Undoubtedly the largest and most en thusiastic sales were conducted today that has been since the opening sale, August 1, over 300,000 pounds of to-bacco being sold at prices that were calculated to send the already guickened pulse of the farmers up to fever heat, Farmers were here from all sections that could reach here in a day and a night's travel; and some from even further than that, having their tobacco shipped here on the cars.

The warehousemen, realizing early this morning that there was going to be something great today, began to close in their plies to make room on their spacion floors for the large break that was ex-

pected and which was fully realized. The plies were noticeably larger and the quality of the offering in most of the warehouses was decidedly better than
