### Managers Have A Full Program All Next Week

An interesting program is being planned for the Managers of this city and community for the week beginning next Monday, when three sessions each day will be held in the Masonic hall and the members will be given instruction and lectures by Grand Lecturer Marquette, representative of the Grand Lodge.

The local lodge on Friday will be given over to the District Meeting with representatives from all the lodges in Yadkin and Surry being in attendance. The afternoon session on Friday, next week, will be taken up with a discussion of Masonic Business, Masonic Jurisprudence, District Problems and reports from the delegates.

At the night session of the Friday program Dr. W. C. Richer, educational field secretary will address the meeting, as will also W. S. Wolfe, of Elkin, who is district deputy grand master.

W. S. Wolfe, Master of the lodge, is anxious that a large number attend all the sessions next week and an invitation is extended to members of other lodges to also attend.

### KIWANIS MEETS AT CITY WATER WORKS

#### Claude Absher To Show Us Over New Plant—Baptist Ladies Will Feed.

The Kiwanians are getting away from the routine meetings for once and will meet at the City Water Works Friday afternoon for our regular meeting. We got out at 5:30 and spend an hour following Supt. Absher over the plant, and then the ladies of the Baptist Church will have a luncheon ready for us at 6:30 in the Commercial Building of the Fair Association.

The committee has an interesting program arranged—interesting and at the same time instructive. In addition to what Supt. Absher tells about the city's water plant Coley Whitlock will also have his say as he was superintendent of the plant for a number of years and is familiar with its growth to the present proportions.

We have spent \$150,000 in giving Mount Airy a modern water works system and we Kiwanians should not let this opportunity go by to learn just what we have done in that line.

The pastor preaches next Sunday morning and evening on the following themes, "A Study of Indifference," and "The Drink Highway." What are some of the causes of religious indifference in our city? Is Christianity unpopular in Mount Airy? Is there a hearty response to the appeal of the churches? What are the reasons given for popular indifference? Is the prohibition question no longer a live issue? Can prohibition be enforced? What must be the attitude of the average citizen to the eighteenth amendment? Hear these questions discussed in next Sunday's sermons.

But hit's hard to fix yore thoughts

In a collar like thet-air.

## See Your Doctor

Persons born today have a promise of fifteen years more of life than their parents had, and those born a year from now will have even a greater chance to reach "ripe old age."

The span of human life is lengthening from one generation to another—largely because people are learning at last that an ounce of prevention is worth a pound of cure.

Do not neglect minor ailments. An apparently trivial illness, if not corrected, may become chronic. Many organic diseases, which later are almost incurable, yield readily to treatment in their early stages. If you are ailing, see your doctor.

## Then See Us

Let us fill your prescriptions. When your prescriptions bears our label you may feel assured that it has been compounded exactly as prescribed by the physician, and that it contains drugs of the finest obtainable quality.

## TIGHT FEELING

Mississippi Merchant Recommends Black-Draught For This Symptom of Indigestion.

Mr. D. W. Huff, a retired merchant of Centerville, Miss., and very well known in his part of the state, makes the following statement in regard to his experience with Theodor's Black-Draught: "About thirty years ago, I found myself in need of a medicine and I began using Black-Draught, as it had been highly recommended to me. I found it good. "I used to have a tight feeling in my chest, after meals, suffered from indigestion, and was very uncomfortable. I would feel tired, not like working. I would take a few doses of Black-Draught, and feel like work. I call it my medicine."

Let Theodor's Black-Draught be your medicine, too. Sold everywhere. One cent a dose.
