Grady Cooper of Dobson is a proud possessor of a new piece of farm machinery which we understand to be the only one of its kind in Surry County. As it has recently been brought into the county not many farmers have seen or heard of it and we believe that in a short while that it will be a common implement of the farms before long. County Agent White has been doing a lot of work in getting lespedeza sown on the farms and the farmers seem to be liking this plant fine as it is a good soil builder and a pasture plant. Mr. White secured a lespedeza seed saving pan for Mr. Cooper and he gave it a short trial one day last week and he was well pleased with the kind and quality of work it will do in saving the seed of the lespedeza plants. After the seed has been saved then he uses the plant for hay. We believe that many farmers will be anxious to save seed as we understand that the first cost is slightly more than a good pair of shoes. Mr. Cooper will have enough seed to greatly increase his acreage and have some for sale.

Last Friday the Kiwanis club of Mount Airy was host to the boys and girls poultry club of Surry County and had as their guests 79 club members and 12 parents and teachers who had brought the youngsters to the banquet. This is the third annual banquet which is given by the Kiwanians in order to promote the club work under the direction of H. E. White, County Agent. Just before the banquet an auction sale of poultry was held in front of the Blue Ridge Hotel and there was spirited bidding for the birds. Promptly at 7 P. M. the boys

and girls passed into the large hotel dining room and were seated. Then the Kiwanis members came in last. Mr. Green Webb was master of ceremonies and had prepared a pleasing program. The welcome address was made by F. F. Blevins for the Kiwanians and the reply was by Arthur Graham, principal of the Copeland school. A trophy cup was presented to Copeland Poultry club for being the biggest and best organized club in the county. Fred Folger presented the cup to the club and made an inspiring talk. J. Herman Coe, president of the Copeland Poultry club accepted the cup in behalf of the club. He made a splendid talk showing that the cup was appreciated by the Poultry club. Mr. E. M. Linville presented the Kiwanian trophy cup

to Gladys Thompson of Mitchells river for having done the best individual work in the county. She has been doing good club work for the past three years. Her sister Mary received the second cup for doing the second best individual club work in the county. County Agent White made a short talk and read two papers prepared by Gladys Thompson in which she told of what the Kiwanis club had done in building up poultry club work and how the club work has been of benefit to her in learning how to handle the flock successfully. Mr. Webb had a drawing contest in which a prize was awarded to the lucky boy and girl. The members of the Kiwanis club and the boys and girls entered into the program and banquet with a great deal of enthusiasm.

How to Keep Your Party Sandwiches Moist and Fresh

Party sandwiches can be prepared hours ahead of time and kept as fresh as if newly made. The method is simple. Pack the sandwiches close together in a double pile and wrap them in the oiled paper that is taken from the bread. Wrap a damp cloth tightly around this and put them in a close-covered container and in a cool place. They will stay fresh for hours. If Merita Bread is used the sandwiches will hold more of their freshness, because Merita stays fresh longer than ordinary bread.
