

THE EVENING FREE PRESS.

W. S. HERBERT, Editor and Proprietor.

Entered at Postoffice as second class mail matter.

There is a bitter fight on in Ohio between the forces under control of Senator Foraker and those under Senator Hanna; for control of the legislature which meets Monday. There is no opposition to the re-election of Foraker to succeed himself, but a bitter contest is in progress bearing on the re-election of Hanna two years hence. We'll bank on Hanna to get there.

A French writer predicts that the next war will be fought under the sea. Well, America has a naval bureau it can spare for submarine experiments without worrying over the consequences of any accidents that might occur.—Wilmington Star.

But the trouble is the naval bureau will remain in Washington. The only experiments they are likely to try will be to rob the real victors of their laurels.

At Kansas City Monday, speaking of President Roosevelt reprimanding Gen. Miles for endorsing Admiral Dewey's opinion favorable to Admiral Schley, Webster Davis said that Roosevelt is not yet halter-broke, that if he be renominated, he will be defeated, and that he should have been court martialed for signing that "round robin" while in face of the enemy. He also declared that while he (Davis) was in Washington Roosevelt was disguised among the assistant secretaries as an Ishmaelite; at functions his neighborly qualities were confined to shutting his eyes and gnashing his teeth at Secretary Long. His chief, who was continually prodded by him, was glad when he resigned to go to the front.

"Roosevelt is not bridled, his follies are his own. He wouldn't listen to any one when assistant secretary and his propensity seems to have enlarged since he has been called to the executive chair," concluded Davis.

A Mississippi justice of the peace has ruled that a negro's head is a deadly weapon. This would seem a very unfair decision but the evidence showed that the head upon which the ruling was given had killed one man by violent impact.

Other instances were cited where he had laid others up for months by the infliction of severe internal wounds with his cranial battering ram. In fact, his adroitness with that fatal weapon was well known all over the county among the negroes and they feared him as they feared grim death. His sobriquet of "Buttin' Jim" bore witness to his reputation in that line.

After considering the case, the magistrate announced that the circumstances showed that the defendant was being attacked with a deadly weapon; that he had good reason to fear for his life, in view of all the circumstances, and he therefore discharged him from custody without bond.

A Brutal Threat.
Mrs. Jigsby (the discussion having become somewhat personal)—You may talk till doomsday. George Jigsby, but you'll never get me to admit that a wife is bound to do as her husband tells her.

Mr. Jigsby—By gravy, madam, if I outlive you I'll have it engraved on your tombstone that you were a good and obedient wife!—Chicago Tribune.

Good Cough Syrup.
The following is said to make a splendid cough syrup: Take one ounce of boneset, one of flaxseed, one of slippery elm and a stick of licorice. Boil in soft water until the strength is extracted. Strain carefully and add one pint of best sirup and one pound of loaf sugar. Simmer together. Bottle up tight when cold and take a tablespoonful three or four times a day.

Where Medical Knowledge Stopped.
"No use talking," said the invalid feebly. "I'm going to die, I know."
"Oh, come!" expostulated his friend. "The doctor doesn't say that, and he surely knows more than you do."
"No; he doesn't know, as I do, that I allowed my insurance to lapse."—Catholic Standard and Times.

CAPUDINE

Pleasant to take.

TAKE YOUR CHOICE.

I used Quinine for 10 days. I was free of fever but still felt weak. I saw and used as a post. Lost 10 pounds.

Just take your choice. An attack of Fever at this time of year, with Quinine as the treatment, means a week or ten days lost from Business.

It means ten days of unhappiness for you and ten days of hard work and anxiety for those who love you.

This is putting it in its very happiest aspect. It might mean your death, and it often means a breakdown in general health from which some recuperate very slowly. If you are a rich man your time is worth much to your estate. If you

are a poor man your time is worth much more to your family. The rich man can better afford to suffer a loss of \$100.00 a day, as a result from an absence from business than the poor man can lose the value of his labor.

Both the rich and poor—are stupid to lose 10 days when 24 to 48 hours is the time required to put them in good condition by Johnson's Chill and Fever Tonic.

It will save the family that is wedded to the plan of subjecting the patient to the Quinine treatment.

The result is uncertain. The treatment disappointing. Johnson's Tonic has two cardinal points that should immediately commend it to every thinking man in this country.

First of all, it is harmless. Absolutely harmless. Harmless under all circumstances.

Second, it is quick; it acts at once. In 30 minutes after its administration it enters the blood and begins to undo the mischief caused by Malaria.

It has a wonderful record of 17 years of success. 999 cases out of every 1000 are promptly cured, and the 1000th case can be easily cured by doubling the dose and taking it a little oftener.

Johnson's Tonic is a wonderful medicine. It is not mere merchandise. It is superb. No remedy in the whole domain of Materia Medica is more positive in its action and unerring in its results.

It will cure. It will cure every time. It will cure every case of Fever. It will cure any type of fever.

It is the one great medicine that seldom disappoints.

Don't trifle with Fever. If allowed to run, it is like a house allowed to burn—it will consume you. Use Johnson's Tonic. Use nothing else.

Now, take your choice. Lie in bed for days, or maybe weeks, and poison your digestion with Quinine, and arise finally with all the life and vim taken out of you, or use Johnson's Tonic and be restored at once to perfect health. No loss of vital force. No loss of flesh. No waste of precious time. Take your choice.

I need Johnson's Tonic 24 hours. Took it every three hours. Never felt better in my life. Did not lose an ounce in weight. Can eat anything.
