

### Dobson Items

Dobson, April 28.—Marriage licenses were issued to the following couples during the past week: Edward Parker, to Ole Pade, both Rockford; Dewey Whitson to Thelma Carter, both Williams county; Coy Johnson, Rock, to Valle Martin, Crutcher; Gus Hiett, to Ida Boyd, both Mount Airy.

Mrs. J. Fred Hill and small son Fred, Jr. spent the week end with Mrs. Hill's mother Mrs. C. H. Creed.

#### Tax Listers Appointments

J. A. Long and Henry C. Lawrence tax listers for Dobson township, will meet the tax payers at the following places and at all other times during the month of May at their homes. Dobson, May 7th, 11th and 18th; Union Cross May 9th; Martin Bros. store, May 9th; J. B. Wrights mill, May 10th; Mrs. Lula Perkins, May 12th; Rufus Haymore's store May 14th; White's mill and store May 15th; Cleve Robertson's store May 16th; T. V. Hamlin's store May 17th.

#### Commencement Exercises Begin Sunday

Commencement exercises of the Dobson High school will begin on Sunday May 5th. The baccalaureate sermon will be preached at 11 o'clock Sunday, May 5th by Rev. Mr. Gibbs of Mount Airy in the High school auditorium. On Thursday May 9th at 10 o'clock a. m. in the High school auditorium the class day exercises will be given. On Thursday, May 9th at 8 p. m. the graduating exercises will be given. The speaker for the occasion will be Mr. C. W. Higgins, attorney-at-law, Sparta. The following is a list of seniors who will receive diplomas at this time. Warren Alberty, Mary Burch, Kathryn Folger, Chas. Folger, Lucile Freeman, Bill Freeman, Acus Hayes, Hobart Hall, Mary Est Haymore, Price Todd. There will be no exercises given by the grammar grades. The public is cordially invited.

The Woman's Missionary society of the Dobson Baptist church met Friday evening with Mrs. W. B. Norman. The president Mrs. W. W. Hampton, presided and also conducted the devotionals. Mrs. A. D. Folger was program leader. The topic for discussion was "Faithful to the Trust". Participating in the program were Misses Bertha Byrd, Minnie Chandler and Elizabeth Norman. Miss Edith Reece rendered a vocal solo. At the conclusion of the business session the hostesses served an ice course and cake. The next meeting will be held with

#### Notice of Sale of Bonds

North Carolina, Surry County.

By order of the Board of Commissioners of the Town of Mount Airy, the Town of Mount Airy offers for sale \$35,000.00 SCHOOL FUNDING BONDS in denominations of \$1,000.00 each with maturities as follows:

\$2,000.00 three years from the date of issuing of said bonds and \$2,000.00 maturing each year thereafter in the years 1933, 1934, 1935 and 1936 and \$3,000.00 maturing in the year 1937; \$3,000.00 in each year thereafter for the years 1938, 1939, 1940, 1941, 1942, and 1943 and \$4,000.00 maturing in the year 1944. The said bonds are serial bonds and bear interest at a rate not exceeding 5 1/2 per cent per annum interest payable semiannually, both principal and interest to be payable at such place as may be designated by the purchaser of said bonds.

That said bonds shall be dated May 1, 1929 and the Town of Mount Airy will receive bids therefor up to and including 12 o'clock noon, May 3rd, 1929. A deposit of 2 per cent will be required with each bid as an evidence of good faith. Seal bids should be addressed to F. M. Poore Town Clerk and accompanied by certified check for 2 per cent of said bid.

The town reserves the right to reject any and all bids. This April 17, 1929. F. M. Poore, Town Clerk.

### WEAK AND THIN

Virginia Lady Was Just Dragging Around. Health Improved Steadily After She Took Cardui.

Bristol, Va.—"I was just about down in bed and so weak I was past going," writes Mrs. Jennie Goodman, of 718 Portsmouth Avenue, this city. Mrs. Goodman says her family was very uneasy about her condition, as she seemed so weak and thin.

"I ached all over," she explains, "and my back and sides hurt most of the time."

"I dragged around, and did not see a day of good health."

"I went to call on one of my neighbors, and she remarked about my looking so bad. She told me to get a bottle of Cardui and take it. Next Saturday night, my husband brought it home to me."

"Before I had taken Cardui a week, I was feeling much better. I continued taking it for awhile, as my health kept on improving."

"I gained in weight, and soon was feeling like a new person. Since then I have taken Cardui several times, and it has always done me good. I can recommend it to others."

Cardui has been in use so long that its merit has been proved by the experience of several generations of women.

A powerful, reliable, medicinal tonic.

Mrs. E. A. ... with Mrs. ...

