Democratic County Convention.

At a meeting of the County Democratic executive committee it was unanimously agreed that the primaries for the townships should be held on Saturday August 9th and the county convention to be held on Saturday, August 16th. Therefore the chairman of each township and voting precinct will please give notice throughout their respective townships calling upon all white voters to assemble themselves at their usual place of voting and elect delegates to the county convention who will nominate a member of the Legislature, Clerk Superior Court, Sheriff and other county officers. Said county convention will be held in court house Kinston, Saturday, August 16th at 12 o'clock.
J. W. GRAINGER,
Chairman Committee.

The attitude of the republican party toward the trusts just at this time is very interesting, not to say amusing, to the student of political matters. It is very anxious concerning public sentiment in regard to the trusts, and the leaders of the party, who have their ears close to the ground, have sounded the warning cry of danger ahead, hence the great upsurge in the wigwam of the big chief. It is amusing in view of the fact that they have placed themselves in their present predicament deliberately, by increasing the tariff until its only possible excuse for its present outrageous proportions is to foster trusts. They have been told by members of their own party repeatedly, and men who are beneficiaries of a high protective tariff at that, that a high tariff was the mother of trusts and consequently cannot plead the baby act. But with characteristic persistence in doing something to get his party into a hole, Roosevelt has called into his secret councils men who, during the last session of Congress, did make some pusill efforts to curb the trusts, thinking thereby to fool the voters of the country, but such hypocritical moves will not go, as the people in this case will give honor to whom honor is due.

It is entirely too late now to take action against the trusts because Congress has adjourned, and republican attorney generals and judges declare that the law against trusts is ineffectual, and therefore they cannot be reached by existing statutes.

The people know full well that the republican party will do nothing to injure the trusts, because if they did where would they get their campaign funds?

The democratic party is the only hope of the people against the iniquitous workings of the trusts and with the campaign slogan "Tariff reform and death to the trust" will march the victory in the coming congressional election.

THE AGUINALDO LECTURE TOUR.

To make the show complete it should be arranged like this. —Minneapolis Journal.

The College Course Must Be Shortened

By President HARPER of the University of Chicago

MANY men who are preparing for a profession are distinctly injured by the last year or two in college. There are some men for whom the college atmosphere, as distinguished from that of the professional school, is not a wholesome one. Men who in college idle away their time in many cases find the more strenuous life of professional training exactly suited to their needs.

THE FEELING GROWS STRONGER IN EVERY QUARTER THAT THE COLLEGE COURSE, AT LEAST FOR THOSE WHO ARE TO ENGAGE IN A PROFESSION, MUST BE SHORTENED.

It does not seem that the Harvard plan of three years meets with general favor, even in Cambridge, although, according to the official report, 40 per cent of the men now graduating from Harvard college finish their academic work within three years. It would seem to be a better plan to allow those who do not contemplate a professional course of study to take the full four years of work in college and to arrange for the other class to count their early professional work as a part of the work accepted for the bachelor's degree. A great forward step in the direction of this policy has been taken in the recent action of Yale. This policy has been adopted as the basis for the organization of the schools of medicine and law in the University of Chicago. It is the most practical solution of the problem which confronts us and bids fair to be the commonly accepted solution within a short time.

C. E. LINCOLN,
Manager Kinston Office.

East Carolina Land and Improvement Co.

Our operations have been hampered recently by unusual conditions, but we are now ready for business and ask the aid and cooperation of the property owners of this section.

In a few days we shall begin advertising the lots of Mr. J. W. Grainger, all of which have been placed in our hands. We have been delayed in this in order to get a diagram made of the lots.

We shall name the lowest cash prices on these lots, and the prices will be slightly advanced gradually as the first-comers improve their property and render surrounding lots more valuable.

Therefore, anybody wanting a good building lot—in a good part of town—will do well to come to us quick and make a purchase at once.

The prices we shall name will be cash prices; if terms are made, of course some little advance will be made for carrying deferred payments, but this will be upon a liberal and reasonable basis.

In the matter of these lots it will be **FIRST COME, BEST SERVED**, so come along to see us at once and get bargains.

HOUSE FOR RENT.

For a good tenant we have one of the most desirable residences in town, in one of the prettiest sections of Kinston, in one of the best neighborhoods—fine neighbors—the elegant seven room dwelling in East Kinston, next to T. C. Wooten's, formerly occupied by J. Hickson, jr., who recently moved into his own home. This is one of the most desirable rented houses in Kinston. The price is \$15 a month, cash in advance. We prefer to rent it until January 1st, 1903, and would like a tenant to either pay all cash in advance or pay one month cash in advance with notes for each month's rent to January 1st. The latter is not necessary, absolutely, but we will be more likely to rent to a good man willing to make such terms. The house is worth the rental, compared to other rentals in town. If you wish the house you will do well to apply early.

FARM FOR SALE.

We have for sale a 112-acre farm within 100 yards of Grainger Station, five miles from Kinston. The land runs along the railroad for at least a quarter of a mile. It is partly timbered. It has no houses of much value on it, but is well situated, is rich and will profitably grow truck, cotton, corn, tobacco or anything, almost, just like the other good lands of Eastern Carolina. It is splendid value for the price, and will be sold on liberal terms to anyone who will put a nice house and improvements on it. This is a bargain and will doubtless be "snapped up" quick. If you want a small, nice farm in that section you cannot find a better bargain than this.

HOUSES FOR SALE IN KINSTON.

We have just closed a deal (until the papers are ready—for delivery in October)—for one of the nicest homes in Kinston, and now offer the public the following:

IN EAST KINSTON.—A five-room, newly painted house on a lot 70x110 feet on Oswell street; rental value, \$10 a month. Price, \$1,300. Terms to suit.

IN SOUTH KINSTON.—We offer an elegant five room cottage, on a lot 65x120 feet, corner Bright and Millman streets, occupied by owner. This is one of the neatest and best situated cottage homes in Kinston, is nearly new, and is good value for the price, \$2,000. For cash a good trade can be made on this place, compared to other high prices being paid for property in Kinston.

We ask the people who have property for sale or rent, or who wish to buy, to apply to us.

We don't want to take hold of any property the owners of which are not willing to give us a year's option at the lowest price they will sell. We don't propose to help boom anybody or help make land values any higher than they are—they are too high already—and if you are not prepared to name to us your bottom price we don't wish you to try to do business with us until you are in the right frame of mind. We don't wish to try to handle the property of anybody who is holding it for city promoters who does not wish to sell it.

We are handling sales on strictly a 10 per cent commission basis, the seller to make the deal. It is to our interest to get all we can for property placed in our hands.

We handle rents and collection of rents on a basis of 10 per cent, for persons placing less than \$10 a month business with us, 5 per cent, for persons placing more than \$10 a month business with us. On these terms we look after reasonable repairs (to be paid by property owners), but we protect the interests of the tenant, collect the rents and make prompt returns. These terms are reasonable and upon them, by large advertising and handling, we hope to do some business. Respectfully,

East Carolina Land and Improvement Co.
