### REFLECTIONS ON KELLY'S SPEECH.

In his speech in Kinston Monday Congressman Kelly, of South Dakota, said North Carolinians who condemn his being brought to the State to talk politics, are behind the times—that in his state it is a common occurrence for speakers to be brought in from other states.

That is true, but it is customary for speakers going from one state to campaign in another to discuss national issues and not to discuss local issues. Kelly's discussion of local politics in North Carolina is entirely out of place, and his manner of discussing them is indecent.

The white people of North Carolina need no instructions from this would-be-dictatorial yankee imported from South Dakota by the Butler-Holton-Middleton gang to tell them how to run their local government.

Kelly knows nothing of local conditions in North Carolina, except such as he has been stuffed with by the Marion Butler, Holton and negro Abe Middleton crowd, and he is either a very dishonest or very credulous man. We suppose he is getting pay for his dirty speeches from the Republican party. Butler is doing all he can to have North Carolina go for McKinley next November, and we suppose he thinks one good way is to try to disgust as many Democrats as possible by Kelly's praise of Hon. W. J. Bryan. Praise from such cattle as Kelly is calculated to disgust North Carolina Democrats with anybody.

Kelly praised Marion Butler to the skies, but North Carolina white people were already disgusted with Butler.

In his speech Kelly pandered to the negro and "lower class of whites"—the class that enjoys seeing negroes cheer at the abuse of true white men, and who will aid in trying to have negro domination.

Kelly's assertion that the amendment was not aimed at the negroes but at the poor whites, to disfranchise them, was one of the biggest lies he told. The poor whites of North Carolina are Democrats.

#### A Good Cough Medicine.

Many thousands have been restored to health and happiness by the use of Chamberlain's Cough Remedy. If afflicted with any throat or lung trouble, give it a trial for it is certain to prove beneficial. Coughs that have resisted all other treatment for years, have yielded to this remedy and perfect health has been restored. Cases that seemed hopeless, that the climate of famous health resorts failed to benefit, have been permanently cured by its use. For sale by J. E. Hood, druggist.

and certainly the Democratic party would not disfranchise its own voters! Anybody knows that! If, as fusionists claim, the amendment will allow the negroes to continue voting while disfranchising poor white men, don't you know the Democratic party would fight it to the death, and don't you know the Rep-Pop. fusion party would do all in its power to carry it?

Why most certainly! This shows that the fusionists are lying, are trying to deceive the ignorant white voters. Their only hope of victory is to deceive enough whites added to the negro votes to defeat it. They know the negroes will all vote against the amendment and if they can fool enough ignorant whites they could defeat it. Is there any white man who can't realize that if what the fusion leaders say of the amendment was true the negroes would all vote for it? There are only two sides to this question—the white and the black. On which side do you stand? Will you vote with the great majority of white people for the amendment, or with all the negroes against it?

Henri Watterson is now back and is fighting for Bryan and Stevenson. Here is one of his recent paragraphs: "The fear of degraded currency need no longer frighten anybody. The lion now across our path is the monster plutocracy; shall we clip his claws and lop his horns and break him to work in harness, or shall we allow him to grow in ferocity and power until he is strong enough to throw off every restraint and every disguise and to swallow up all that is beneficent and noble in the native life?"

The fusion gang have sprung a new lie about the amendment. It is that "if the amendment is adopted a man will have to pay poll tax for ten years longer than he does now." It is a barefaced lie, but the fusionists reasoned that it might fool somebody, so Butler is sending it out with his other "literature." No lie is too big for the fusion gang. It is safe to disbelieve everything said by the fusionists, until confirmed from a responsible source.

The murder of Americans in China calls for revenge. It would do the world and America better service to turn loose the Philippines and send all soldiers there to China to shoot a little sense into the heathen Chinese and avenge the murder of Americans.

During last May an infant child of our neighbor was suffering from cholera infantum. The doctors had given up all hopes of recovery. I took a bottle of Chamberlain's Colic, Cholera and Diarrhoea Remedy to the house, telling them I felt sure it would do good if used according to directions. In two days time the child had fully recovered. The child is now vigorous and healthy. I have recommended this remedy frequently and have never known it to fail.—MRS. CURTIS BAKER Bookwalter, Ohio.
