WOMEN ACTIVE IN ITALY'S FASCISTI

Thousands Being Trained for Productive Work.

Roma.—Woman's place is in the home, but not necessarily her own home, according to women Fascist organizations which are training several hundred thousand girls and women for productive occupations closely connected with domesticity.

Signora Elisa Mijer Bissoli, head of the feminine Fascists, said the nation's crying need for nurses would have been satisfied within a few years. Five thousand trained nurses have been graduated in special courses, and 25,000 more are being trained. More than a hundred thousand women are being instructed as scientific farmers with the intention of relieving men of such work as animal breeding, truck gardening, fruit farming and horticulture of all types.

Premier Mussolini, believing "a mother's kitchen budget to be the cornerstone of healthy national economy," has instructed women to carry out propaganda in favor of home rather than imported products. The organized groups train each member as a lecturer, and provide her with data that even casual conversations prove of propagandistic utility. Feminine Fascists advise producers of the necessities of changes and improvements.

The most far-reaching of the six roles assigned to women by Il Duce—the others being propagandistic, sanitary, agricultural, acrobatic and protection of home products—is "moral tutelage of labor," which means that social work among laboring classes of both sexes is their duty.

Despite the fact that a principle of Fascism is to keep women out of political activity, it is pointed out that they have equal rights in "politics" of the new national labor unions. In several unions women have commanding positions. Some say that women will be permitted to be deputies when the present chamber of deputies, conforming with Mussolini's plan, is transformed into a "chamber of labor" representing the productive population of Italy by trades and professions instead of by geographical regions.

Oil Concession in Peru Given to U. S. Company

Lima, Peru.—The Peruvian government has granted a concession to the Phillips Petroleum company, subject to a congressional approval, for the development of 5,000 square kilometers of Peruvian petroleum bearing lands in the government petroleum reserve south of Palta and south of the rich producing fields of the International Petroleum company.

The negotiations were handled by Paul MacIntyre of the land department of the Phillips company, and George Helfert of San Francisco. It is expected that the Phillips company will shortly send a party of geologists to make a survey of the reserve territory.

A party of five geologists of the staff of H. H. Doherty & Co. recently left Callao for Panama and San Francisco after an extended visit to Peru. Geologists of the Atlantic Refining company also are making reconnaissance surveys in the territory of the upper Pachitea river.

Canadian City Recognizes Bravery of Aged Heroine

Brockville, Ont.—Mrs. Mary Companion, seventy-seven, who on March 10 last jumped into the surging waters of the West End creek and rescued from drowning Harry Billings, six, was presented with a bronze medal awarded by the Royal Canadian Humane association, and a check for \$500, the gift of her fellow citizens. The presentation was a public affair, made in front of the courthouse, in the presence of hundreds of citizens. Mrs. Companion was handed the medal by H. A. Stewart, K. C., M. P., and Mayor Reynolds presented the check. Rev. F. M. Wooton replied on behalf of the aged heroine.

China's Money Awful; Even Marines Revolt

Seattle, Wash.—Marines who have seen most of the world say that they have had enough of the amazing, bewildering currency system in China, says Captain Quinn of the steamship President Jackson, just in from the Orient.

There are more than 200 distinct forms of money in China. Some of it is good in all provinces, but all of it is not par in many districts, and the value of different coins and paper constantly varies. The currency known as cash is divided into copper tokens, dollars, small coins, big notes and small notes.

Tokens constitute the money of the lower classes and are in circulation continually. The cash token is of copper or brass, depending on the metal market. It has a square hole in the center and 1,000 of them on a string are known as a tiao. Three tiao equal in value one American dollar. The poverty of China may be noted when workers earn and subsist on from five to eight tokens daily.

BANKRUPTCY PLEA MADE BY TWIN CITY DOCTORS

Losses of Recent Damage Action, E. L., and R. M. Cox, Flead Insolvency.

Greensboro, Oct. 12.—Dr. Eugene L. Cox and Dr. Robert M. Cox, Winston-Salem chiropractic physicians who recently were the losers in a \$20,115 damage action brought against them by Dan Turner, a former patient, yesterday filed a voluntary petition in bankruptcy in United States court for the middle district of North Carolina here and the matter was referred by Judge Johnson J. Hayes to Clifford C. Frazier, this city, referee.

Judge Hayes likewise signed an injunction restraining Dan Turner, Sheriff J. B. McCreeary and Deputy Sheriff R. L. Flynt, of Forsyth county, from selling certain properties of the bankrupt men. The sale had been advertised for yesterday at noon at the door of the Forsyth county courthouse and was to have been made under execution as a result of the judgment given Mr. Turner in Forsyth County Superior court recently. He claimed his hip was dislocated by the two doctors who are former residents of Greensboro.

The voluntary petition in bankruptcy listed debts of the two doctors at \$47,711.94, this including the Turner judgment for \$20,115, \$292 in wages, \$1,409.78 in secured claims and \$45,935.16 in unsecured claims. Joint assets were listed as being \$5,597, of which \$2,875 is in personal property and \$2,722 in stocks, bonds and negotiable paper.

The case that resulted in Dan Turner getting the big damage verdict was one of the most interesting

and hardest fought to be tried in Forsyth Superior court in a great many years, but with the defendants in the bankruptcy court, the chances of the plaintiff ever collecting are not made any brighter.

HELP FOR SICK WOMEN

Lydia E. Pinkham's Vegetable Compound Has Restored the Health of Thousands

Brooklyn, New York.—Mrs. G. Hegmann of 128 Schaefer St., was in a run-down condition and could not do her housework. She could not sleep at night. Her story is not an unusual one. Thousands of women find themselves in a similar condition at some time in their lives. "I found your advertisement in my letter box," wrote Mrs. Hegmann, "and took Lydia E. Pinkham's Vegetable Compound and got relief." Mrs. Hegmann also took Lydia E. Pinkham's Herb Medicine and Lydia E. Pinkham's Pills for Constipation, with good results. She says, "I am recommending your medicines to all I know who have symptoms the same as mine, and to others whom I think it will help. You may use my statement as a testimonial, and I will answer any letters sent to me by women who would like information regarding your medicines."

There are women in your state—perhaps in your town—who have written letters similar to this one telling how much Lydia E. Pinkham's Vegetable Compound has helped them. The Pinkham Medicine Company, Lynn, Mass., will gladly furnish other women with these names upon request.
