Many little reasons make a big reason—

Suppose the only good feature about a certain roof was its color. Or its protection against fire. Would a single reason like that make it a "good buy"? Maybe...

But attractive color plus fire-safety plus durability plus complete freedom from rotting and rusting—all in one roof—those are reasons enough to make it a sensible choice!

Let us show you Barrett Shingles. They combine these money-saving qualities. Our roofing experience is at your disposal without obligation.

Good Used Cars

LOOK

at every car you pass on the road. Then tell us, if you can, which were bought NEW and which were reconditioned. A good, used car, when properly overhauled and repainted, commands the same respect on the road that a new one does. If you bought a new car now, who would know that you did after six months service? On the road, they are all the SAME after a little use, whether bought new or not. Think it over—then see the cars we offer you here.
