Miss Katie Waller, of near Cadez, sends us an ear of corn of very peculiar formation. It is really a large ear of corn, and which have grown four smaller ears. The corn on the smaller ears and that of the larger one is of a different variety.

Please add to phone list: 212, Dr. H. Tull, office; 128, J. F. Hostetter, residence; 169, E. C. Rountree, office; 213, H. E. Shaw, residence; 222, Land & Cowper, office; 221, L. Harvey, residence; 222, Harvey-Chadwick Co., office; 231, H. E. Moseley, residence.

Local politics is sprouting out a little and will no doubt prove very interesting by the time of the election in May. Three candidates for mayor have been heard of, and other issues will be up for discussion which will tend to make it lively during the municipal campaign.

Mr. R. G. Russell, of Durham county, who is fertilizer inspector for North Carolina, is at Mr. L. P. Tapp's suffering from a bilious attack. Mr. Russell is in the section on an inspecting tour of the fertilizer factories and was taken ill at his friend's, Mr. Tapp's. He is recovering today we are informed, and will be all right soon.

Mr. Bennie Marks, a merchant of this city, returned last night from a business trip to Baltimore. Mr. Marks left several weeks ago ostensibly to buy goods and visit his father and mother, but while there he fell a victim to the charms of Miss Rosa Greenberg, and the result was that they were married last Sunday in Baltimore. They had never met until Mr. Marks went to Baltimore on this trip.

Messrs. S. H. Abbott, F. C. Dunn and D. Ostinger left last night for Petersburg, Va., to look over the mill property recently purchased by a company of Kinston capitalists of which they are stockholders. A formal transfer of the property was made by Mr. J. F. Taylor to the Chesterfield Manufacturing company yesterday, he having had the original transfer of the Swift Creek property made to him, prior to the incorporation of the Chesterfield Manufacturing Co.

The equipment for the new postoffice is being placed in and mail will be issued from there Monday if not before. The new equipment comprises a patent combination lock box that will prove very popular with the patrons of the office as it dispenses with the necessity of a key. There are 400 of these new boxes and a number of drawers also. The arrangement of the interior of the new office is very convenient and shows off to advantage. The devices for the general delivery window to keep the crowd away is a very important and convenient arrangement, only allowing one or two persons at the window at the same time.

The Good Timers.
 The fourth of March is the date for the annual celebration for a number of citizens of Kinston and the vicinity. The president of the United States is inaugurated once every four years, but the members of the Good Times brotherhood inaugurate their president annually. The convales met on Capitol Hill, Mr. E. R. Rouse's plantation. At 11 o'clock the president announced that he was pleased to see more than a quorum of the club present, and extended a cordial welcome to the invited guests. After the usual routine business the club went into an executive session of three hours duration. While the club was in executive session several were preparing ten large pots of stewed shad, and as the fumes of the cooking fish, onions and potatoes were wafted into the nostrils of those present it was with difficulty the president preserved order. The banquet was announced, and such stewed fish would have been a feast for the gods.

After the half an hundred present had eaten to a stand still the club again went into executive session and thanks were unanimously voted with loud acclaim to the originators and promoters of the annual inaugurating exercises.

Good Advice.
 The most miserable beings in the world are those suffering from Dyspepsia and Liver complaint. More than seventy-five per cent. of the people in the United States are afflicted with these two diseases and their effects: such as Sour Stomach, Sick Headache, Habitual Constiveness, Palpitation of the Heart, Heart-burn, Water-brash, Grawing and Burning Pains at the Pit of the Stomach, Yellow Skin, Coated Tongue and Disagreeable Taste in the Mouth, Coming up of Food after Eating, Low Spirits, etc. Go to your Druggist and get a bottle of August Flower for 25 or 75 cents. Two doses will relieve you. Try it.

Message to The Senate.

Washington, D. C., March 5. President Roosevelt today sent the following message to the senate:

"To the senate:

"I have convened the senate in extraordinary session to consider the treaties concerning which it proved impossible to take action during the session of congress just ended. I ask your special attention to the treaty with the Republic of Colombia, securing to the United States the right to build an Isthmian canal, and to the treaty with the Republic of Cuba for securing a measure of commercial reciprocity between the two countries.

"The great and far-reaching importance of these two treaties to the welfare of the United States and the urgent need for their adoption requires me to impose upon you the inconvenience of meeting at this time.
