WALTER L. MAIN'S SHOW COMING

Kinston People.

EDITOR FREE PRESS:

The Walter L. Main show which will 28th, has been adding to its laurels in known as the Fries mill merger, will be every city and town in which it has exreputation of this gigantic amusement enterprise is such that places it far in ad-

vance of kindred exhibitions. People must not get this show confused with others that periodically visit the south, and say "when you see one you see all." The Main show is vastly different from all others, in that it produces everything that It advertises. Under no circumstances will Mr. Main allow his agents to misrepresent, nor will he tolerate anything but extreme honesty in dealing with his patrons. Again it is an all feature show and the more than one hundred acts that are produced are new and only the very best that money and experience can procure. His performers are the highest salaried artists in the world today, and each one unequalled in hisgor her own particular line. Students of natural history who have visited the colossal menagerie in conjunction with this show, have pronounced it the finest in existence. Besides the large berds of elephants and camels, there are over one hundred cages of rare wild beasts, many of which have never before been seen in this section. In the menageric among the many other animals are black tigers, iton slayers, Filipino cat-tle, water buffalo, iton and tiger cubs, giant and baby camels, infant monkeys, nursing elephants and baby kangaroos. In one cage is a pair of large Nublau lions living in perfect harmony with a pair of lambs. This is an unpreredented sight. Three rings, two elevated stages and a large hippodrome track are neces-sary to display the many features in the performance and at no time is there an idle minute in either of them. A bunch-of thirty funny comical clowns are in atten-dance and they are kings of fun makers. The best part of all is that the performanything suggestive. Fifty uniformed ushers are in attendance to care for the ladies and children.

Two performances will be given in this town Tuesday next at 2 and 8 p. m. Doors will be open one hour earlier to allow a visit to the menagerie and enjoy the grand promenade concert given by Prof. Carl Nell and his band of forty soloists. Tuesday morning at 10 o'clock the grand street parade will leave the show grounds and pass through the principal streets. This parade is over a mile in length and resplendent with handsome new features. Allegorical floats, tableau wagous, lady and gentleman riders, chariots, herds of elephants and camels, open dens of wild animals, five bands of music, caliops, chimes, bag' pipers, clowns, jubiles singers make it the pipers, clowns, jubiles singers make it the sincet parade ever given in the couthern states. When the parade returns to the exhibition grounds, a free open air exhibition will be given during which "The Girl With the Auburn Hair" will make her persons high dive and an exhibition given with the rapid firing gun. One ticket takes the holder through the entire menageric, hippodrome, carnival and circus. This is America's largest and best show and is entitled to patronand best show and is entitled to patror-age. No gambling of any description

MASON TO JOIN DEMOCRATS.

Elected as a Republican United States Senator From Illinois, He Deserts His Party.

Chicago Special, 18th, to Atlanta Constitution: William E. Mason, elected to the United States senate as a Republican, will come out for the Democratic county ticket at a mass-meeting to be held at the Auditorium a week from next Tuesday in a speech which, it is promised, will be replete with sensational features. Senator Mason's declaration for the Democratic county ticket will be on the principle that the man is the issue in the

county campaign. He will talk of "lib-erty being above party."

The Auditorium meeting is a part of a plan that Mason has conceived. He will attempt to get back into the United State senate by the votes of the Demoeratic members of the Legislature with the aid of a few Republican votes that he hopes he can secure.

That the Democrats have promised to deliver to Mason is evidenced by the fact that the junior Illinois Senator has con-sented to come out for the Democratic county members.

STRIKE OFF BY

A Fine Show Is Promised to The To Meet in Raieigh December to Per- Work Will be Resumed Next Thursday Morning.

Wilkesbarre, Pa., Oct. 21.-With a shout that farily shook the convention building, the representatives of the 147, 000 mine workers who have been on strike since last May, officially declared hibited during the present southern tour.

The name is a household one and the reputation of this gigantic amusement merger, will meet in Raleigh, N. C. Octoand placed all the questions of the struggle into the hands of the arbitration commission, appointed by the president of the United States.

> The vote to resume coal mining was a unanimous one and was reached only after a warm debate.

