B. F. Folger, county tax supervisor, says that it is imperative that all list their property during the month of May as the new county government law does not permit any listing of property after May 31st, and a special penalty will have to be added on all who do not list by that date. A re-assessment of the real estate of the county will be made but this will have no bearing on your listing with list taker, so don't wait for the assessor to come to view your lands, but list your personal property at once and the assessors will make the list on your land.