#### Court Cases

The second week of the regular April term of Surry superior court commenced today before the trial of both criminal and civil cases, with Judge Walter B. Moore, presiding. The jury for this week is as follows: S. T. Childress, J. S. Palk, N. A. Lowe, H. M. Liles, A. Q. Hunter, H. G. Hayfield, J. B. Hudson, G. T. Jones, G. W. Midkiff, H. L. Fowler, M. C. Goodson, Correll Saunders, D. S. Hixon, E. W. Stone, P. G. Walters, G. T. Wall, J. W. Cockerham, F. A. Anthony.

Born to Mr. and Mrs. Richard Gillespie, a son, April 24th. Born to Mr. and Mrs. William Haynes, a daughter named Iris Arlene, April 7th.

Mr. and Mrs. Manley Llewellyn and small children, Anne Spencer and Manley, Jr., are guests for a few days with Mr. Llewellyn's mother Mrs. J. R. Llewellyn.

Attorney Wade B. Hampton of Washington, D. C. was a recent guest at the home of his parents Mr. and Mrs. W. W. Hampton.

Mrs. S. K. Harkrader had as her guests for the week and Mrs. L. A. Rochelle, Mrs. L. S. Rochelle, Mrs. Leon Rochelle, and Wynona Rochelle of Durham.

James Soyars of Max Meadows, Va. is a guest for a few days at the home of his sister Mrs. Rufus Tilley. Mr. Soyars who has been a patient at the Martin Memorial hospital, Mount Airy for the past 6 weeks is much improved in health.

#### Big Shipment of Cream

Mr. Alex Cockerham, manager of the Mitchell's River Cream Station, which was established by E. E. White, former county farm agent, reports that 110 gallons of cream was shipped from that station the past week.

#### Pullet Lays 107 Eggs in 145 Days

Mr. N. S. Hodges a prominent farmer of the New Hope community reports that he has a pullet that has laid 107 eggs in 145 days, and that during that period of time she tried to sit twice. The pullet is still laying.

A large number of people attended the funeral services held for Mrs. Dr. John R. Wolts last Tuesday afternoon. The services were held at the cemetery and were conducted by her pastor Rev. Elmer Simpson. Interment was made in the Dobson cemetery. The pall bearers were H. C. Hampton, W. B. Norman, A. L. Nance, D. W. Hemmings, Joe Cooper, Emmett Gillespie and R. G. Folger. The floral tributes were many and beautiful.

#### Funeral of Mrs. Shinault

Funeral services for Mrs. Albert Shinault were held Saturday afternoon from the Double Creek Christian Church of which she has been a consistent member for many years. Rev. R. A. Heilsbeck and Rev. J. W. Saunders conducted the services. She passed away Thursday at her home near Copeland following an illness of several months. She was born July 21st, 1877. She was well known and highly respected throughout her community and county. Interment was made in the church cemetery. Surviving are her husband A. W. Shinault, two sons, Rufus and Ivanson Shinault, 5 daughters, Melva, Norene, Pauline, Mrs. Alvin Dockery and Mrs. Jennings Does, by her father J. R. Badgett, 3 brothers J. C., T. L. and J. W. Badgett, one sister Mrs. S. E. Key.

#### Dobson Teachers Banquet at Blue Ridge Hotel

Last Wednesday evening the dining hall of the Blue Ridge hotel at Mount Airy presented a tropical scene for a dinner party given in honor of Miss Juanita McDougald, State Supervisor of Teacher Training, by Miss Lillian Smith, instructor of teacher training at Dobson. Eighteen covers were laid for the members of the teacher training department of Surry county, and several friends who recently accompanied the class to Florida on a trip which was a feature of an educational project which is being developed by the group. The color scheme of gold of Florida sun and silver of Florida lakes was emphasized in the dining hall by silver baskets of golden flowers. The center piece was a large silver basket of honeysuckle. Place cards were green leaves growing to the pin stems of whole oranges filled with pecans. The menu included only those foods which the class had seen growing in Florida. From the citrus cocktail served in grape fruit baskets to the orange nut cups, the scheme was carried out. Delmar Hodges, president of Surry department, proved himself a clever toastmaster. The members of the class were called upon to read original Florida poems, several of which were not only highly entertaining, but indicated exceptional ability. Each poem was presented in a hand decorated book to the guest of honor to whom it was dedicated. The class also sang clever little Florida songs which had been composed during the trip. A popular musical number was a solo "Queen of the Summer" sung by Miss Myrtle Hemmings, accompanied by Miss Lillian Smith at the piano. Those invited to attend the dinner were Miss Juanita McDougald, guest of honor; Misses Levora Atkins, Thelma Comer, Kathleen Conley, Treva Briggs, Minnie Coalson, Thelma Cockerham, Maggie Collins, Myrtle Hemmings, Virgie Issues, Ina Mounce, Mary B. Norman, Orin Swanson, Mr. and Mrs. Delmar Hodges, Grady Cooper and Young Allen.

To improve drainage conditions on their farms, several landowners in Duplin county have cooperated in ordering five cars of tile.