The principal objection to accepting the arbitration proposition was that no proposition was contained in the scheme to take care of those men who would fall to get back their old positions or would be able to get any work at all. The engineers and pumpmen get better pay than other classes of mine workers. and they did not care to run the risk of losing altogether their old places and be compelled to dig coal for a living. This question came up yesterday and was argued right up to the time the vote was taken. No one had a definite plan to offer to overcome the objection, and the report of the committee on resolutions recommending that the strike be declared off, and that all issues be placed in the hands of the arbitration commission for decision was adopted without the queetion being settled.

The principal speech of the day was made by National Secretary-Treasurer W. B. Wilson, who practically spoke for President Mitchell and the national organization. In a strong argument be counseled the men to accept arbitration, the very plan the strikers themselves had off-red, return to work, and trust that the president's tribunal would do them

The question of taking care of all who will fall to get work immediately, will be a serious one for the union. There is no doubt the executive boards will take ternoon from Durham. care of the engineers, firemen and pumpmen, but there are thousands of others will have to be looked after. In with Perry Davis Painkiller will prevent it from growing into lumbago. Act ac-cordingly and you will be glad you saw this. There is but one Painkiller, Perry

who will have to be looked after. In some places hundreds will not be able to get work for weeks, and in other locali-ties where the mines are in very bad condition, there will be no employment for

OLD NORTH STATE **NEWS AND GOSSIP**

ODD AND INTERESTING HAPPENINGS.

Greensboro, N. C. Oct. 20,-There was great gathering of leading Republicans here Saturday night and yesterday. Chairman Pritchard was in constant consultation with different prominent candidates and members of the State executive committee. What new move in the politicial field is on, can only be approximated. At Republican this morning was heard to & declare that it had been admitted by the boss of his party, that the pretended bounding of the colored voters, the complete ignoring of the advice of conscientious white Republicane, who were not federal officeholders, was a great blunder. He said that the endorsing of Democrats for office and the exclusion of old time Republicans from even a participation in the party councils, had caused more of them to be disgusted than it had won new voters. He also said that some Democrats who had displaced Republicans as candidates, had been found, could not attract a single Democrat voter, an illustration being given of a son in one county, whose father and three brothers were actively canvassing against him.

Dave Davie, about middle age, a native of Pennsylvania, and one of the assistants about Forepaugh and Sells Brothers' shows, was run over by one of the mounted cages which was being driven from the tent to the train Monday night about 10:30 o'clock, and he received injuries from which it is believed he will not recover. Soon after the accident he was taken in the police patrol to the hospital, where he is receiving careful attention. His right lung is ruptured, one or more ribs are broken and his left side badly bruised by the wheel under its tons of weight. Had the ground been hard upon which the man was run over, the life would have been crushed out of him almost instantly.—Wilmington Star.

Asheville, N. C. Oct. 20 .- George Vanderbilt, by his liberality in spending \$6,-000 in the improvement of the mountain roads of the Pink Beds section, has secured to the people of that region a free rural delivery route. The government agent sent over the territory at the instance of Congressman Moody, had re-ported that it would require \$5,000 or \$6,000 to put the roads in such a condition that a route would be leastble. As soon as the matter was brought to Mr. Van-derbilt's attention, he decided to make the expenditure of \$6,000.

MERE MEN.

Trivasar Nachez, the famous violinist, is said to be the kind of man who would make a success at anything he attempted.

Sarasate has had between forty and fifty watches given to him by different persons, many of them being in the shape of a violin.

Professor Flinders Petric, the emi-nent English Egyptologist and explorer, is known by his London intimates as "the king of spades" on account of his mania for delving after archieological specimens.

Lord Alverstone, the lord chief Justice of England, is president of a madrigal society and often goes straight from the law courts to its monthly meetings, where he sings his part with the greatest enjoyment.

Joseph Hodges Choate has never held a public office save that of embassador to the court of St. James unless exception be made of the time he served as president of the New York constitutional convention in 1894.

Elmer E. Hubbard, a graduate of the University of Michigan and of Moody's Bible school, has four orphanages in Cuba which he is carrying on in the same way in which George Muller car-ried on his great work in England.

Mr. Dadabhal Naoroji, who in 1892 as member for central Finsbury was the first Indian to enter the house of commons, is seventy-seven. He was also the first native professor of math-ematics and natural philosophy in an Indian college.
