**We Didn't Hire Him**

Yesterday a young man living in Mount Airy applied for a job as BOOK KEEPER. Not that we needed a bookkeeper, but through curiosity we asked him if he knew the DOUBLE ENTRY system. He said he could do better than that. The last place he worked he had to use the TRIPLE ENTRY—one set for the silent partner, showing no profits, one set for the active partner, showing the real profits and one set for the tax collector showing a deficit and he even suggested an extra set for the bank showing extra large profits. Now if you GOOD CUSTOMERS will only buy enough of these \$1.50 boxes of assorted soaps we are selling for \$1.00 we will not need any books except the last set.