### No Smooth Paving In Land of Russia

Not 100 Miles On Stretch In All That Expensive Country—Economic Loss is Great

Moscow.—In all the vast land that is Russia, there is not 100 miles of smooth paved road, such as the motorists of western Europe and America know.

The majority of villages are on byways that are impassable during two long periods each year—in the rain and mud of autumn and the slippy thaws of springtime.

In these seasons villages by the thousands are entirely cut off from their markets. Except for the radio they are isolated. It is estimated that the economic loss resulting from these conditions amounts to \$1,000,000,000 a year.

There are a great many people in slow moving Russia who think that something should be done about such a situation, and not in a slow moving way. A few hundred of them got together recently in Moscow at a good roads congress. They adopted a building program for the next five years, but it still remains for the government to approve of it and put up the money for fulfilling it.

The congress brought out some interesting facts. It was asserted, for instance that on the dirt roads the cost of transporting grain by wagon for 100 kilometers comes to 60 per cent of the value of the load. Extending the figure into miles, if one went 100 miles by wagon on a dirt road in Russia, the cost of transport would equal the value of the load. And most of the Russian roads are of dirt in the summer. In spring and autumn they are of mud, and in winter snow and ice make them passable by sleigh.

In the absence of paving, the roads of Russia are divided into dirt roads and "hard" roads, most of the latter being of cobblestone. Riding over them in an automobile gives one much the same exercise to be had on an electric hoop.

The crop county of Edgecombe has produced four cars of fat hogs to be shipped to northern markets this month.

#### WHY CAMELS ARE THE BETTER CIGARETTE

Camels are made of the choicest tobaccos grown—cured and blended with expert care.

Camels are mild and mellow.

The taste of Camels is smooth and satisfying.

Camels are cool and refreshing.

The fragrance of Camels is always pleasant, indoors or out.

They do not tire the taste nor leave any cigarettey after-taste.

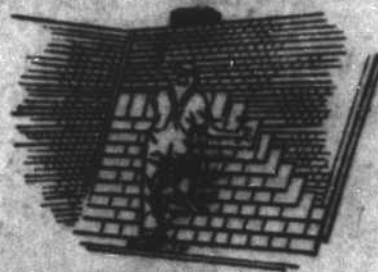

With a cigarette as good as Camels the simple truth is enough

### RE-ROOF OVER THE OLD ROOF

## The Truth about Residential Fire Hazards

"FORCING the heating plant" ... that is the main cause of residential fires in sub-zero weather, reports the Fire Prevention Bureau, Chicago Fire Department. This report is illuminating in view of the misleading propaganda of the composition roofing manufacturers. This propaganda would lead the home-owners to believe that the majority of residential fire losses were the result of roof fires. The National Board of Fire Underwriters is our authority for the statement that only 2.9% of the total residential fire loss in the United States in 1927 was caused by sparks on roofs.

The "forcing of heating plants" is the direct result of the use of building materials which have insufficient insulating value. It is significant that an EDGWOOD Shingle Roof has 73.63% greater insulation than the average composition roof. It is a startling fact that the heat loss through an 8-inch brick wall is 31.46% greater than a wall of EDGWOOD Shingles. Prof. Cresswell, Washington University, and the Bureau of Industrial Research, state that EDGWOOD Red Cedar Shingles have greater insulating value than any other standard exterior building material. EDGWOOD Roofs and Sidelwalls not only delete the fire hazard in a large measure, but save the home owner from 10 to 61.11% on fuel expenditures.

EDGWOOD Shingles offer the maximum resistance to roof fires, too. Cut edge-grain, they will not warp, cup or curl. They leave no lodgment place for sparks or firebrands or for the accumulation of inflammable litter. Official tests at the Iowa State Firemen's Convention proved EDGWOOD Shingles offer greater resistance to sparks and firebrands than many so-called fireproof roofing materials.

The EDGWOOD Shingle offers the home-builder five advantages: Safety from Fire, Good Appearance, 50-Year Durability, Maximum Insulation, and Low First Cost with Minimum Upkeep.

Send for the free "EDGWOOD Home" booklet before building a new home, remodeling or re-roofing. If re-roofing, write for our "No-Fix Plan" or "Re-roofing Our Old Roof."

NOTE THE DIFFERENCE IN THE GRAIN OF THE WOOD

**EDGWOOD RED CEDAR SHINGLE**      **FLAT GRAIN RED CEDAR SHINGLE**

The EDGWOOD Red Cedar Shingle is a 300% perfect shingle . . . 100% heart wood, 100% clear, 100% edge-grain. Sawn edge-grain, it positively will not warp, cup or curl, but lies perfectly flat to the sheathing for fifty years or more when laid with rustproof nails.

Do not confuse EDGWOOD Shingles with the ordinary flat grain shingle which is also made from red cedar, but which we do not trade-mark EDGWOOD, as they warp, cup and curl, and should only be used on temporary structures.
