbor!

The new pastor at Rockford Street Methodist Church with his wife and four children are now domiciled in the church parsonage and the pastor conducted two very inspiring and helpful services last Sunday at the regular hours of worship. The Rev. Mr. Erwin was suffering with a cold which necessitated making the services short but his large congregations were very much pleased with their new pastor and a fine year is in prospect.

A piano is badly needed in the junior Sunday school department and the Sunday school superintendent has asked The News to make this known in the hope that some fine Christian man or woman or group of people will supply this need.

HOPELESS

Weak, Thin, Nervous Woman Gets Strong, Gains Weight.

Mrs. L. N. Crawford, Jr., of Leesport, Pa., writes: "I felt perfectly hopeless. Life wasn't worth living. It seemed. I felt like giving up but, you know, a woman with a family just can't do that. I was weak, thin and nervous. I tried so many things but didn't get better. Finally I asked my husband to get me some Cardui. After I had taken three bottles, I was like a new person."

"I gradually resumed my work around the house and went places. I quit suffering. Now I am strong, in good weight, and feel fine." Thousands of women have been helped by Cardui, in a similar way, in the last 45 years.

"A small leak will sink a great ship"

"Gasolines 'most all look alike and smell alike, but when it comes to performance they sure do vary—often times enough for you to find the difference between a good motor and a dud, right in the gasoline. Believe me, I don't take chances with my motor. I stop any leaks of power, smoothness, flexibility and what-not right at the start. I always use 'Standard' Gasoline—and my motor is always in ship-shape trim."

"There's a whole lot of satisfaction in using 'Standard'. A great feeling of confidence that comes from knowing it's the result of fifty-six years' refining experience—that it is always dependable. Then, too, it's easy to get. Wherever you go you'll find a 'Standard' Gasoline pump right handy."
