Twins Less Than Year Ago, Now It's Triplets.

Knoxville, Tenn., Dec. 27.—Five children born to her in a year in the record of Mrs. John Johnson, of Knoxville. The stork brought triplets to-day and twins arrived nearly a year ago. The triplets will be named Abraham, Isaac and Jacob. One weighed about ten pounds and the two others seven pounds.

Mrs. Johnson is twenty-eight and Mr. Johnson thirty-three. They have two other children. Mr. Johnson has a truck and makes a living by hauling.

Three bouncing baby boys arriving all at once was more than Johnson looked for, and his pocketbook was overstrained. A lawyer decided he wanted to "help that father out," so started a fund for the children and gave a dollar to each of the three boys born to-day.

DOAN'S PILLS
IF they fail to function properly there is apt to be a retention of toxic poisons in the blood. A dull, languid feeling and, sometimes, back twinges, headache, and distress are symptoms of this condition. Further evidence of improper kidney function is often found in burning or stinging passages of secretion. Each year more and more people are recognizing the value of Doan's Pills, a standard standard in the treatment of urinary ailments. Doan's Pills are not a laxative, but a kidney stimulant. Ask your neighbor!
