## GENERAL NEWS.

Matters of Interest Condensed Into Brief Paragraphs.

There have been four cases of plague and two deaths from plague in London. Gen. MacArthur will establish a leprosy colony on one of the Philippine islands. There have been three cases of yellow fever at Tampa and one death therefrom.

Another of the victims of that New Orleans negro desperado has died, making the seventh killed by him.

A million dollars' worth of property was destroyed by fire in the lumber mill district of Ashland, Wis., Saturday.

The man who attempted the life of the Shah of Persia is identified as a dangerous anarchist of Paris named Salson.

Lieut. Alalaetter and fifteen U. S. soldiers were all killed, wounded or captured by a band of 350 Filipinos August 1st. They were trapped.

Men who are hankering to become heroes in the Chinese racket need not be in a very great hurry. Mr. Stead, the English editor, declares that it will last 300 years.

A syndicate to construct the Nicaragua canal has been formed under the laws of New Jersey and says it will proceed to carry out the contract they have without delay.

Representative Hardwick will introduce into the next session of the Georgia legislature a bill providing a constitutional amendment similar in form and provisions to that adopted in the Old North State.

Election day in Hancock, a remote county seat of East Tennessee, resulted in two men being killed and two fatally wounded. The dead are Wiley Brewer and Whitten Gibson. Brewer was a candidate for justice of the peace. The difficulty arose over his election.

County elections were held in the 96 counties in Tennessee Thursday with the result that the Republicans lost heavily on local issues. Of the 31 counties in East Tennessee which usually go Republican, five were carried by the Democrats. The rest of the state went Democratic. Senatorial primaries held at the same time assure the election of Congressman E. W. Carmack over Chief Justice D. L. Snodgrass.

At Norfolk, Va., Friday Charles J. Cannon, a prominent citizen and local politician, was shot and killed on the street by First Assistant Chief of Police M. H. Prince shortly before noon. No cause for the deed is assigned by Capt. Prince or his friends, and the killing is a mystery. The two men were thought to be the closest of friends. The policeman walked up to Cannon and put his arm over his shoulders and after talking awhile pulled his pistol and fired upon Mr. Cannon five times, thrice after he fell. After firing the fourth shot Capt. Prince walked several feet from Mr. Cannon's prostrate body, and then turning quickly went back and placed the last bullet in his revolver in Cannon's head. He surrendered himself to a police officer and walked to police headquarters. Cannon died almost instantly. Cannon leaves a wife and five children.

### The Boys Got In.

The late Dan Rice, the famous circus man, was fond of boys and always wanted to see a lot of them in his audience. He never gave a performance, says the Cleveland Leader, when the nooks and corners were not filled with youngsters who had come in free.

One story of this sort was told by Captain George J. Grammer. At the time of the occurrence Grammer, who lived in Zanesville, O., was standing one afternoon with a crowd of other boys looking longingly into the tent, but not having the price of admission.

It was Mr. Rice's custom to stand at the door until the first grand entry of the circus people, when he would leave. On this occasion he saw the hungry look on the faces of the boys and called them around him. "You want to go in, don't you, boys?"

"Bet your life!" shouted back the youngsters.

"I'll tell you what. All the boys who are back here in ten minutes with clean faces and hands get in."

The words were hardly out of his mouth before there was a dash for the Muskingum river, and in less than seven minutes 200, clean faces and hands came back to the tent. The boys went inside with a rush.

### Inexpensively Managed.

"Your capital is not large." "But quite sufficient. You see, our business is peculiar in that it does not necessitate any erosion of the laws."—Detroit Journal.

### An Ear Test.

A novel and curious test for deafness or approaching deafness has been described by a Paris specialist. If the handle of a vibrating tuning fork be applied to the knee or other bony portion of the human frame, the sound cannot be heard by the person who possesses an unimpaired ear, but if the ear be attacked by disease then the note can be heard distinctly.

## LATE ELECTION RETURNS.

Simmons Will Press Cases Against Meddlesom Federal Officers.

Raleigh, Aug. 4.—Chatham county elects a Democratic senator and two representatives and register of deeds. The rest is fusion.

Dare county is Democratic, as is also Yancey.

Chairman Simmons yesterday sent out to county chairmen a letter, in which he says that the election having been won he now wishes to take up the matter of meddlesome interference of federal officeholders. He adds: "We had as well settle this question once for all, and know whether the people are to be allowed to manage their local affairs, or the federal officeholders." He, therefore, asks county chairmen to send him as early as possible any information in the shape of personal statements or affidavits "showing the meddlesome interference of federal officeholders in the politics of your county."

At midnight last night Senator Butler and Cy Thompson and Attorney John W. Graham were hard at work at Populist headquarters. Butler is making a great "play" of contesting the election in various counties. A Democrat here remarked today that Butler had better drop this business and get out of the State quickly.

The fusionists howled so loudly in advance about Democratic outrages on election day, that they were hit hard by the fact that they committed the only one in their pet county of Chatham, when at Congressman Atwater's own precinct, finding the Democrats were out voting them, they attacked the judges of election, smashed the boxes and burned the ballots.

The fusionists only carried one county east of here. There are certainly not over three Populists in the legislature. The Republicans by thousands scratched the names of Populists of the fusion ticket.

Secretary P. M. Pearsall, of the Democratic State Committee, left today for home. He did great work here during the whole campaign. He had charge of the appointments of speakers.

The majority for the Democratic ticket in the State closely approximates 60,000 and that for the amendment 58,000. The Democrats have certainly thirty-nine senators and 102 representatives, with Moore and Randolph in doubt.

## TROUBLE IN PAMLICO.

Mob Threaten to Murder Election Board. Newbern Naval Reserves Sent to Bayboro, the Scene of the Trouble.

News reached Newbern Saturday night of trouble over the election in Bayboro, the county seat of Pamlico.

The board of election met in the court house to canvass the returns. The vote of Bayboro was thrown out, it is reported, which gave the regular Democrats the county offices. There was a faction of "middle-of-the-road" Democrats, as they called themselves, who fused with the fusionists. A mob of 125 to 150, led by Sheriff Hooker, who was drunk, surrounded the court house, and threatened to kill the members of the board if they came out and to blow up the court house if they did not.

Gov. Russell was telegraphed and asked to order the Newbern Naval Reserves to Bayboro to protect property and prevent violence. Gov. Russell ordered them to go and they left Newbern by boat at 1 o'clock Sunday morning.

The only communication from Bayboro was by phone to Newbern. The wire was cut late Saturday night and no news has come from Bayboro since then.

## Dye House to Be Built.

The Orion Knitting Mills will have a dye house built. The building will be erected east of the mills.

For a long time the need of such a plant has been felt. Most of the product of the Orion Mills has been sent to northern cities to be dyed ever since the mill was established. Thus the saving of freight will amount to a considerable sum.

The new plant will have the capacity to dye the product of several mills.

We like to see such enterprises established and do not doubt but that this will prove to be a financial success.

## Raleigh Beaten Out of Sight.

"Lord Raleigh's graceful little act of sacrificing his costly cloak so that the queen could go dry shod has been outdone by a western bride."

"What did she do?"

"On a very slippery day last winter she scattered the cremated ashes of her first husband on the front steps, so that her second husband wouldn't slip down."—Cleveland Plain Dealer.
