This is the "Gang" and the service truck used by Rierson-Joyce, Inc., Dodge dealers, of this city. Mounted on a standard Graham Brothers truck is this wrecking outfit capable of hauling the heaviest of cars out of seemingly impossible places. A phone call brings this service to the autoists with promptness. And getting cars out of ditches and pulling them up mountain sides is only one of the operations of this concern. They are now showing the new four cylinder Dodge which gives 20 per cent more mileage, 15 per cent more power and 20 per cent faster get-away. Many improvements go into the make-up of the improved Dodge. The new six cylinder Dodge will soon be released to the public. Watch for announcement of this revelation in the automobile world.
