#### MUST BE CARRIED.

The following, copied from the Raleigh News Observer, expresses the sentiment of the white people of North Carolina:

"The only spot on the globe where negroes, either directly or indirectly, either by themselves or in union with a few renegade whites, assume to govern the white race, is North Carolina.

"Throughout the entire north and west there are only a few negro voters, no negro officers. The negro cuts no figure. Throughout the south wherever the negro is present in large numbers, he is disfranchised by law, by force, and by management. The negro has no voice in the government of Texas, Louisiana, Mississippi, Alabama or Georgia.

"A negro has no more political power in Canada, Austria, Great Britain, Germany, Russia, indeed anywhere in Europe, or even in Austria, than a steer.

"Even in Africa, the home of the negro, where he might be supposed to have political rights, if anywhere—even in Africa the negro is a perfect nobody. All the world is looking on while the English and the Boers are fighting over the country which belongs to the negro but nobody seems to care a rap about the negro, who is being robbed of his land.

"In the District of Columbia the negro is disfranchised absolutely by a Republican congress. In Hawaii, in Porto Rico, in Cuba, in the Philippines, the white yankees and white southerners have run over negroes by act of a Republican congress, directed by a Republican president, paid for with Republican gold currency, officered by old Confederate as well as yankee generals.

"Does anybody suppose that the white men of North Carolina are fools enough and cowards enough to stand still and submit to negro domination, when all the rest of the world is governing the negro? Manhood demands the adoption of our constitutional amendment."

"Mexico in the past nine years has doubled its revenues, doubled its exports, doubled the number of its factories, and multiplied by three its banking capital—and the continuance of this great prosperity is now quite as pronounced as ever during the decade." If the country were on this side of the Rio Grande its prosperity would be easily explained, of course. As matters stand, it is a great mystery.—Charleston News and Courier.

It does not appear that free silver coinage has injured Mexico.

Lord Salisbury has thrown off the mask now and says the wrong interpretation was given his words when he declared that England sought neither gold nor territory in the South African war. He says not a shred of independence shall remain to the Boer republics. In fact the Orange Free State has already been annexed.

The figures tell the story. The United States are paying \$1,000,000 daily for maintaining the Philippines. The average daily exports from that delectable group to the United States is \$5,212. Does imperialism pay?

Biliousness is a condition characterized by a disturbance of the digestive organs. The stomach is debilitated, the liver torpid, the bowels constipated. There is a loathing of food, pains in the bowels, dizziness, coated tongue and vomiting, first of the undigested or partly digested food and then of bile. Chamberlain's Stomach and Liver Tablets allay the disturbances of the stomach and create a healthy appetite. They also tone up the bowels. Try them and you are certain to be much pleased with the result. For sale by J. E. Hood, druggist.

The Philadelphia Press objects to the Democrats criticising the postal frauds in Cuba. It says: "The administration discovered the frauds. It is investigating them. It will punish them." To be sure. And the administration is also responsible for the men who perpetrated the frauds. There can be no objection to the administration claiming complete ownership of and jurisdiction over the Cuban rottenness.—Savannah News.

The continuance of war taxes is one of the matters that will seriously bother the Republican party during the campaign. These taxes are burdensome, and in many cases a positive nuisance. "Congress could in one week," says the Philadelphia Ledger, "pass an act to wipe out the vexatious stamp taxes."

The Republican congressional convention at Greensboro Tuesday elected S. B. Adams and J. A. Norwood delegates to the national convention. No nomination was made for congress, thus leaving the place open for S. B. Adams when he is taken down for governor in favor of Cy Thompson.

There seems to be some probability that Admiral Dewey will be nominated for vice president by the Democrats.

#### A Specialist.

A few days ago a well known Washington lady, being unexpectedly bereft of her kitchen assistance, advertised for a colored woman capable of performing general housework.

The first caller in response to the advertisement was a mulatto damsel, bedecked with ribbon and finery. From her airs and graces she might have been a graduate of a seminary. She announced that she had noticed the advertisement and was desirous of securing employment.

"Are you a good cook?" inquired the lady of the house.

"No, indeed, I don't cook," was the reply.

"Are you a good washer and ironer?" was the next query.

"I wouldn't do washing and ironing; it's too hard on the hands," declared the caller.

"Can you sweep?" the housewife then wanted to know.

"No," was the answer, and it was a positive one. "I'm not strong enough for that."

"Well, in the name of goodness, what can you do?" said the lady of the house, exasperated. The placid reply was:

"I dusts."—Washington Star.

#### Married the Day They Met.

Horace Greeley and Mary Young Cheney were married the first day they met. They had corresponded for some time, a common friend, who was something of a matchmaker, having brought this about. She was all his fancy painted her, but she was much disappointed in his appearance, so much so that when he appeared before her, having proposed and been accepted by letter, she frankly told him that, although she married him, she was not in love with him. Their married life was long and happy, and the loss of his wife was a blow which Greeley did not long survive.

#### An Example and a Warning.

"I'm afraid," said the patient wife, "that yours will be the fate of Abel."

"Why, what do you mean?" asked the astonished husband.

"Well," she replied, "Abel was killed by a club, and your club will be the death of you if you don't come home oftener."—Chicago News.

#### Beware of a Cough.

A cough is not a disease but a symptom. Consumption and bronchitis, which are the most dangerous and fatal diseases, have for their first indication a persistent cough, and if properly treated as soon as this cough appears are easily cured. Chamberlain's Cough Remedy has proven wonderfully successful, and gained its wide reputation and extensive sale by its success in curing the diseases which cause coughing. If it is not beneficial it will not cost you a cent. For sale by J. E. Hood, druggist.
