 Moving Pictures of Daily Events Street Happenings

The Round Table Club will meet at Mrs. T. C. Wooten's to-morrow (Tuesday) afternoon, at 8 o'clock.
 Knott Bros., sold on their floors in ten consecutive days, 950,000 pounds of tobacco, dating back from last Tuesday. We venture to say this is a record breaker for North Carolina or Virginia.

Have you registered?
 Hon. F. M. Simmons, chairman of the State Democratic Executive committee, was in the city for a short while Saturday night between trains, on his way from Ayden, where he spoke Saturday to a large crowd, to Raleigh his home.

Mr. C. E. Jordan, who had been employed as foreman of the job department of the Kinston Publishing company, left this morning for Charlestown, West Virginia, where he goes to accept a similar position. Calls is an all right printer, and we hate to see him leave.

Mr. J. H. Herbert left last night for Rocky Mount, to be with his sister, Mrs. Geo. L. Parker. Mr. Herbert was threatened with a malarial attack, and had high fever, and went to his sister's for rest and quiet. He expects to return, if well enough in a day or two.

LaGrange won the last game for this season from Fort Run on their ground, on the 4th. Score 7 to 6. It was a very interesting game and hard fought battle. This makes 12 games for LaGrange team, winning 8, lost 3, tied 1. The Parks team have played 14 games, won 10, lost 4.

Mr. E. L. Miller, of Seneca, Kansas, who has been spending several weeks at his old home in Kinston, left for Southport this morning, where he will join his wife and go to Greensboro for a few days, before returning to his home in Kansas. Mr. Miller is editing the Rural Kanian, at Seneca, Kansas, which paper is taking a decided stand for prohibition in this state and as a warm campaign is on there he hurries back to get into the thick of the fight.

Mr. A. A. Slagle announces in an advertisement today in our columns that hereafter he will reserve Mondays, Tuesdays, Thursdays, and Fridays for white people only at his riding gallery back of Mr. McKim's store. The other two days will be given to the colored people. This will make it more satisfactory to both. Mr. Slagle has the reputation of running an orderly and clean amusement, and has had very liberal patronage from the people at this place.

Have you registered?
 Mrs. A. E. Palmer died yesterday afternoon at one o'clock of blood poisoning caused by child birth, and her remains were taken to Wolftrap, Va., her former home last night for interment. She had been a great sufferer for four or five days until death relieved her. Mrs. Palmer, who came here from Virginia to join her husband, who is auctioneer at Knott Bros. warehouse, was 22 years old, and though not having been a resident of this city but a short time, had endeared herself to those who knew her in many ways. The remains were accompanied to Wolftrap by Mr. Palmer and brother.

Rev. J. H. Griffith, jr., left this morning for a six weeks trip to northern cities in the interest of the Episcopal church.
 Lizzie Reynolds, colored, an insane woman) was taken to the asylum at Goldsboro this morning by Deputy Sheriff Sutton.

Don't forget to register.

Yesterday afternoon, a couple of colored people, smitten with an uncontrollable desire to launch themselves onto the sea of matrimonial life, drove up to the Methodist parsonage and were quickly made one by the Rev. N. E. Coltrane, whose reputation as a bliss promoter is rapidly extending. The happy couple whose names were John Whitefield and Rebecca Rouse, went on their way rejoicing, happy in the thought that the never smooth road of true love had come to so happy an ending.
 Don't forget to register! There are only 16 more days after today. To those in Kinston township we would say that precincts 1 and 2 are bounded as follows: Beginning at the west end of Gordon street to A. C. L. depot, south to Orion Knitting mills, east to end of Caswell street. All south of this boundary is the first precinct, and you register at the court house with Mr. J. G. Cox. North of this boundary in Kinston township is precinct No. 2, and you register at Mr. G. B. Webb's undertaking establishment with Mr. J. L. Murphy.

Green County Man Killed.

The News and Observer says: Charles Oadum, who claims to be half Indian and to have fought in the Mexican war, was shot last Monday morning by Mr. Bob Suggs at the latter's home, near Jason, and died last night from the effects of his wounds. He had been farming on Mr. Bob Suggs' land. Some days ago the two men had a dispute over the crop. Last Monday morning the old Mexican soldier started over to the home of Mr. Suggs, who was standing in his yard, and told Oadum not to come in. The old doctor, as he was called, went back home and got his pistol and came back. When he reached the gate he was again ordered not to come in by Mr. Suggs. The doctor pulled his pistol from his pocket and fired three times. Mr. Suggs walked in his house and got his gun. He returned and fired once, the load striking the doctor in the arm. Again the doctor fired his pistol without effect and again Mr. Suggs fired his shot gun, the load taking effect in the doctor's chest. Up to this time the verdict of the coroner's jury has not been learned here, but it will very probably be justifiable homicide.

Watch out Wilson.

Wilson sold 6,126,292 pounds of tobacco during the month of September. Kinston for the same period sold 5,917,226, a difference in Wilson's favor of only 209,066 pounds, which shows that Kinston is surely working her way to first place in the tobacco markets of North Carolina.

Look Out For Fever.

Biliousness and liver disorders at this season may be prevented by cleansing the system with DeWitt's Little Early Risers. These famous little pills do not grip, they move the bowels gently, but copiously, and by reason of the tonic properties, gives tone and strength to the glands J. E. Hood

The FREE PRESS job printing department probably has on hand a larger supply of papers of every description for printing than any printing establishment in Eastern Carolina, not even excepting the city of Wilmington. If this is not the case it will be so within six months. We have been constantly increasing our stock and will keep largely increasing it so as to be able to fill almost any size order (no matter how large) without having our patrons wait until the materials to print their work on is received from the mills. Isn't such a print shop, giving you good, quick and cheap service worthy of your patronage?
